Our season was actually broken into two parts. The early part of the year was a team that won four of their first five games and then the second half found the Hornets playing three state playoff teams. Overall it was a pretty successful season with the defense leading the way most of the season. The offense had it's biggest day against West Orange.

Jeff Dransfield led the team in scoring with 3 T.D.'s and one 2 point extra point for a total of 20 points. Bernie Corrigan ran the offense from his quarterback spot and Doug Earl led the team in rushing with 493 yards on 160 carries. Pugs Pellegrino led the way on the offensive line.

Defensively, Mark Monteyne led the team with 108 defensive points. Included in those points were two interceptions. Bob Mamary had a fine year at defensive tackle while Russ Cohen was a standout in the secondary.

# HOCKEY

1984 was one of the best if not *the* best year for field hockey since we've had the sport at PV. As far as I know there is no other team that went through the regular season undefeated.

We lost only one senior last year and were hoping for an improvement in our record. Last year the team was 5-8-1. The new conference at first seemed that it might prevent us from improving upon that record. The new conference contained last years State Champs such as Pequannock, Montville, and DePaul . . . With other traditionally strong programs such as Millburn, and Summit. Despite the stronger league we did a complete turn around from last year.

It was a great year for the Varsity because all of the girls set their goals toward this end and worked for it.

We will be losing 6 seniors through graduation and we know it will be very difficult to replace them.

On the bright side-we had our first large turn out since 1978 . . . and fielded a JV team. This will prove to be very important if we can maintain the interest since each year is a rebuilding year when you don't have a feeder program. Last year was unusual that we only graduated one person so we didn't have to start over this year.

The JV team was 0-11; however you have to realize that they were all freshmen and playing against JV teams made up of Sophomores and Juniors.

The 1984 girls Volleyball team was directed by new head coach Jo-Ann Schoengood. The two seniors on the team were Rita Varcadipane and Captain Donna Young. Although they suffered from the loss of two coaches this season, the girls still showed their dedication and willingness for the game. Both the coach and the girls put forth great efforts. These efforts and the determination of the young team have built a strong and hopeful foundation for a successful future.

The 1984 season was a rebuilding year for Passaic Valley. A team with no seniors ended the season with a 3-12 record. Outstanding performances from Junior Captain Dave Nardino and Junior Jim Stuckey highlighted a tough season. Toward the end of the year the Hornets finished strong winning 3 in a row. Next season the PV team should be stronger with everyone returning. PV should finish the season with a better record next year. PV finished with a third place this year in the new Northern Hills Conference. Returning next year will be Junior Nick Frunzi, Sophomore Scott Smith, Freshman Jim Grimes, Chris Nebury and Rich Corrae. Hopefully the team will grow in numbers with new Freshman.

The 1984 team should be proud of its hard work and effort during the season.

### Individual Honors

Dave Nardino - 1st team all league (NHC)  
Jim Stuckey - 2nd team all league (NHC)

Although the girls team could not field a full competitive team until late in the season, several bright spots should be noted. Four of the six girls on the team received some post season recognition.

Allyson Perre continued her record setting pace and will return next year.

Heather McGee ran some fine times for a freshman runner and along with Allyson will provide a strong 1-2 for next year.

### Individual Honors

Allyson Perre - 1st team all league, all county, all area.

Heather McGee - Honorable Mention, all county, 2nd team all league.

# WRESTLING

From a team that won 2 matches as freshmen to a team that ended with 8 wins 5 loses and second place finishes in the County and District 8 Tournament. That was some fine accomplishment.

The 1984-85 team had three fine captains: John Armellino at 122, Michael Gallo at 135 and Henry "Pugs" Pellegrino at 170.

The two highlights of the year were the final two tournaments. At the Counties P.V.H.S. was winning the entire weekend only to lose by 3 points at the close of the day. The following weekend we were in the District 8 Tournament and once again we were winning the entire weekend only to end up losing by 10 points.

The coaches were real happy with this year's addition of P.V. Wrestling. The team never gave up and worked together to attempt to reach their championship jacket goal.

Well guys, no jackets this time around but you were all champions in my eyes. Best of luck in all you do and make sure you stop back to visit sometime.

## CLASS ADVISERS

Good luck to the members of the Class of '85, one of the most assertive groups of students that I've ever worked with. I hope you can direct your positive energies to successful future endeavors. Congratulations on your completion of 4 years at Passaic Valley!

Maria Rano

We the Senior Class of 1985 would like to extend our utmost gratitude and appreciation to our class advisors- Mr. Pedalino and Ms. Rano who have given us their patience and time to see us through these past four unforgettable years.

Many times it seemed as if we weren't going to accomplish our set goals, but with their guidance and leadership they pushed us until we conquered each and every one of them, and made us strive for our highest potential.

It has been a pleasure working with them, and we truly appreciate everything they've done for us. We wish them the best of luck for whatever the future may hold .....

THE CLASS OF 85

Congratulations!

I would like to wish each and everyone of you success in the future. It has been a pleasure being one of your class advisors during your 4 years at Passaic Valley. I hope when you think back on your years at PV your thoughts are filled with memories of good friendships. The class of 85 would also like to thank Ms. Cori, Mrs. Burgess & Ms. Nowak for their help as past advisors.

Michael Pedalino

## Senior Class History

By Thom Cohn (Historian)

WARNING!!!! First Draft

We can all smile as we all look back at the good and bad times that we have had, but now we look forward with excitement as each of us prepares to go out into the world and make all of our dreams come true. It seems that we arrived here just yesterday and now it's already time to move on.

We were amazed at the size and complexity of the school from the minute we walked through those big glass doors. Finding your classroom was almost as hard as trying to buy just trench fries in the caf. We were soon introduced to the smoking area (boneyard) and daily fire drills.

Sophomore year the smoking area was taken away, but bomb scares were added to keep us out of class. The following years we were told to remain in class during the bomb threats. This way we wouldn't miss anything.

The bleachers were declared unsafe and we had to play our football games at Montclair State College.

Mr. Cantolanza replaced Mr. Grady as superintendent. Computers came and changed things even more drastically than the new policies. Computers gave us Pac-Man, three new classes, and made it easier for some of us while the new policies made it harder for all of us. They included rules forbidding lawn furniture and skateboarding in the halls. Along with them came detention hall and in school suspension to enforce them. Speaking of Communism, we saw two new soviet presidents come to power. They boycotted our Olympics in Los Angeles for political reasons.

The US embassy in Lebanon was bombed, the threat of nuclear war was just as strong as ever. President Reagan was re-elected and he talked of building more powerful weapons "to preserve the peace".

We were told that the asbestos being removed is safe, but just in case concerned students continue to test the alarm system.

The bleachers were finally replaced with a safe set at the end of our junior year. Because of the large drop in student population we left the NJIAA to join the Northern Hills Conference to make our sports competition fairer. We got rid of the broken bleachers at our bonfire but in return we received a crew of break-dancers, and fluorescent colored clothing that could blind you more than any fire.

In order to assure success, everyone bought a pair of tickets to the senior class play "Pippin" which proved to be very profitable. To add to our bankroll we had a "Battle of the Bands" which was just as successful.

We've women making great strides, Sally Ride taking a ride on the Space Shuttle, and Geraldine Ferraro being the Democratic Vice-presidential candidate.

People in Ethiopia were starving and so were the hungry students "raising" money in the caf.

We elected class representatives and officers in an effort to form the Student Senate Association one more time.

We all had an awesome time on our long awaited senior class trip, only to be surpassed by the memories of our Prom.

That's All

OOPS!
