# DIRECTIONS

Before you begin, decide which side of this card you'd like to use — you can track how many books you read this summer, or the number of hours spent reading.

Reading bigger books more slowly? Color in the clocks to the right to track your time spent reading. Racing through a bunch of smaller books? Track each one on the other side of this page. You'll earn raffle tickets for one tracking method or the other, but not both. This year, we'll award one raffle ticket for **every book you complete**, or for **every hour you read!** *One clock = one hour.*

You can also earn **bonus** raffle tickets by attending events at the library! Earn up to 5 extra tickets by checking in with staff when you attend any library event.

Raffle winners will be chosen every Friday. They can choose any prize they wish from the library's Summer Reading Store. New items are available every week!

**DON'T FORGET:** You have all summer to reach your personal reading goal, and earn a free 1-hour jump pass from Altitude Trampoline Park in Concord, NH!
