Facilities

- Backflow prevention check valve in irrigation system failed Water Dept. test. Had to be replaced.
- Dept of Labor facility inspections scheduled in March.
- Public restrooms.

Systems:

- Town IT Director Bruce Dickerson received a good quote from GovConnection for a Lenovo RD630 server. It is $3,851.80 for a Lenovo RD630 server. It is a good deal and has plenty of expansion capability for the future.
- He continues to work on a wireless solution. He’s purchased 4 SonicWall, SonicPoint access points for use at Town Hall. They are centrally controlled by the SonicWall firewall and integrate easily into my environment. As of 2/14/2013, he had two of them set up and functioning together and is hopeful they will have the reporting analytics the Library needs.
- He’s working on the network design for upgrading the Library network to Gigabit Ethernet. This includes the connection from the Library to Town Hall through the fiber connection.
- Status quo:
  - We need to purchase replacement public laptops.
  - 6 staff PCs still running WinXP which need to be upgraded to Win7 OS by April – we don’t need new machines, just new OS (2 in Tech Svcs; 2 in Circ; ILL office; Children’s office).
