Ballot Question #5. Shall the Town vote to raise and appropriate the sum of Three Hundred Seventy Five Thousand dollars (\$375,000) for the purpose of a Town-wide Water Meter Replacement Project including engineering costs, and all other costs reasonably associated with this project and to authorize the issuance of not more than \$375,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon (**3/5 ballot vote required**). Future bond payments are anticipated to be funded from Water User Fees. (**The Budget Committee recommends \$375,000 and the Board of Selectmen support this recommendation.**) *This project will complete the replacement of all residential and commercial water meters town-wide. It will improve productivity of staff as the meters will no longer need to be manually read; they will be read remotely through a radio transmitter. Improvements to the Town's billing software are also included in the project. The current software module requires manual data entry of the readings which is also very time consuming for staff. Funding for the project is proposed to come from the Drinking Water State Revolving Fund which is low interest and includes a provision for 15% principal forgiveness.*

Ballot Question #6. Shall the Town vote to change the office of Town Treasurer from an elected position to an appointed position per RSA 41:26-e. The Town received one letter of interest in the property from Winnisquam Marina who had done their due diligence including having an appraisal done of the property by an independent source. A copy of the appraisal was submitted to the Town and noted market value of \$235,000. Winnisquam Marina offered the Town \$240,000 for the land and building. Voters are being asked to approve the sale.*

Ballot Question #8.
