4. **Director’s Report**
   a. **February 2015 stats**  
Overall the library statistics are down. The loss of space in the lower level is likely impacting these numbers. Program attendance is also down, likely due to the record cold during February. Also, there is a downturn in the use of cd/audio books, likely due to the fact that more parents and children are downloading items from home on-line.
b. **Department head meeting—2/11/2015**
   The select board is going forward with the sign and renumbering project.

5. **Old Business**
   a. **Library Promotional Materials**
      Dave has spoken with Steve DiStefano, about the possibility of including the library in his promotional materials developed for new residents.
   b. **Phase 1 renovation update**
      Lori distributed a construction schedule for the Phase 1 renovation. General discussion of the framing proposals—the decision was made to go with Pelcon, which was significantly more cost effective. Discussion of the electrical quotes, Cobb Hill recommends GSD and a design build agreement. The library will need additional light switches and outlets. Third, a color palette was discussed. We also have a choice between rubber or vinyl tread for the stairs. Rubber wears longer and so was selected. Discussion of the flooring style.
   c. **Parking update—Tom**
      We are moving toward an agreement, which will include a sidewalk path between the church and NHADA. The library is responsible for constructing the path and the other parties will determine where it will go. The church will shovel the pathway. There will be a formal agreement in place within the next two weeks.
