1. **Call to Order**: Ann Hoey called the meeting to order at 5:04 pm. Also present were David Withers, Mark Leven, Tom Ives, and Paris Awalt.

2. **Meeting with Cobb Hill and H.L Turner to discuss proposed Lower Level Renovation plan**
   In attendance from HL Turner were Bill Hickey and Doug Proctor, from Cobb Hill were Ross Mortimer and Jerry Kingwill.
   Permits are in process under HL Turner, who will discuss with Bruce Buttrick, town building inspector and David Stack. Permit fees are not typically waived for town facilities. This is not uncommon for other towns. We could pursue a waiver from the Board of Selectmen, although this may be a rarity in Bow. The permit fees will likely be in the range of $2000, as a percentage of the overall cost. Bruce is expecting the permit request. Carrying the permit fee is not part of the proposal from Cobb Hill. A separate vendor will issue the certificate of insurance. The floor tile is still pending. The basement needs two means of egress. The alternate means of egress would be on the south. The current stair to the lower level will be widened and not be an egress stair due to need to enclose to ceiling. The original stair in the boiler room would need to be substantially reworked. Assembly occupancy would determine the distance between egresses. Discussion of estimated cost of modifying existing stairs and potential stairs and means of egress. Discussion of tile and money savings through choice of material. Discussion of owner supplied costs. Discussion of whether the library should get a builder’s risk policy—ranging from $300-$500. Mark motioned to have Lori seek an insurance quotation from our insurance, Ann seconded, all were in favor, the motion passed. Discussion of having town council review the construction contract as due diligence. 5. Director’s Report
a. December 2014 stats: Overall libraries are down in circulated items, note that e-readers are increasing in use. Use of Juvenile cd audio books have fallen drastically in recent years. Juvenile attendance has increased due to greater outreach to the high school, more program outreach, e.g. summer reading. People are still enjoying the chrome books, though some do not like them due to more challenges in using Word. Overall the library is saving money due to their addition.

b. Final accounting of sun catcher sales: There was no use of town monies to purchase the sun catchers. Only 27 sun catchers are left. The money will be transferred to the Foundation to help support the lower level.

c. Bob Morgan donation update (collaboration with the schools:) Rebecca Rule will come to each of three schools and provide separate programs for each school. She will likely come toward the end of May, e.g. May 28, 29 and the first week in June. Each school will have its own day. BMS will be coordinating with the LA teachers with a writing component. The event/s will be underwritten by monies donated in memory of Bob Morgan. Circa $2150 was donated. The primary focus will be on storytelling. There will be no evening event at the public library.
