5. Supporting plans, pictures, documents or other evidence – Seven copies of all other submitted information that the applicant wishes the Board to consider.
6. Completed application packets shall be delivered during regular business hours to the Land Use Office within 30 calendar days of the order or decision exclusive of the day of the order or decision. The application shall be date-stamped upon receipt. Completed applications are considered received for the purposes of scheduling on the date so stamped.

Within 30 days of receipt of a completed application for rehearing the Board shall:

1. grant the application; or
2. deny the application; or
3. request an extension of time to act on the application; or
4. suspend the decision complained of pending further consideration by the Board.

If the Board takes no action within the 30-day period, does not request an extension of time, and does not suspend the decision complained of pending further consideration by the Board it may be assumed that the motion has been denied.

Action by the Board on a Request for Rehearing shall occur at a public meeting but a public hearing is not required. New evidence is not a requirement for a rehearing. The Board may grant a rehearing motion if in its opinion good reason therefore is stated in the motion or to correct an error.

If granted, a public hearing will be held in accordance with the notice and procedural requirements set forth in these Rules. In the instance where a full five-member voting Board cannot be seated, the chair will offer the applicant the opportunity to proceed with a reduced Board, or to have the hearing postponed until the next regular meeting date, with the understanding that an affirmative vote of three members is required to decide in favor of any appeal and that action by a reduced Board is not, in and of itself, grounds for a rehearing.

The Zoning Board may expand the scope of the public hearing beyond that specified in the request for rehearing. The Board may consider the evidence provided in the application and during the public hearing. The Board has an opportunity to correct its own mistakes and is entitled to reconsider its prior ruling and make the same or a different decision for the same or different reasons. When the Board identifies new grounds for its initial decision, changes its initial decision and/or makes new findings and rulings in response to the motion for rehearing, any party aggrieved by the new action must file a new motion for rehearing on all issues ruled upon to preserve them for appellate review.

If the request for rehearing is denied or the Board takes no action, the applicant may bring suit in the Belknap County Superior Court within 30 days of the date upon which the Board voted to deny the motion for rehearing.
