Minutes:
The minutes for the March 28, 2006 meetings were approved on a motion by Mary and seconded by Bert.
The minutes for the April 18, 2006 were approved on a motion by Bert and seconded by Tim.

Treasurer’s Report:
Bert presented the report. The report was reviewed and accepted.

Appointment: Officer Nervik, 7:30 PM
Officer Nervik spoke about programs to teach public about internet safety. He would like to hear our needs and then tailor a program to fit our needs. His programs are geared towards adults to teach them what is out there and how agile the kids are at using the internet. He can provide ideas and information to the adults to know and better understand the potential dangers of computer use to the kids. He sees the need to balance kids’ freedom to access to information and responsibility of adults to afford some protection to the kids to what they are exposed to, both at the library and at home. He can train parents how to monitor what the kids are doing on the computer. A program could be offered that will show the resources that the police department can offer to the community.

Director’s Report:

Old business

Roof bids: Heard from D&D bids. Sandra called them in response to their complaints about not winning the bid. Therien was able to lower his bid. Melanson has revamped their quote from $50,933 to $45,420. Therrien has revamped his quote from $52,382 to $45,000. Prime is currently at $44,553. Bert is uncomfortable with the fact that Therrien was able to drop $15,000 from their original bid. Sandra took a vote for roofers. All trustees except Bert are in support to hire Therrien.

Pictometry Project
All trustees were in favor of spending $507 to help the town purchase the higher resolution photos.

CIP update
The update was delivered to the CIP committee.

New Business

Facilities Committee
Michelle did a good job presenting the library to the committee when they came to visit. They encouraged the library to do more to promote the library to the community. They are boosters for us. Sandra asked Michelle to come up the outline for a marketing plan and include the new website ideas in it. Facilities committee knows that the library is good for the community, but need to let more people know about it. Mary suggested utilize the high school marketing and graphic design programs; or perhaps Hesser College.

Job description for Ass’t Librarian.
Advertisement for the job is approved by the trustees. Michelle can start to publicize the job. The Assistant Librarian job description was approved as well.
Adjournment:

Sandra will bring pizza for the next meeting.
