REFLECTIONS

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses and income. The document provides a detailed explanation of how to categorize these transactions correctly, ensuring they are recorded in the appropriate accounts. It also discusses the importance of regular reconciliations to identify any discrepancies early on and correct them before they become significant.

The second part of the document focuses on the preparation of the financial statements. It outlines the steps involved in calculating the net income, which is a key indicator of the company's profitability. This involves summing up all revenues and gains, and then subtracting all expenses and losses. The document provides a clear breakdown of the components of each financial statement, including the balance sheet, income statement, and statement of cash flows. It also discusses the importance of providing a clear and concise explanation of the results, highlighting any trends or areas of concern.

The final part of the document discusses the importance of transparency and communication. It emphasizes that the financial statements should be prepared in a way that is easy to understand and accessible to all stakeholders. This includes providing a clear explanation of the accounting methods used and any assumptions made. The document also discusses the importance of regular communication with investors and other stakeholders, ensuring they are kept up-to-date on the company's financial performance. Finally, it concludes by emphasizing the importance of maintaining accurate records and providing clear financial statements as a foundation for sound decision-making and long-term success.

MRS. SUE BENVENUTI

MRS. RACHEL BRIGGS

Dear Class of 2016,

Congratulations on graduating! We are both tremendously proud of every single one of you. Having the privilege of observing you develop not only academically, but characteristically into mature seniors has been such a fulfilling experience. It seems like just yesterday we were meeting you on freshmen day, frightened and uncertain of what Passaic Valley had in store for you. This four-year journey has been filled with many incredible memories granted by the wonderful parents, students, faculty, administration, and Board of Education. Hopefully these memories are ones that you'll cherish in your hearts forever. It has been such an honor watching you grow into the well-educated, confident young adults you are today. We wholeheartedly wish you the very best in all future endeavors! May you never forget the green and white!

Sincerely,

Mrs. Benvenuti & Mrs. Briggs

A MESSAGE FROM THE PRINCIPAL

DEAR **CLASS OF 2016**,

THE STAFF AT PASSAIC VALLEY HIGH SCHOOL JOINS ME IN CONGRATULATING YOU UPON YOUR GRADUATION. THIS IS ONE OF THE IMPORTANT ACCOMPLISHMENTS THAT ONE CAN ACHIEVE IN LIFE. THE TERM COMMENCEMENT IMPLIES A NEW BEGINNING AND WE HOPE YOU WILL LOOK UPON YOUR GRADUATION AS THE BEGINNING OF A BRIGHT FUTURE. WE HOPE THAT THE FOUR YEARS YOU HAVE SPENT HERE HAVE PREPARED YOU WELL FOR THE SUCCESSFUL PURSUIT OF YOUR INTERESTS AND GOALS.

YOU HAVE BEEN EXPOSED TO A VARIETY OF EXCITING SPORTS AND ACTIVITIES DURING THE PAST FOUR YEARS AND YOUR TEACHERS HAVE WORKED HARD TO PROVIDE YOU WITH MANY EDUCATIONAL EXPERIENCES THAT WILL ENHANCE YOUR SUCCESS IN LIFE. WE HOPE THAT YOUR EXPERIENCES HERE WILL BE FONDLY REMEMBERED AND WILL BE ONES UPON WHICH YOU WILL REFLECT UPON WITH PRIDE AND JOY.

AS YOU PURSUE YOUR GOALS IN LIFE, KEEP IN MIND THAT **LEARNING IS A LIFELONG PROCESS**. TO BE SUCCESSFUL AT WHATEVER YOU CHOOSE TO DO, YOU MUST BE OPEN-MINDED AND WILLING TO LEARN AND TO CHANGE WITH THE TIMES. SUCCESS IN LIFE SHOULD NOT BE MEASURED SOLELY BY MONETARY REWARDS, BUT, MORE IMPORTANTLY, BY THE CONTRIBUTIONS THAT YOU MAKE TO SOCIETY WHILE YOU PURSUE YOUR GOALS. I HOPE THAT ALL YOUR DREAMS WILL BECOME REALITY AND ALL YOUR GOALS WILL BE REACHED. NOW THAT YOU ARE JOINING THE PASSAIC VALLEY ALUMNI FAMILY, WE HOPE YOU WILL KEEP IN TOUCH WITH US. LET US KNOW HOW YOU ARE DOING, AND REMEMBER THAT YOU ARE ALWAYS WELCOME BACK TO VISIT.

MY BEST WISHES FOR SUCCESS GO OUT TO ALL OF YOU!

SINCERELY,
RAY ROTELLA

A MESSAGE FROM THE SUPERINTENDENT

DEAR **CLASS OF 2016**,

THE MOMENT YOU HAVE ALL BEEN WORKING HARD TO GET TO HAS ARRIVED. SOON YOU WILL STAND BEFORE TEACHERS, STAFF, FAMILY, AND FRIENDS AND ACKNOWLEDGE YOU ARE READY TO LEAVE HIGH SCHOOL TO BEGIN COLLEGE OR UNIVERSITY, START A CAREER, JOIN THE MILITARY FORCES, OR ENTER THE WORLD OF WORK. FOR ME THIS IS A VERY SPECIAL MOMENT BECAUSE YOU REPRESENT MY FIRST CLASS AS SUPERINTENDENT OF PASSAIC VALLEY REGIONAL HIGH SCHOOL.

I HOPE THAT YOU WILL REMAIN IN TOUCH WITH YOUR PASSAIC VALLEY FAMILY, AS YOU MOVE INTO ADULTHOOD, THINK OF WAYS YOU CAN GIVE BACK TO THOSE WHO COME HERE AFTER YOU. LET YOUR MEMORIES AT PV BE A COMFORT TO YOU AS YOU SUCCESSFULLY MOVE INTO YOUR FUTURE. IN THE SHORT TIME I HAVE BEEN AT PASSAIC VALLEY, I HAVE LEARNED **"ONCE A HORNET ALWAYS A HORNET"**. THERE IS A NETWORK OUT THERE JUST WAITING FOR YOU TO JOIN THEM AS ALUMNI OF A VERY SPECIAL HIGH SCHOOL. MANY OF THOSE ALUMNI ARE DOCTORS, TEACHERS, PROFESSIONALS AND TRADESMEN AND WOMEN; THEY HAVE FOUND THEIR PLACE IN SOCIETY AND ARE MAKING WONDERFUL CONTRIBUTIONS. I GUARANTEE YOU WILL TOO IF YOU DO AS MARK SANBORN SUGGESTS AND "STRIVE TO MAKE THINGS BETTER".

I WISH YOU ALL PEACE.

SINCERELY,
DR. JOANN CARDILLO

Kayleigh Herrmann:

To Our Lovely Daughter Kayleigh,
You have brightened the world and continually amaze us with your tenacity, persistence, intelligence, maturity, intelligence, accomplishments, and kindness to others. As you move to the next chapter in your life, stay true to yourself, your values, and your integrity as you continue to face life's challenges. Remember that you ALWAYS have a choice, and take responsibility for your choices. Continue to be a great leader, friend, and student. Continue to be you! We love you very much and continue to be proud of you each and every day.

Love always,

Alexa Mitchell:

You did it! Congrats class of 2016! Words cannot describe how proud of you we are. Keep moving forward and keep your head high and always reach further than the stars! You are beautiful in and out. Good luck in college!

We love you,
Mom, Dad & Jenna

Julian Lee:

Words cannot express how proud we are of you and your accomplishments throughout the years, especially the past four years at PCHS. From Marching Band to honor societies to Concert/Jazz Band to working on the drama productions to being involved in all the clubs and volunteer organizations, you have accomplished so much. As you move on to college, we are confident that you will excel in all that you will do. We know that you will achieve every goal that you set for yourself. Your unique qualities of dedication, loyalty, maturity, trustworthiness, compassion, generosity and commitment will take you far. We are always here to support you and we will always be cheering you on as you reach each milestone throughout your life! Congratulations on your graduation!

Love always,
Mom & Dad

Gianni Palumbo:

Dear Gianni,

Writing this letter is so bittersweet because it seems like only yesterday I took your hand and walked you into the school. That day was just one of the many days when I've had to let go. Since then, you have grown up to be an exceptional young man. Your accomplishments that you are a fact impressive and serve to forgetful just how much potential you have. Now you are about to turn the page on this extraordinary chapter of your life and begin another. And again, I find myself needing to let go. This time, however, I do so happily, knowing the remarkable and hearted, funny, generous, humble, talented, genuine individual you are.

As you embark on this new journey, I do want to leave you with this... Be true to yourself. Your talents are what set you apart and are what will help raise you higher. Continue to bring smiles to people's lives because their joy will be contagious. Live freely but responsibly because balance is the key to everything. Remember your home will always be where you can return to hang your heart. Know you are and always will be OUR EVERYTHING. And lastly, you are LOVED beyond what words can express.

XOXOXOXO

Mom & Dad

Courtney Pullin:

Dearest Daughter,

Congrats on your graduation! You did it! You cried and mourned, but you got it done! You've overcome a lot of challenges to get where you are today. Just yesterday, you were a feisty toddler. Today, you're a feisty young woman! Dad and I love you and we're so proud of you. Can't wait to see what the future holds. XOXO

Sara Rusconi:

Sara, we are so proud of the person you have become. It is unbelievable how fast this time has gone. We know you will be a great success in all that you do. You are smart, kind, funny and beautiful inside and out. We couldn't be prouder! Enjoy every moment of this time. We wish happiness, success and love to you and the class of 2016!

Love,

Mom, Dad, & Justin

Nicholas Quintero:

We are so proud of you and all your achievements. Keep up the good work and never forget the way you are. May God bless you and your future!

Love Mom, Dad,

Amanda, Matthew,

Tinela, Mya, & Charlie

Marissa Sornoza:

Dear Marissa,

It's hard to believe that you will be graduating from high school and going off to college. We have watched you grow into a beautiful young woman. We are very proud of you and all your accomplishments. We know you will continue to do great things in your life. Keep smiling and cherish every moment. May all your dreams become a reality.

Love,

Mom, Dad & Stephen

Rachel Ward:

Dear Rachel,

It is amazing how quickly four years of PV have gone by, but what is even more amazing is to think of how you have grown into such a wonderful woman in that short time. We are so proud of you when we think of all that you have accomplished in your high school years and we know that the future holds endless possibilities for you. Always remember the lessons learned but continue to grow and believe in yourself, you can do and be anything you put your mind to. We love and believe in you!

Love Always,

Mom, Dad & Jimmy

Kelli Zunin:

Congratulations! You truly are our inspiration! Whenever confronted with obstacles you always maintain your composure with confidence and grace. We admire you for your integrity and compassion for others. Stay true to yourself, reach high, dream big.

XOXO,

Mom & Dad

Omar Mohamed:

Dear Omar,

Wasn't it yesterday that
you loved watching Blues Clues?

Wasn't it yesterday that
you learned to tie knots in Club Scouts?

Wasn't it yesterday that
you went to your first Middle School Dance?

Wasn't it yesterday that
you walked through the doors of PV for the first time,
where you learned locker combinations,
how to get from one end of the building to another in
under four

minutes and joined the Marching Band?

Those moments are long ago, but they brought us to
Today.

This day, where we find a young man
ready to take on the next adventure.

We are so proud of you and all you have accomplished!

Congratulations to you and the Class of 2016

The next few years will so quickly
fly,

with laughter and joy mixed with a
few tears to cry. As you begin life's
journey, this fact you must know,
you'll always be our source of pride,
no matter where you go.

You must stand up tall and proud,
within you feel no fear,
for all your dreams and goals sit
before you very near.

We wish you the best in everything you
do!!

All our love,

Mom, Dad and your lil bro Bobby

Congratulations Joelle, Daniella, & Taylor!!

EVERY STUDENT SUCCEEDS

With support from Congress, President Obama signed the Every Student Succeeds Act (ESSA) into law in December 2015. ESSA replaces the test-based accountability system of No Child Left Behind and reduces federal authority and influence in state decisions relative to academic standards, returning much of it to the state and local school districts.

SUPREME COURT DECISIONS

Each year, the U.S. Supreme Court hears up to 150 cases of the more than 7,000 cases it is asked to review. 2015's major rulings included: First Amendment rights were violated when an Arizona town placed size limits on signs announcing church services; same-sex couples could legally marry nationwide; states may prohibit judicial candidates from personally asking supporters for campaign contributions.

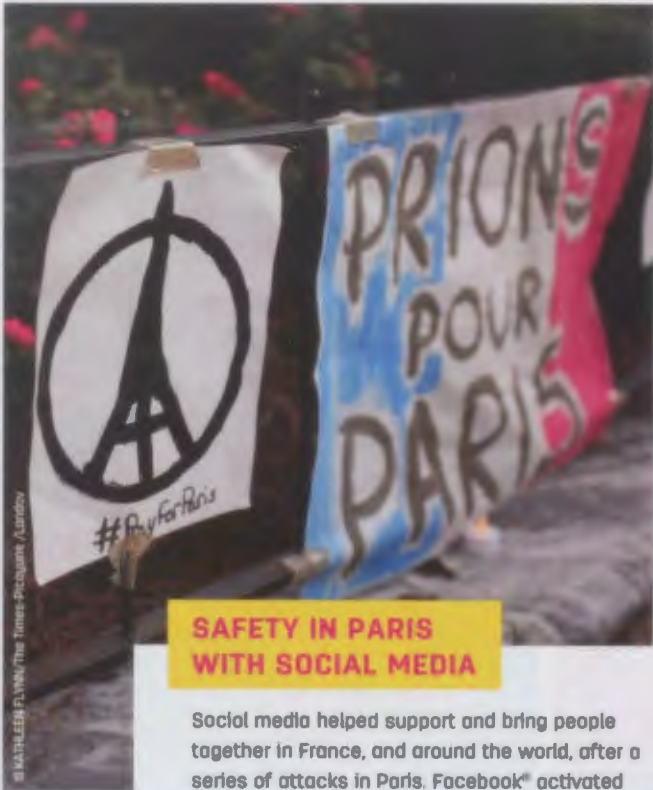

HISTORICAL VISIT TO CONGRESS

Pope Francis gave the 1st ever papal address to U.S. Congress, calling for the spirit of cooperation and challenging political leaders to join a global campaign against climate change and poverty.

THE ROYAL TREATMENT

The British Royal Family had much to celebrate in 2015: Prince William and Catherine, Duchess of Cambridge welcomed Princess Charlotte into the world on May 2; and on September 9, Queen Elizabeth II became the United Kingdom's longest reigning monarch, surpassing her great-great-grandmother Queen Victoria who reigned for 23,226 days, 16 hours and approximately 30 minutes.

SAFETY IN PARIS WITH SOCIAL MEDIA

Social media helped support and bring people together in France, and around the world, after a series of attacks in Paris. Facebook® activated its "Safety Check" feature for the first time, and over 4 million people marked themselves as safe, notifying 360 million friends of their status. Users were also given the opportunity to show solidarity by overlaying their profile picture with the French flag. On Twitter, the hashtag #rechercheParis (search Paris) had more than 64,000 tweets in 24 hours after it was 1st used by a woman in France trying to locate family and friends.

DEBATES DRAW RECORD VIEWERSHIP

Early Republican and Democratic presidential debates drew record-setting television ratings, surpassing the NBA Finals, the MLB World Series™ and most NFL games. Candidates Donald Trump and Hillary Clinton were cited as the primary drivers of viewership. The Republicans averaged an audience of 24 million viewers, while the Democratic matchup brought in over 15 million.

OVER THE MOON

A rare supermoon total lunar eclipse, not seen since 1982, was viewed by much of the world in September. The so-called super "Blood Moon" appears larger due to its proximity to Earth and takes on a reddish hue as it passes behind the Earth into its shadow. Hashtags #BloodMoon and #SuperBloodMoon trended worldwide as stargazers documented the rare sighting on Facebook®, Instagram and Twitter. Next supermoon glimpse: 2033.

CHIPOTLE HIT WITH E. COLI OUTBREAK

An E. coli outbreak sickened more than 50 people at Chipotle Mexican Grill restaurants in 9 states. While the Centers for Disease Control and Prevention has not identified the source, Chipotle is changing the way it cooks and prepares food to increase the safety of its customers. Despite those efforts, Chipotle is currently under a federal criminal investigation for foodborne illness related to an outbreak at its Simi Valley, Calif. restaurant.

CHINA ENDS ONE-CHILD POLICY

China has announced an end to its decades-long one-child policy. Over concerns that an aging population could impact the country's economic ascent, all married couples will now be able to have 2 children. The one-child policy was introduced nationally in 1979 to slow the population growth rate and limit demands for water and other resources.

PERSON OF THE YEAR

German Chancellor Angela Merkel was named *TIME* magazine's 2015 Person of the Year, citing her handling of the European economic crisis over Greek debt and managing the European refugee influx. Merkel is only the 4th woman since 1927 to be named an individual winner outright. The others: American socialite Wallis Simpson (1936), Queen Elizabeth II (1952) and Corazon Aquino (1986), the 11th president of the Philippines.

CECIL THE LION

Walter Palmer, a big game hunter, took down a 13-year-old lion named Cecil while in Zimbabwe for a guided hunt. The lion lived in Hwongwe National Park and was part of Oxford University's Wildlife Conservation Unit study. News of Palmer's action sparked criticism among activist groups and the general public, though Zimbabwe did not charge Palmer.

FRIDGE OF THE FUTURE

If the kitchen is the heart of a home, then Samsung's new smart fridge will make it a family's hub, too. Featuring a 21.5-inch vertical touch screen embedded in the door, the Family Hub Refrigerator allows users to leave notes, make shopping lists, listen to music, watch TV, order groceries and get the weather forecast. Looks like the fridge of the future is here—today.

ALIEN CLOUDS IN SOUTH AFRICA

When dark disc-like clouds loomed over the Table Mountain in Cape Town, looking like something out of a science fiction movie, it quickly went viral on social media. There was no real cause for concern, though. "Lenticular clouds," named for the lens-like shapes they create, have sometimes been confused for UFOs. They typically form when high, humid winds blow over mountainous terrain, and are different from other clouds because they do not move.

#BLACKLIVESMATTER

The social movement, Black Lives Matter, has focused international attention on racial inequality and criminal justice within the African American community. Supported by boycotts, protests and social media posts, activists are challenging the political system, pressing for change to address questions of race and justice.

HOVERBOARDS ARE HOT

The hoverboard was 2015's "in-demand" item. The mini-Segway® or self-balancing boards feature everything from built-in GPS to speakers for connection to a mobile phone. Despite their popularity, hoverboards experienced problems later in the year. They aren't permitted everywhere and some models caused explosions and house fires while being used.

DISCOVERIES

COMING TO A CONE NEAR YOU

Sticky fingers, be gone! Scientists at the University of Edinburgh discovered a naturally occurring protein that binds air, fat and water together, which can be used to create ultra smooth ice cream that resists melting. Don't rush to your favorite grocery store yet. Researchers say it will be another 3-5 years before it's available.

HEAD TILTS MELT HEARTS

When Fido tilts his head while you're talking, it's because he really understands. Right? According to a survey by *Psychology Today*, it might have more to do with vision. Dogs scan faces to read emotions. Tilting their heads when being talked to may be a way of compensating for their muzzles, which obscures part of their vision. So a head tilt is one way to see you better... and get treats for being adorable.

WATER ON MARS

NASA scientists have found evidence of liquid water on Mars, leading them to suspect that it is possible to have a habitable environment on the Red Planet. Discovery of water on Mars may make the planet more practical for human exploration and activity.

FDA BANS ARTIFICIAL TRANS FATS

The U.S. Food and Drug Administration, as part of its commitment to heart health of Americans, announced that the food industry has until June 2018 to eliminate artificial trans fats from processed food. Keep in mind, this will not eliminate trans fats totally from one's diet as naturally occurring trans fats are found in some food, such as meat and dairy products, as well as natural oils.

ENVIRONMENTAL EVENTS

Norway announced that it will permanently ban cars from Oslo, its capital city, by 2019. The traffic ban was part of a larger plan to reduce the emission of greenhouse gases by 50%. Over the next 3 years, the government plans to build 37 miles of new bike lanes and invest heavily in existing bus and tram networks.

A team of U.S. and Mexican scientists released 30 gallons of non-toxic fluorescent pink dye into the ocean off California and Mexico to learn how pollution moves and dilutes along the coasts. The study builds on the success of previous beach pollution studies and results will help develop models for predicting when it is or is not safe to go in the ocean.

Millions of tons of plastic are dumped into U.S. landfills each year, with little of it recyclable. Researchers at Stanford University discovered that mealworms could be a natural solution to the global plastic pollution problem. Fed a daily diet of Styrofoam™, the tiny worms break down what was once believed to be a non-biodegradable product. Scientists hope this information will lead to a marine equivalent that can defend the Earth's oceans by digesting plastic.

\$25 TEST WINS \$50,000

Olivia Hallisey, a 17-year-old high school student from Conn., won the 2015 Google Science Fair grand prize and a \$50,000 scholarship with her creation of a low-cost, rapid detection test for the Ebola virus. Currently, a detection kit costs approximately \$1,000 and takes nearly 12 hours from screening to diagnosis, while Hallisey's costs \$25, and takes 30-minutes, working even when patients lack symptoms.

SUNSCREEN INGREDIENT TOXIC TO CORAL

Oxybenzone, a UV-filtering chemical used in sunscreen, has been found to have toxic effects on young coral and may be contributing to the destruction of coral reefs. The highest concentrations of the toxin have been found in Hawaii and the Caribbean. Since sunscreen protects against skin cancer, researchers advised using brands with titanium oxide or zinc oxide, which don't harm reefs.

TECHNOLOGY

IT'S FACEBOOK OFFICIAL

Facebook® confirmed it's rolling out a new set of 6 emojis, called "Reactions," that allow users to express a broader range of emotions than a simple "Like" – such as love, wow, anger or sadness. While Facebook picked the 6 reactions by consulting with sociologists, a dislike button is not among the options as the site worried it would be used in negative ways.

ARTIFICIALLY INTELLIGENT

The University of New South Wales in Australia defended its RoboCup World Championship title by defeating the Germans 3-1. With 300 teams from 47 countries, the finals involved waist-high robots on a 30-foot-long soccer field. The competition encourages development of robotics technology.

Researchers at the University of Cambridge in the United Kingdom developed a "mother" robot that creates generations of smaller "baby" robots, evolving and selecting the best to "survive." It is the first time natural selection has been successfully built into a machine, marking an important step forward in artificial intelligence.

NEW BILLBOARD CAN READ YOUR EMOTIONS

Advertising company M&C Saatchi tested billboards in London that used hidden Microsoft® Kinect™ cameras to read a viewer's facial expression—happy, sad or neutral. Featuring a fictitious coffee brand, the billboard adapted its advertisement by cycling through different images, designs, fonts and colors, ultimately crafting messages that resonated with each viewer.

ORANGE YOU GLAD THIS FIGHTS POLLUTION?

Mercury contamination plagues many areas of the world, affecting food, soil and water supplies. Researchers at Flinders University in South Australia developed a new, inexpensive, non-toxic material from industrial waste and orange peels that reacts together to form a soft red rubber to absorb mercury, making it easy to clean up contaminated water. It addresses a healthier environment while also using waste to destroy waste.

"TIE" YOUR SNEAKERS WITH ONE HAND

The newest sneaker in Nike's® lineup was developed after high school student Matthew Walzer wrote to the company asking for more accessible footwear for people with disabilities. Nike designers and Walzer collaborated for 3 years on prototypes. The result was the Flyease 8, a LeBron James-branded basketball shoe with a 1-handed fastening mechanism inspired by doors with hinges, and how they open and close.

BRAND NEW BEAK

Tieta the toucan was missing nearly half of her beak, which made it difficult for her to eat. A Brazilian research team spent nearly 3 months designing a new beak, which was then created on a 3D printer. At 1.5 inches long and weighing less than 1 ounce, it took her just 3 days to learn how to use it.

A HELPING HAND

Open Bionics™ revolutionized prosthetic limb technology by using 3D printing to introduce some of the world's smallest bionic hands modeled after iconic Disney® characters. Kids who need prosthetic hands are getting bionic ones inspired by some of their favorites such as Iron Man, Queen Elsa's frosted blue gloves or a Star Wars™ lightsaber. While these bionic hands are designed for children, adults have been making requests too.

SPORTS

While Cavaliers' star LeBron James didn't get a championship, he did become the youngest player in NBA history to score 25,000 points and the 20th player overall to achieve this milestone

BIG HITTERS

If you like offense and home runs, this was the game to watch. In the 2015 Little League World Series®, Japan's Tokyo Little League defeated Lewisberry, Penn., 18-11. It was the highest-scoring title matchup in Little League World Series history with a combined 30 hits and 7 home runs. The victory gave Japan 11 titles overall.

After tying the game in the 9th inning, the Kansas City Royals™ defeated the New York Mets™ in the 13th inning of Game 5 to become the 2015 World Series™ Champions (7-2). Though the Royals have played in 4 World Series, this was their 1st championship in 30 years and the 2nd in team history. Catcher Salvador Perez was named MVP for his excellent defense behind the plate.

#IT'SALLABOUTTHECUP

For the 3rd time in 6 years, the Chicago Blackhawks™ won the Stanley Cup® with a 2-0 victory over the Tampa Bay Lightning™, making it their 1st on home ice since 1938. Defenseman Duncan Keith was unanimously voted playoff MVP.

Serena Williams' 6th Wimbledon singles title also gave her a 2nd career "Serena Slam" (winning 4 Grand Slam tournaments in a row). Williams went 53-3 during 2015 and was chosen as *Sports Illustrated's* Sportsperson of the Year. She was the first individual female athlete honored by the magazine in over 30 years.

SUPER BOWL 50

The Denver Broncos exemplified the mantra that "defense wins championships" with a dominating performance to defeat the Carolina Panthers 24-10 in Super Bowl 50. It gave the Broncos their 3rd championship and quarterback Peyton Manning his 2nd, each with a different team. Manning deflected questions about his potential retirement, focusing on his team, wife and family instead. The game MVP was Von Miller, who forced 2 fumbles by the Panthers, becoming just the 10th defensive player to earn the honor.

Less surprising were Luke Bryan's 2nd straight win as Entertainer of the Year and Miranda Lambert as Female Vocalist of the Year — her 8th consecutive win.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and transfers between accounts.

Next, the document outlines the process of reconciling bank statements with the company's records. This involves comparing the bank's record of transactions with the company's ledger to identify any discrepancies. Common reasons for discrepancies include timing differences, such as deposits in transit or outstanding checks, and errors in recording or transcription.

The document then provides a detailed explanation of the accounting cycle, which consists of eight steps: 1) identifying and recording transactions, 2) journalizing, 3) posting to the ledger, 4) determining account balances, 5) preparing a trial balance, 6) adjusting entries, 7) preparing financial statements, and 8) closing the books. Each step is described in detail, including the necessary journal entries and ledger postings.

Finally, the document discusses the importance of internal controls to prevent fraud and errors. It suggests implementing measures such as segregation of duties, requiring approvals for transactions, and conducting regular audits.
