Request for Nominations

Ayers-Cotton Environmental Service Award. In 2022, The Kim Ayers Award was renamed the Ayers-Cotton Environmental Services Award in honor of two prestigious individuals who served as beacons of their communities. Originally created in 1988 in memory of B. Kimball Ayers, Jr. of Moultonborough who significantly contributed to the Lakes Region environment for so many years, this honor has also been bestowed on retired Commissioner and long-term Executive Board member John E. Cotton of Andover as a living icon of common sense environmental protection in the Lakes Region. Individuals considered for this award will have faithfully and persistently worked to maintain and improve the environmental quality of the Lakes Region in New Hampshire as both Kim Ayers and John Cotton have done in the past.

Award of Excellence. For organizations which have completed exciting and innovative projects in your community over the last year. Is your community doing something different—and better—today because of a new or innovative initiative? Our only restriction is that the project must serve a public good and it must be completed. Additionally, nominees for this award may also be an organization whose established presence in the Lakes Region has delivered measurable benefit to the educational, economic, or environmental well-being of the region.

Community Service Award. For individuals who have made exceptional and sustained contributions to their community and/or the economy of the Lakes Region.

Please send your nominations to the LRPC Awards Committee via email to execadmin@lakesrpc.nh.gov or via mail to 103 Main Street, Suite 3, Meredith NH 03253. If any submitter would like to see the achievements of past recipients, please reach out to us and we will happily provide you with some examples.

The deadline for nominations is Wednesday, May 1, 2024.

For more information or for assistance, please call us at (603) 279-5334. Thank you for helping us recognize and celebrate the individuals and organizations who help protect and enhance the Lakes Region.

Sincerely,

Jeff Hayes
Executive Director
