1. **Meeting called to order at 5:14 pm by MV**

2. **Review/Approve Previous Minutes**
   - Reviewing 1-8-20 draft minutes. Page 3, Paragraph 5c, change words “confirmed the” to “is consulted about.”

   EA moved to approve as amended, DW seconded and minutes approved by unanimous vote.

3. **Treasurer’s Report:**
   a) **January 2020 General Account Report**
      - DW reviewed the January 2020 General Account report. He noted that the library is on track for spending $44k for the month as budgeted. Checking account still has adequate funds for planned expenditures.

      EA moved to accept the January 2020 General Account Report as presented; BP seconded and report approved by unanimous vote.

   b) **January 2020 RSA & Special Expenditures Report**
      - DW reviewed RSA and Special Expenditures Reports. Nothing unusual in the RSA and Special Expenditures report. Big month for passport processing.

      EA moved to approve the January 2020 Special Expenditures Account report and the RSA Account report as presented; BP seconded and motion passed by unanimous vote.

4. **Director Report**
   a) **January 2020 Stats Summary**
      - Martin added Kanopy stats to the monthly tracking sheet. His only option for Kanopy stats is to either use the number of plays or minutes viewed. Martin will continue working to modify these and will continue fleshing out how to track the electronic resources.

      Circulation stats are split because the items circulated number is only the physical collection and does not include the electronic circulations.

   b) **Logo Modification and Update**
      - The library needs a simplified version of the new logo to reduce certain costs for bulk printing and to have a two-tone, black and white version for uses such as ink stamping. Martin worked with Eva to create a new single or reduced color versions to reduce the
setup costs for print productions. The new logo versions will be incorporated into the brand guide.

The library won’t use the new logo for the summer reading program and will stay with the summer reading program material as in past years rather than designing our own material and t-shirts as was a possibility.

The library has investigated using the new logo on bags to help advertise the new library branding. There is a slightly cheaper bag made out of polypropylene that will likely be used as giveaways for marketing purposes. There is a slightly more expensive canvas bag that will likely be made available for purchase. Martin prefers the cheaper bags to flood the market with the new logo and will likely have samples of the bags for the next trustee meeting.

c) Quarterly Reimbursements
The quarterly reimbursements from the RSA account to the general account were delayed due to the timing of Martin’s arrival. Because of that, the current transfer is for two quarters.

We are also zeroing out the $1440 that was in contract services because that was last year’s expenses for Eva the logo designer.

We also have $1550 in donations from the Giving Tree. $450 was designated as “Director’s Choice” and Martin has chosen to use the money to upgrade the website platform. An example of this next step up in web platform is the Guilford Public Library website.

d) Updates
Outside Spaces: Martin met with landscapers who did the 2004 exterior design phases. They will give us an estimate of how much it will cost to produce the design renderings and plans. Martin told them that the goals for the outside spaces project is 1) beautification of the front of the library, meaning the South Street side of the library and 2) creating usable space. Martin had contacted multiple landscape design companies but this is the only one who had returned Martin’s call. Martin did note that he had found a photo showing that the big Linden trees out front were planted in 1973.

Children’s Shelving: Martin has the 6’ long pieces of wood on casters with the end pieces designed to put the children’s shelves on wheels. Martin will set it up and test it to see whether it will work for the mobile shelving.

e) NHSL Annual Report
Martin working on the library stats to the New Hampshire State Library Annual Report. Martin used the Libpass database to enter the BFL stats. This does not require trustee involvement. These stats are used for grants and are the one official source of data for activity at BFL. The stats are due by 3/15.
f) **Grants for Generator**
   Martin is reaching out to a contact who can help write a grant for the library emergency generator.

5. **Old Business**
   a) **BOS/SAU/CIPC Updates**
      3/24 Public Meeting will review feasibility of extending the public water to Bow Mills. The community building refurbishments will begin.

   b) **Foundation Update**
      Martin attended the last Foundation meeting and described how money might best be used to improve the library and library services. A plaque is going up by the entry of the library next to the donation tree listing contributors. It is also on display on the Foundation website.
