Penstock update : Jack will share at September meeting.

Collaboration with Historical Society – Vicki spoke to Bill, President of the Historical Society, (their booth right next to ours). We wanted to once again get our groups together to discuss future projects together. Bill and Vicki will coordinate a possible meeting date after discussing with members. First topic in mind is organizing archives and historical items.

Old Home Day – Suggestions for next year:

Place table under tree near benches or closer to kids game area by bank. In back of library too wet and out of reach for people.

Need to order more supplies for Duck Pond and Sand Pit.

Continue with hats, and sun catchers, to be available for sale. Historical coloring books and pictures of Belmont to be on display and free to townspeople.

A suggestion about researching and listing ALL of the farmland in Belmont's past and present was brought to our attention.

Making John Bickford a Heritage alternate member was brought up by Vicki.
