

Regional museums, like your local library, are a great cultural, educational and recreational resource. The Friends of the Barrington Public Library have created a small fund to encourage Barrington residents to visit some of the many wonderful museums throughout New England. To be eligible, you must be a Barrington resident and a library patron with no outstanding fines or fees on your family's cards.

Reimbursements will be made on a first come, first served basis until the fund is exhausted for the year.

It's Time to Explore a New England Museum!

Museum Reimbursement Program

Friends of the Barrington Public Library

New England has a wonderful history which is presented and documented insightfully in museums throughout the region.

Have you ever wanted to learn more about New England’s deep maritime history, or see works of art created by local artisans, or bear witness to see how so many people survived over the last two hundred years? If history or art doesn’t interest you then there are many excellent Science Museums and Discovery Centers in New England that provide you with a glimpse into Space and Nature.

In order that everyone has a chance to experience these museums, The Friends of the Barrington Public Library is offering a reimbursement on admission charges to any museum in New England of \$20 per Barrington household (not to exceed the admission fees), with one reimbursement per family per year.

So Many Museums...So Little Time!

The following is a list of some of the amazing museums in New England. For other New England museum listings, visit: www.visitnewengland.com.
