Present: Chris Constantino, Deb Faucher, Sarah Sandhage, Jen Hansen, Kim Paul, Michelle Sampson, Mike Tule, Wayne Hardy

The meeting was called to order at 7:05 p.m. by Kim.

We had a conference call with Ron Lamarre (architect) regarding strategies for our upcoming library renovation/addition warrant article. We decided to purchase some yard signs so that supporters can display them before the vote. Jen will work on this. We will ask businesses around town to put the article number and a positive message on their signs. Our new brochures will be on display at Deliberative Session. The presentation at Deliberative Session will be roughly 15 minutes in length. It will show the pictures that Joel has taken of trouble areas in the library and we also will show the new PSA. We need to stress the total cost to the taxpayer and highlight the Trustee contribution. We also need to stress what we will be getting with the new building (more space, etc.)

We discussed getting as many people as possible to show up at Deliberative Session to support us. Michelle will have the staff make bookmarks with the date and time as reminders to be handed out at the Circ. Desk. Signs will also be posted all over the library.

Chris volunteered to make sure that the new PSA is definitely running.

December minutes: Chris made a motion to accept the minutes from our December meeting. Sarah made second motion and all voted in favor.

Deb presented her Treasurer’s Report. Jen made a motion to accept the gifts for the month of December. Chris made second motion and all voted in favor.

Michelle presented her Director’s Report (see below):

Other

- Update on 501c3 status re Friends: They finally have status approved (this had been dragging on since their initial application in December 2012)!!
- NHLTA in re NH State Library: The NHSL has an antiquated ILS that is no longer supported (they were searching for a replacement 7 years ago when GMILCS began their own search and eventually moved to Polaris). NHU-PAC is a Union Catalog, or a catalog of every item in every library in the state. The module which allows individual libraries to delete item records when they've removed items from their collections broke a few months ago. The workarounds for individual libraries are extremely inefficient, time-consuming and frustrating. What used to take our technical services staff one hour to do, now often takes
triple that. The end result: the Union Catalog is quickly becoming an obsolete catalog of items libraries no longer own. When libraries request items from us to be sent, we may or may not have that item (and staff time is spent searching for it). A new system is needed and NHLTA will be lobbying legislators. For more detailed info, see our Head of Technical Services, Diana LeBlanc.
