### Adult Program Guidelines

*The Wadleigh Memorial Library is an educational, cultural, technological and social center supporting lifelong learning and improving quality of life by connecting the community to resources and services.*

Library programs are free and open to the public and are intended to promote and extend the collections, services, and mission of the Wadleigh Memorial Library. Library programs that are developed and presented for adults include educational and entertainment activities such as musical performances, author presentations, skill-building workshops, discussion groups, film screenings, travel presentations, and historical talks.

Program proposals from the public which complement the Library's collections, services and goals are chosen by staff according to the needs and interests of the community, the suitability of the Library's physical space, and the program's contribution to the Library's overall schedule of events. The programs must comply with the Library's meeting room policy which mandates that the program be open to the public free of charge and prohibits commercial advertising or direct solicitation. Individuals and organizations interested in partnering with the Library are invited to submit a proposal following the requirements listed on the next page.

Proposal submissions are accepted on a continuous basis and must include all of the required information. Please note that the program schedule is planned between four and six months in advance.

Mail your completed program proposal to:
