FOREWORD

We, the Class of 1958, in order to preserve the ideals of freedom, fought for so diligently by the many veterans and heroic dead during past wars and conflicts, use freedom as the theme of this yearbook.

Although we of the United States do not fully appreciate our liberties and freedoms, we still are aware that the United States is a wonderful country and we indeed are fortunate to be living here.

People in many countries of the world are hoping and praying with all their hearts that they may live as we do today.

While we in this country are striving to further the advances of science and industry, many freedom-seeking peoples throughout the world are attempting to overthrow their autocratic form of government and are beginning to feel the lamp of freedom burning once more in their hearts.

FREEDOM OF CHOICE

DWIGHT D. EISENHOWER

THE WHITE HOUSE
WASHINGTON

THE PREPARATION OF THE YOUTH OF AMERICA

First -- To be alert and informed citizens, in an age when ignorance or misinformation could bring political catastrophe -- an age when the guarding of our nearest communities may ultimately depend upon our knowledge of the most distant lands and peoples.

Second -- To be tolerant and sensitive citizens -- so that our society may not suffer the moral sickness that is bigotry -- and may clearly perceive the values and the virtues cherished in other societies.

Third -- To be skilled and accomplished citizens -- able to grasp the great levers, turn the giant wheels, of this new atomic age, as nature finally surrenders to men so many of its colossal secrets.

Fourth -- To be wise and reflective citizens, thankful for the new leisure, promising a new freedom from much toil -- not merely to relax in pleasure but to cultivate the mind and to nourish the spirit. To be wholly educated, in the sense that man is a spiritual and intellectual and physical being. America needs citizens strong in their ideals and spiritual convictions, healthy in their bodies, and tirelessly inquiring in mind.

And finally -- to be bold and courageous citizens, knowing that strength and sacrifice are the indispensable saving weapons of freedom -- and knowing that the frontier in America, that rules so much of our history, has become, in this age, the frontier that is America -- leader of free nations, hope of free men.

DWIGHT D. EISENHOWER

THE WHITE HOUSE
WASHINGTON
November 14, 1957

Dear Barbara and Richard:

The President was glad to learn that the Year-book Committee of the Passaic Valley High School had chosen "Freedom" as the theme for their 1958 Valley Green. This is a basic principle of our American heritage and it is important that it be understood at an early time by each generation.

A firm belief in Freedom -- and the corollary belief in the responsibility of each citizen -- stands out clearly in the President's objectives for the youth of America. I enclose a copy of these, with his best wishes to your fellow students.

Sincerely,

Frederic Fox

DEDICATION

Miss Annabelle Welliver

Thank you Miss Annabelle Welliver for your excellent guidance and patient understanding in helping to make our four years at Passaic Valley most memorable ones. We will always remember your advice and counsel in class activities and your dedication to making our many social affairs live in our memory. In particular we wish to thank you for giving us an everlasting example of how democratic procedures really work.

SENIOR CLASS HISTORY

In 1954, as freshmen we began to learn the true meaning of democracy and our duties as citizens of the United States. Freshman Day was one of bewilderment and excitement, for it was then that we were introduced to the customs and routines at Valley.

One of the most important events of our first year was the election of our officers, the backbone of our class. Our class advisor, Miss Annabelle Welliver, aided us through this significant campaign. Democratically we elected James Capalbo, President; Carol Van Splinter, Vice President; Pat Ward, Secretary; and Grace De Diminicanio, Treasurer.

The freedom of recreation was soon realized as the 15th annual Girls' Show got under way. The themes chosen by members of the Green and White teams were Africa versus the Orient. The Greens were victorious, but both teams demonstrated superb sportsmanship.

With a better understanding of freedom we entered a wider scope of thinking as sophomores.

The first important event was the election of class officers. We showed our appreciation for capable leadership by electing James Capalbo as President to a second term in office. Carolyn Carter was elected Vice President. Pat Ward again accepted the responsibility of being Secretary. Grace De Diminicanio managed the books for a second term as Treasurer.

Our sophomore dance, the traditional "May Coronation" was held in the attractively decorated gymnasium. The highlight of the evening was the crowning of James Del Sardo and Jacqueline McGrogan as King and Queen of the sophomore class. It was a gala affair for all present.

One of the highlights of the year was Valley Varieties, the evening being highlighted by the coronation of the King and Queen. Since the second of the "Four Freedoms" was completed, we moved unto the third.

The first event on the agenda was the election of class officers. Our class officers for our third year were: Richard Rombough, President; Grace De Diminicanio, Vice President; Barbara Carpenter, Secretary; and Judy McCabe, Treasurer.

Our Junior Dance, the annual "Christmas Cotillion" was held, decorated with the Christmas tree as the centerpiece, with the rest of the gymnasium decorated in the Christmas spirit.

The freedom to vote was soon realized when we elected Bob Corrado, David Jeffreys, Judy McCabe, and Pat Ward as President, Vice President, Secretary, and Treasurer of our Student Government Association.

As our Junior year drew to a close we were delighted to know that our basketball team achieved a three way tie for first place in the Lakeland Conference.

At last we became wise and knowing seniors. Those elected to help guide us through this our final year were: Joe Procopio, President; Robert Sokalski, Vice President; Gail Speckmann, Secretary; and Gail Perugini, Treasurer.

One of the many triumphs that followed us through the senior year was the winning of the football championship in the Lakeland Conference. A highlight of our final year was the successful Senior Play, "Mother Was a Freshman" starring Patricia Ward, Gail Francis and John Flood, and under the capable direction of Miss Adra Tiessen.

Our Prom was held on June 7th, and will long be remembered as a thrilling prelude to graduation.

Finally it was time for an important milestone in our lives, graduation. Our four years at Valley had been happy ones and had passed quickly. After we said farewell, we left our alma mater, proud that we would be able to live in a country which upheld the "Four Freedoms."

JUNIORS

FREEDOM OF RESEARCH

Dr. James R. Killian, Jr.
Special Assistant to the President
for Science and Technology

The Russian educational system serves the state, ours the individual. Our objectives and our trends, which recognize the inherent dignity of the individual as well as his freedom to choose the means he desires to contribute the benefits of his talents and labor to the betterment of our society, are more likely to serve our nation well and to give us scientific and technological strength.

Our goal should be to meet our own indigenous needs superbly well. The gathering obligations and challenges of our time place a mounting premium on excellence, on high performance, on better taste in all of our work and living in the United States. If we are to maintain leadership in this century of science, we must be sure that we devote an adequate amount of our energy and resources to the cultivation of talent and quality and intellectual accomplishment. More than any other kind of society, democracy requires talent and leadership.

Science is our new frontier and it has all the challenge and excitement of the frontier. It is important that the young people of the nation choose to participate in the conquest of this frontier and share in its excitement and adventure.

In the face of the practical responsibilities which rest in science and engineering for our security and material welfare, it is all too easy for young people to conclude that science is inimical to the spiritual ends of life and for them to fail to understand that in reality science is one of man's most powerful and noble means of seeking truth and for augmenting man's dignity through the enlightenment of his understanding.

In summary, if the youth of our nation fulfill our potential for skill, talent, education and quality; if we can but give full recognition in our national life to the importance of emphasizing quality and of achieving intellectual pre-eminence, then both for our internal benefit and our external position, there would appear to be no real impediment to our steady technological advance as a nation.

With our American pattern of education, with our laboratories and factories and advancing skills, and with the freedom of our industrial society, we, as a nation, may well show the way to a nobler level of living for all men, enhanced by the freedom and dignity of man the individual.

JUNIOR CLASS HISTORY

"There's Room For A Lot More."

Freedom of research is a wonderful experience. How well we learned this as juniors!

Our freshman class officers lead us through a very successful year. Those elected by the Class of 1960 were: Ronald Sultan, Mary Ann Weir, Marie Halachick, Beverly Luciano and David Jeffreys.

Who can forget the excitement of Girls' Show? As freshmen we saw the Whites from the Artic conquer the Greens from the Tropic. It was a memorable show with a close victory.

September, 1956 found us sophomores. The true spirit of democracy prevailed as we chose Ronald Sultan, David Jeffreys, Marie Halachik, Deborah Hunkele and Jean Schonhoffer to serve as our class officers. A warm spring day saw us on the class field trip to West Point.

Freedom of research became a living experience for us as we began our junior year. How many times did we see juniors working diligently in laboratory science classes?

Once again the hustle of class elections was upon us. We selected Ronald Sultan, Duane Kennedy, Diane Voos, Barbara Stevenson and Janet Walker as our officers. Before we knew it, it was time for the Christmas Cotillion. The beautiful decorations coupled with the holiday spirit made December 15 a night to remember.

The warm days of June made us aware that we would soon be seniors. In our hands would be placed the freedom of choice.

Dear Barbara and Richard:

Thank you for the friendly words in your recent letter.

Sport occupies an important place in our modern life and this is a most wholesome sign of the times. Our forefathers founded here in the United States of America, a government of the people, by the people, and for the people, where all might have equal opportunities and equal rights. Originally established on a basis of political and legal equality, with the passage of time and under charged conditions, in many fields we have strayed far from the aims of the founders of the Republic. But on the field of sport now as when games were first invented and, by the very nature of things, as long as games are played cleanly and honestly, the athlete who can run the fastest or who can jump the highest will win the prize regardless of social standing, political creed, wealth, or religion. No one can buy an Olympic medal. There is a high level of democracy found on the playing field that is attained in few other lines of endeavor.

A photograph is enclosed as requested.

With appreciation for your interest and with best wishes, I am

Sincerely,

"Dull Class, No Girls."

Nothing could exemplify the freedom of recreation more than the Girls' Show. Fortunately spectators witnessed the Whites of Scotland conquer the Greens from Arabia. The close score of 45-40 and the excellent team spirit and sportsmanship made the 17th Annual Girls' Show a memorable one.

As green freshmen, we democratically elected Joseph Nuzzo, William Thurlow, Belinda Olivito, Adele Schneider, and Karen Requa to lead us through our first year at Valley.

Our Sophomore year dawned and we found ourselves the champion salesmen of the magazine campaign. Soon afterwards our officers Joseph Pascalli, Albert Neuman, Belinda Olivito, Adele Schneider, and Elaine Pasquariello were planning "Sayonara Serenade," our coronation dance. The chosen emperor and empress were: Joseph Pascalli and Sharon Donnelly.

Commissioner of Education

STATEMENT FOR 1958 YEARBOOK
PASSAIC VALLEY HIGH SCHOOL
(THE VALLEY GREEN)

To the Students of the Passaic Valley High School:
You are fortunate to be graduating from a fine high school which stands out in my mind as a place of pleasant memories and close friendships. I can recall the spirit of community pride and devotion to education which prompted the citizens who first created this high school, and the fine spirit of cooperation and devotional duty which characterized both the faculty and the student body during the years when I served as its principal.

The daily papers are now filled with "Sputnik," as well as articles and editorials which are severely critical of the American high school, the American system of education, and the American student. We have noted charges that students are lazy, that they lack industry and application to their tasks, and that they are interested more in pleasure than in careers. In a tyrannical society, I presume such problems do not exist because the State decides, either by threats or simulated bribes, the pattern of life for each student in school. In such a school, we see a reflection of the society in which it is located where freedom of choice for adults is either limited or non-existent. It may well be that the Russian school is preparing students for the kind of society in which they will live.

In America, our schools also reflect the society in which we live. We believe, as Einstein remarked, that the science of government may be more complex and vital than the science of the Atom. We attempt to prepare our students to make their own decisions, as they will do when they live in a free world as adults. We attempt to keep the doors of opportunity open for all students, and not to sort them, like so many sheep or goats at a very early age. It is this same spirit of freedom to choose and freedom to inquire which has brought to our shores many famous persons, including scientists, who could not abide the stifling life behind the Iron Curtain.

This is not to say that all students do not owe an obligation to their free society to study diligently and to become useful and productive citizens. Freedom bears with it responsibilities greater than those borne by any citizen who resides in a tyrannical country. Over the several centuries of our history, our young people have always rallied to meet the challenges of tyranny in any form. I have every confidence that they will continue to do so.

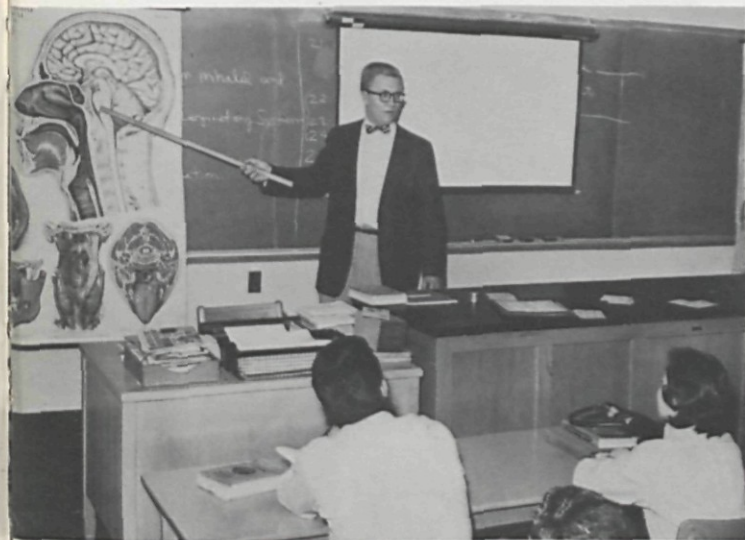

One cannot compel love or loyalty or devotion. These things are given, rather than bought. As you have had opportunities to develop in your own way, and as the community in which you live has given you advantages to pursue your education, so you should feel a sense of gratitude and dedication which becomes free men and women.

FRESHMAN CLASS HISTORY

With a desire for education utmost in our minds, we entered the doors of Valley as bewildered freshmen.

Our first step up the ladder of democracy was the election of our class officers. Those elected were: President, Michael Kramer; Vice-President, Victor Talerico; Secretary, Lorraine Seidel; Treasurer, Joanne Trevisano; and Historian, Joan Schmidt. Under the guidance of Mrs. E. Mayron, we laid the foundation for the Class of 1962.

Plans for the 18th Annual Girls' Show were well under way when we came back from Christmas vacation. The themes of Switzerland and Egypt promised an exciting show. The spirit of good sportsmanship prevailed as the Whites from Egypt took the show by a close score of 44 to 41.

"April Showers" was the theme of our class dance. The pink and white decorations effectively set a delightfully pastel mood.

With a great knowledge of freedom implanted firmly in our minds, we were ready to take our places on the second rung of the ladder of democracy.

MUSIC

Music is a freedom we all enjoy, whether we sing, play, or listen to it. In this day and age, music is all around us; it can not be avoided. Most of us enjoy this music whether it be modern jazz or the classics of Bach or Brahms. At Passaic Valley, a student can express his freedom through music in many ways.

Under the direction of Mr. Sirch, the Passaic Valley choir performed at the Christmas Concert and Spring Concert, as well as singing for various groups in our community. For beginners there has been established the chorus.

If a student enjoys playing an instrument, he may join the Passaic Valley Hornet Band. This band performed at football games in the fall, gave a concert in the winter, and also a concert in the spring.

For students with greater ability, the New Jersey All-State Band and Choir has been established. This year, as in others, members of Passaic Valley High School participated in this program.

Under the fine tutelage of Coach Steve Gerdy, the 1957 Passaic Valley football team ended the season with five wins and three losses. This record contained an undefeated conference record of four wins and no losses, resulting in the first Lakeland Conference Championship for Passaic Valley.

Leading the Hornets this year was four-year man and co-captain Jim Del Sardo. The big fullback was the leading scorer and handled the punting chores also. Halfback Tom Liska and Del Sardo were the bread and butter men of the Valley attack, racking up sizeable gains regularly. Richie De Graw handled the signal-calling and proved to be a fine blocking back in the single-wing attack. Seniors Larry Cannataro and Jim Canfield alternated in the position of tailback. Bruce Ziegler relieved De Graw at quarterback plus playing defensive linebacker.

The end positions were held down successfully by Ray Homer and Bill

Handoga with Joe Pascalli and Ken Wetzel alternating. Co-captain Roger Frye and Ken Parker made their presence known at the tackle spots by ripping big holes in the opposing line. Sophomores Dave Rigg and George D'Amelio handled the defensive chores at tackle. Underclassmen Tony Caravetta and Jack Bellinato ably executed the duties of the guard position. Frank Hebert and James Weir alternated with the starters at guard. The line was anchored by senior Neil Okker at center, backed up by Louis Diani. Okker also played linebacker on defense in fine fashion.

Others who saw action were: Bob Fritchie and Joe Procopio at guard. At tackle, Joe Lambert and Chip McCutcheon. Neil Battagliese at end and Jim Trushell at linebacker. George Riker saw action at fullback.

It is the hope of many that this year will start a long-awaited tradition of football supremacy at Passaic Valley.

COACH STEVE GERDY

B A S K E T B A L L

The 1957-58 basketball season ended with the Passaic Valley team sporting an 11 and 9 record. The Hornets, coached by Mr. Griswold, placed second in the Lakeland Conference with 6 wins and 2 losses. The Hornets were also runners-up to Wayne in the Lakeland Jamboree following the regular season.

The team was led by All-Conference forward Gus Eifler. His fine shooting and rebounding were instrumental in the Valley wins.

Another senior, Eddie Barbieri, also was named to the All-Conference team. Eddie's fine ball-handling and aggressive play as guard sparked the team on many occasions.

Valley had one of their most capable ball players in the person of All-Conference center Don Duin. Don also received mention for many other all-star teams. Don's eligibility expired at the middle of the season thus depriving the team of a fine shooter and an invaluable rebounder. Underclassmen Dave Rigg and Frank Luzzi gave creditable performances for the remainder of the season as Duin's stand-ins.

At the other forward spot was junior Bill St. Pierre (possessor of a fine set and jump shot). Bill's fine play earned him a second team All-Conference selection.

Rounding out the starting five was another junior, Harvey Levine, who received honorable mention for the All-Conference selection. Injury and illness cut down on Harvey's performances this year; but he was ably replaced by senior Ray Shark, a fine defensive man and good ball handler.

Next year should be highly successful for Passaic Valley with a fine group of lettermen returning and fine material being added from this year's Junior Varsity team.

Coach Elmer Griswold centers the 1958 baseball season around a strong pitching staff. The pitchers are: seniors Gus Eifler and Joe Timmons (both righthanders), and Mike Hrinda and Charles Forsythe the two lefthanded juniors.

The catching will be handled by senior Richie Gore. Rich will be backed up by Joe Bores and Vic Basile. At first base, sophomore Vic Basile and junior Frank Luzzi should ably handle the chores there. Continuing with the infield, at second base senior Neil Honan returns and is backed up by sophomore Phil Territili. At third base Valley has one of the better third basemen in this area in the person of Tony Maglio. The shortstop position will be taken care of by sophomore Bob Dykenga or senior Jim Capalbo.

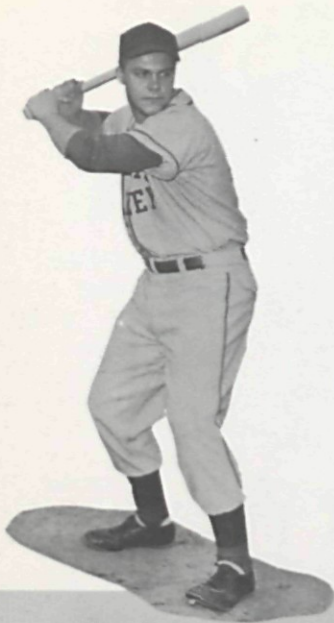

Turning to the outfield we see Jim Canfield, Bill St. Pierre, and Joe Bores in center, left and right respectively. Backing up this trio are junior Wes Hutcheson and senior Bill Klatt.

With a fourteen game schedule, of which eight are conference games, Coach Griswold expects a successful season.

The 1957 cross-country season found the Passaic Valley harriers undefeated in meets. The Joe Farrell coached team captured its second successive Lakeland Conference Championship and again finished seventh in the state meet.

Leading the team this year were the two big guns, Richie Gore and Dave Nemchick; they constantly finished in the high places. Manfred Augenstein and Al Hapke captured high finishes also. The four seniors were the backbone of the team. Another senior, Ed Barbieri, gave many clutch performances during the year. Eddie always managed to turn in a fine race when the chips were down.

Rounding out the top team we find Wes Hutcherson, Rich Garbe, Jim Price, and Bob Berthold comprising the team.

Others on the team who turned in fine performances were: diminutive Mike Ginnotti, seniors Ray Shark, Art Haast, Charles Trushell, John Bergmann, who improved rapidly over the course of the season, Norman Kramer, and Jack Valle.

With a fine group returning next year, the cross-country team has the nucleus of another championship team.

18th annual Girls' Show MARCH 28

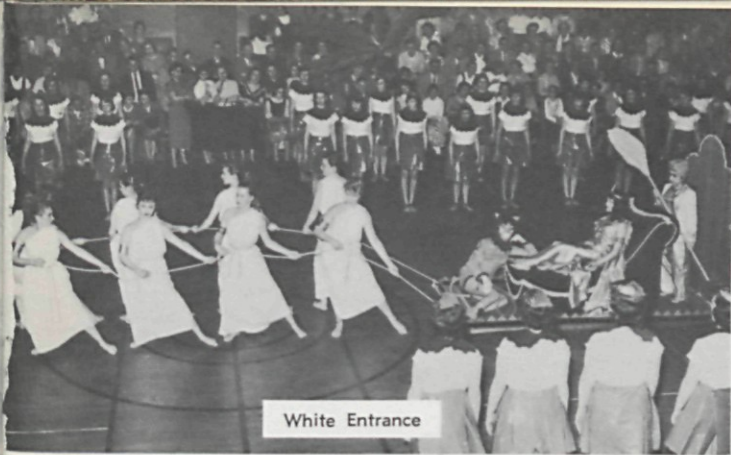

The 18th Annual Girls' Show was held on March 28, 1958.

The Green team, headed by Grace De Diminicaniano, used Switzerland as their theme and the White team, headed by Joni Riese, built their show around the theme of Egypt.

As in the past spirit and sportsmanship displayed by both teams was indeed excellent.

The show was both exciting and close with the White team winning by a score of 44 to 41. The Green team captured Entrance, relays and basketball, while the Whites won cheering, modern dance and tumbling.

VALLEY VARIETIES

Once again, Valley Varieties was a wonderful success. Miraculously, classrooms and corridors were turned into gay booths and shops for one evening.

The buffet supper served in the cafeteria was a grand beginning for what was to come later in the evening.

"A Telethon of Stars" was the theme of the annual auditorium show. Miss Tiessen, Mr. Sirch, Mr. Hoover, and Mr. Heim, together with a large cast put in many long hours to make the show the success it was.

To climax an exciting evening, we witnessed the coronation of King John Flood and Queen Judy McCabe. Members of the court included Barbara Carpenter, Joan Reise, Pat Henderson, Carol Van Splinter, Debby Hunkele, Pat Ward, Larry Cannataro, Jim DelSardo, David Jeffreys, Bob Corrado, Ed Barbieri and Don Duin.
