Town Administrator's News (con'td.)

We continue to stress the importance of the "Not everything is flushable". Please check out the "Do Not Flush!" list to protect your sewer and septic system. A "Flushable" label does not mean it is SAFE for your septic system or the Town's sewer. Please read the brochure we have included on the Town's website at www.belmontnh.gov

We need your help to ensure our sewers keep flowing.

Should you have any questions, please do not hesitate to contact the Town Administrator's Office at 267-8300 ext. 124.

PROPERTY RECORD / TAX CARDS

Updated 2023 property tax cards for all Belmont properties have been uploaded to our website, and can be accessed through the AxisGIS system: <u>https://next.axisgis.com/BelmontNH/</u>

Cards may be searched by property address, owner name or map and lot number. Once you locate the property you are looking for, click on **VISION PROPERTY CARD** under the Documents section.

The 2024 Town Meeting Warrant, MS737 and Default Budget have been posted.

Hard copies are available at Town Hall.

Town Meeting Warrant MS737 and Default Budget (PDF)

Bulky Waste Disposal

On the 1st Wednesday of each month, Casella Waste will collect your bulky items curbside. Please note this is for Town of Belmont Residential Customers ONLY:

service is not available to commercial property owners. Piles of debris, trash, yard waste or a single item too large for one person to collect WILL NOT BE AC-CEPTED. A request for pickup must be made in advance by calling Town Hall at 267-8300, Extension 118 or 124 only. You will be asked to list the items you want picked up, you will be advised what the cost is, and you will need to drop off cash or a check made payable to the Town of Belmont prior to the collection Please visit the Town's website day. at www.belmontnh.gov for the full details on the program and a price list.

Just a reminder that the Town of Belmont is an active member of Lakes Region Public Access Television which can be seen locally on Breezeline Channels 24, 25, and 26. If you are a camera buff and you have an interest in producing a show to be shown on LRPA, please contact the station at 528-3070 to discuss your idea. LRPA has made significant strides to improve programming this past year and its presence in the Lakes Region. We urge you to check out their website at <u>http://lrpa.org</u> **Job Openings**

JOB OPENINGS

Property Auction—4 Leisure Lane

4 Leisure Lane - LOT#: 121-093-000-000

The property known as 4 Leisure Lane (121-093-000-000) is located in a pre-existing manufactured home subdivision (Pleasant Valley). Owner may place a single or double wide manufactured home on the lot.

The existing structure has been demolished and the lot is currently vacant. There is no "grandfathered" footprint for any manufactured home.

Due to the lot size and setback requirements, the buildable area (building envelope) is very small (51' x 17.5'). It is likely that relief will need to be requested from the Zoning Board of Adjustment (ZBA). To request relief from the ZBA, the applicant will need to provide a site plan prepared by a licensed land surveyor as part of the application.

General Information (please also see links and PDFs on our webpage belmontnh.gov):

Zoning: Residential Multi-Family

District Utilities: Public Water and Sewer (connection fees may apply)

Minimum Structure Setbacks from Property Line:

Front Yard: 50-ft Side Yard: 25-ft (reduced to 12.5' due to lot being undersized for the zone)

Actual Lot Size: 0.207 Acres (9016sf) Buildable Area = 51.46' x 17.50'

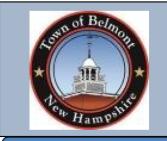

Exempt from Setback Requirements:

An open or railed 4-ft x 4-ft platform; Stairs or ramps used with the platform; Functional roof overhangs 24in or less

Deed restrictions should be reviewed by perspective owner(s) at the Belknap County Registry of Deeds

Belmont Revaluation 2024

Town of Belmont, NH

Revaluation Frequently Asked Questions

Why is a revaluation performed?

A revaluation is done to equalize the values within a municipality to ensure a fair distribution of the tax burden. It is not done to raise taxes. It is required by State Statute to be completed at least once every five years.

Property values change over time, but they do not all change at the same rate. Market value may have increased more for some neighborhoods and property types than for others, while others still may have decreased in value. A revaluation is done to make sure assessed values

reflect changes that have occurred in the real estate market.

Will a revaluation increase taxes?

A revaluation may result in an increase or decrease in an individual property's tax burden depending on how the property's value increased or decreased relative to the average change in assessment. A revaluation does not mean all taxes will increase or decrease.

Assessed values are the base by which the tax burden is determined. In contrast, the tax bill is determined by the amount of tax which must be raised by the municipality to cover the municipal, county, and school budgets. For example, if the municipal, county, and school budgets were to remain the same and all assessed property values were to double, the tax rate would merely be cut in half, but the same property tax amount would be due from each property.

A revaluation does not increase the tax dollars that a municipality is able to raise. The amount of taxes to be raised is determined by the budgets that are passed by the municipality, school, and county, and not by property assessments.

Will all property values change?

It is likely that most property values will change, however, they will not all change at the same rate. Market value may have increased more for some neighborhoods and property types than for others. The values of some neighborhoods and property types may have even stayed the same or decreased in the current market. The purpose of the revaluation is to make sure that the assessments reflect those changes in market value.

What is fair market value?

Market value is defined as the amount a typical, well-informed buyer would be willing to pay a willing seller for a property. For a sale to be considered a qualified sale used to determine market value, it must be an arm's length transaction -- the buyer and seller must not be related, the buyer must not be under pressure to buy and the seller must not be under pressure to sell, the property must be on the market for a reasonable length of time, the payment must be in cash or equivalent, and the financing must be typical for that type of property.

How will market value determine my assessed value?

The value of your property is based on an analysis of the entire market for a specified period of time before the completion of the revaluation project, in this case from April 1, 2023 to March 31, 2024. The sales are researched and analyzed and factors such as location, size, quality of construction, age of improvements, topography, utilities, etc. are analyzed to establish valuation parameters (construction rates, land rates, market adjustments, etc.). When these valuation parameters are applied to the properties that sold, the calculation will result in a value that is very close to the sale price. The KRT appraisers then test that the valuation parameters consistently produce values that closely approximate the sales prices across all types of proper-

Belmont Revaluation 2024

Revaluation Frequently Asked Questions (continued)

ties throughout the Town. When this is accomplished, the KRT appraisers then reapply these same valuation parameters to all of the "non-sale" properties in the Town. In doing so, they are approximating the market value of each property using the information derived from ALL of the recent, qualified sales. Using this methodology, there is no particular sale or group of sales that are used to determine your property's value (unlike a bank appraisal for a mortgage).

The inside of my home was not inspected, so how could you reassess it?

The ultimate goal is to see the inside of as many homes as possible. While KRT may not be able to accomplish this for many reasons, it is still possible to accurately estimate the data, quality and condition. The Assessor's Office maintains a complete record of each property. Information is kept current through permit inspections, sales inspections, periodic re-inspection and exterior reviews. These records are available for your review in the Assessor's Office or online at the Town's website. The details on your property card are used to determine your new value. We encourage you to review your property card for accuracy.

Why did my assessment change when I haven't done anything to my property?

Market value is determined by the activity in the real estate market and the general economy. As property values change in the marketplace, which is reflected in sales, those changes will eventually be reflected on the assessment roll.

When will I know how much my resulting tax bill will be?

A notice stating the proposed assessed value will be mailed to each property owner. The goal is for this phase to be completed in August of 2024. The tax rate (the rate used to calculate property taxes due) is determined after the municipal, county, and school budgets and values are finalized. Once the tax rate is set in the fall, tax bills will go out; it is only at time property owners will know what their resulting tax bill will be.

Revaluation Timeline

Project Completion		September, 2024

Belmont Revaluation Press Release 2024—Pg 1

PRESS RELEASE

BELMONT HIRES KRT APPRAISAL TO COMPLETE 2024 STATISTICAL UPDATE

The Town of Belmont, New Hampshire has hired KRT Appraisal to conduct a Statistical Update of all properties in the Town. There are five major phases to a municipal revaluation: Data Collection, Market Analysis, Valuation, Field Review, and Informal Hearings. During these phases many tasks will be implemented in order to successfully complete the revaluation.

PHASE 1: DATA COLLECTION

The first phase, Data Collection of all Sale Properties, will begin in February of 2024. During this phase "Data Collectors" go to each property that sold between April 1, 2023 and March 31, 2024 and physically inspect the interior and measure the exterior of each building. These Data Collectors note the buildings' location, size, age, quality of construction, improvements, topography, utilities, zoning restrictions, if any, and numerous other characteristics both inside and out. They may also ask the homeowner a few questions regarding the sale. To confirm that a home was inspected, the homeowner is asked to sign a data collection form to verify that the inspection took place. The entire process takes about 15 minutes for most properties. The data collected is subject to verification by the NH Department of Revenue Administration and a KRT Supervisor.

KRT Field Representatives will carry Picture IDs, Municipal Letters of Introduction, and have their vehicles listed with both the Assessing Department and Police Department.

PHASE 2: MARKET ANALYSIS

A variety of resources are used to collect data from the real estate market. While the physical data is being collected by the Data Collectors, Appraisal Personnel will be analyzing property sales that took place over the last year or two to determine which market factors influenced property values. KRT Appraisal will gather and use information from The Registry of Deeds, MLS, and local real estate professionals. Once all the data is collected and reviewed for accuracy, the appraiser will use the sales to determine which Assessment tables need to be updated in order to generate assessments that reflect full market value.

PHASE 3: VALUATION

Valuation is done using one of the three recognized appraisal methods: Cost Approach, Income Approach and Sales Comparable Approach. The Sales Comparable Approach is the most widely used approach among the three. The Income Approach will be used to assist with the valuation of Commercial, Industrial and Apartment properties.

During this phase, individual characteristics of the land and building are analyzed using information gathered in both phases 1 and 2. Each property is compared to other comparable properties with similar characteristics. Then the established market values of the improvements are added to the land value that was previously determined. This value is the final estimate for each parcel of property, building and land.

Belmont Revaluation Press Release 2024—Pg 2

PHASE 4: FIELD REVIEW

Field Review is the method of checking and re-checking both the values that have been determined and the data that has been collected. During this review, properties are viewed in the field by experienced appraisers who double-check uniformity and accuracy of information. It may be common in the summer months to see a marked vehicle parked on the road with a KRT appraiser looking at the property.

PHASE 5: INFORMAL HEARINGS

Once the Field Review is completed, a notice stating the proposed value will be mailed to each property owner in August of 2024. At that time anyone with questions concerning the revaluation process or about the assessment of their property will have an opportunity to discuss this with a member of KRT's staff.

After all five phases are completed, all data, files, records, etc. used in the revaluation will be turned over to the Assessor's Department for retention.

Town Clerk's Corner

February is here, bringing us that much closer to Spring!! Will Punxsutawney Phil see his shadow this year??

Last month we saw a great voter turnout at the 2024 Presidential Primary election. It was a successful day and our own Town Moderator, Alvin Nix Jr., was even featured giving the results of our election on CNN!

The month of February also brings us the Deliberative Session for this year's Town election. While no voting will take place, it is an important part of the election process giving residents the opportunity to hear all of the proposed warrant articles for the official ballot, discuss and possibly amend the wording and dollar amounts of the proposed articles. The Deliberative session will be held on Saturday, February 3, 2024 at the Belmont High School Cafeteria beginning at 10AM.

It is also that time of year for dog license renewals. If you have a furry family member, be sure to stop by Town Hall and renew their license before April 30th. If their rabies vaccination has been recently updated, please bring that in with you. The cost for licenses for dogs who have been spayed/neutered is \$6.50 while unaltered dog licenses cost \$9.00. If you are over the age of 65 you get one dog license per household for \$2.00. Licenses can also be renewed on our Town Website <u>www.belmontnh.gov</u>.

Wishing everyone a month of peace, love and joy!

Highway Department News

Second Shovel

Similar to last month but still relevant in light of recent weather patterns. A couple members of the team were asked about plowing things differently in an effort to mitigate the amount of snow that ends up in property owners' driveways. The short answer to that is no, but there is a reason. Most trucks are equipped with one direction plows and the wing on the passenger side is always at a fixed angle when deployed. The trucks are designed to clear a path of snow 13 to 14 feet wide from the center of the road and push it to the edge of pavement. The snow from the lane of the roadway being plowed will end up in the maintenance right of way on the property at the edge of the road. There is something that can be done by property owners to lessen the impact to a previously shoveled or plowed driveway. Below, you will find an illustration borrowed from our neighbors about how to prevent the dreaded "Second Shovel". It shows how clearing to the left side of the driveway for approximately 20 feet gives the plow and wing a place to unload built up snow, lessening the amount that gets pushed into the driveway. This new illustration also shows great mailbox placement. Any snow picked up by the plow is carried away from the box reducing the chance for damage.

Before you dig, remember to call DigSafe Not only is it safe, **IT'S THE LAW!**

Belmont Police Department

POLICE

۲

BELMONT

BELMONT POLICE

BELMONT POLICE

Bel PO

We would like to take a moment to recognize and welcome our newest members of the Belmont Police Department.

First, we have Officer Jeffrey Heger who was sworn in as a patrol officer. Officer Heger has started his field training and will be looking to head to the 16-week New Hampshire Police Academy in February. Good luck to Officer Heger and we will look forward to seeing him on the road this summer. We also have the privilege of having Father Marc

Drouin join our department as our Chaplain. Father Marc brings a lot of experience being a police Chaplain and we welcome you aboard as well.

> Officer Travon Durham was sworn in as a patrol officer. Officer Durham is staring his field training and he is looking forward to meeting the residents in our community.

We have two open patrol officer positions and are seeking interested candidates to fill those roles. If

interested, feel free to reach out to any member of the department to see if this career is right for you!

As always, if you have any questions for us, we can be reached at 603-267-8350.

Conservation Commission

STEWARDSHIP AND LAND MANAGEMENT

New Hampshire Association of Conservation Commissions

NH's conservation commissions are the local stewards of town natural resources and wildlife. Stewardship of conservation land is a great responsibility for many commissions who ensure proper use and land management of town property and easements.

A conservation commission itself cannot hold title to land or easements; the town or city holds the fee or any interest in real property acquired for a municipality through the efforts of a commission. However, **RSA 36-A:4** specifies that any interest in land acquired in the name of the municipality by the conservation commission be *"managed and controlled"* by the commission. Whether your commission holds conservation easements or manages town-owned land you'll want to make sure that it is used properly to ensure protection of conservation values.

Town conservation land can also be featured as model of good stewardship. Hosting hikes and educational programs on town conservation land can provide an example of best management practices and how it is possible to balance timber sales and offer recreational opportunities while enhancing wildlife habitat, and protecting air quality, and water supplies.

Need to brush up on your monitoring skills? Check out the Stewardship Resources at NH's Conservation Land Stewardship Program and Nature Groupie's How to Monitor Conservation Easements: Training Guide.

Identify Natural Resources

In order to successfully manage conservation lands, the commission needs to identify the natural and cultural resources on the property. If land is acquired to protect an significant natural resource, such as ground or surface water supply or an exemplary biological community, all other potential uses of the property will be subordinate to the primary purpose of protection.

Conservation Commission

Just about everyone is interested in wildlife and protecting habitat is often a primary goal for conservation commissions. Your commission can identify high value habitats with significant ecological values by viewing the New Hampshire Wildlife Action Plan (WAP). The State WAP provides community maps that identify highest ranked habitat and species likely to live in the area. The WAP includes resources on creating and maintaining wildlife habitat and conservation planning tools. Taking Action for Wildlife (https://www.takingactionforwildlife.org) is an excellent resource for both individuals and communities that want to identify and protect wildlife in their area.

Protect Biodiversity

Conservation commissions are working to retain biodiversity by protecting habitat and through the control of invasive species. Several commissions have initiated projects to identify and try to avoid or control invasive plant species, both aquatic and terrestrial, in their communities.

NEW HAMPSHIRE WILDLIFE ACTION PLAN								
Belmont Habitat Types	Acres							
Appalachian-Oak-Pine Forest	7,297.5							
Floodplain Forest	167.5							
Grassland	1351.3							
Hemlock-Hardwood-Pine Forest	5,992.4							
Peatland	162.4							
Temperate Swamp	221.4							
Marsh And Shrub Wetland	577.0

Building Department

Who Needs Building Codes?

We all do—whether in our homes, offices, schools, stores, factories, or places of entertainment. We rely on the safety of structures that surround us in our everyday living. The public need for protection from disaster due to fire, structural collapse, and general deterioration underscores the need for modern codes and their administration.

Resilient construction has the potential to substantially reduce property damage and loss of life resulting from all forms of natural disasters.

HOW RELIABLE ARE THEY?

Most aspects of building construction electrical wiring, heating, sanitary facilities represent a potential hazard to building occupants and users. Building codes provide safeguards. Although no code can eliminate all risks, reducing risks to an acceptable level helps.

WHAT IS A BUILDING CODE?

Practically, it is the government's official statement on building safety. Technically, it is a compendium of minimum safety standards arranged in a systematic manner (codified) for easy reference. It embraces all aspects of building construction—fire, structural, plumbing, electrical, and mechanical.

WHAT IF I WANT TO DO A BUILDING PROJECT MYSELF?

Building departments have pamphlets and brochures explaining, in detail, how to obtain permits and design and construct a safe building. Inquire within your local community.

People Helping People Build a Safer World®

Building Codes How They Help You

WHY SHOULD CODES APPLY TO MY OWN HOUSE?

For several reasons:

 \cdots For your personal safety, and that of your $% \left(f_{\mathrm{A}}\right) =0$ family, and the guests invited into your home.

 $\cdot\cdot$ To ensure the economic well-being of the community by reducing potential spread of fire and disease.

•• For the conservation of energy.

 $\cdot\cdot$ To protect future home purchasers who deserve reasonable assurance that the home they buy will be safe.

The regulation of building construction is not a recent phenomenon. It can be traced through recorded history for more than 4,000 years. Through time, people have become increasingly aware of ways to avoid the catastrophic consequences of buildingconstruction failures.

If you are considering a building project, please contact the Building Office with any questions. 603-267-8300 x3 Or email the Building Official at buildingofficial@belmontnh.gov

NEW YORK TIMES BESTSELLER

A LETTER FROM THE BELMONT HERITAGE COMMISSION

Dear Belmont Community Friends,

The Heritage Commission continues its search for information through the community for stories, documentary or photos of Belmont's history. We especially are looking for families who have lived here for years and years through generations and generations. A few years ago, the commission completed video interviews from several older residents who lived on Main Street during their younger years. The DVD of those interviews is available at the *Belmont Public Library*. In addition to the video the Heritage Commission sent out questionnaires (see below). Thank you again to those of you who responded! We are now looking to compile a published book based on those who mailed in their completed questionnaires. It has been suggested to make the questionnaire public again for those of you who may have missed it or are now interested in being included in a book from citizens about Belmont's past.

Many years ago, before his passing the Town Historian, Wallace Rhodes went through great efforts making presentations to Belmont Elementary students informing the younger generations about Belmont's history and heritage. There is also a segment in the DVD mentioned above showing Wallace speaking to fourth graders.

The Heritage Commission is also hoping to compile information about its residents to share Belmont's history using the information gathered from the questionnaires and then putting it into book form for both the young and the young at heart to enjoy.

This time of the year might be the perfect time to cozy up with a paper and pen to complete the questionnaire below! Please print off the questionnaire below and do one of the following to turn it in:

1. Send completed questionnaire to: <u>jackvickdon@gmail.com</u> which directly connects you to the Heritage Chairman, Vicki Donovan.

2. Drop off your completed questionnaire at the Town Hall, c/o Heritage Commission.

3. Mail your completed questionnaire to: Heritage Commission, P.O. Box 310, Belmont, NH 03220.

Belmont Heritage Commission Questionnaire

Please answer as many questions that pertain to you or your Belmont family history.

Please use additional paper if needed.

Name	Date
Address	
Address And if you wish to supply t	he following:
Email	Phone
1. How long have you lived in Be	Imont?
2. What are some of your earliest	memories of the town?
3. How many generations of your	family have lived here?
4. How did you or they end up se	ttling here?
5. Why did you decide to stay?	

6. There are many historic buildings and places... share any memory or stories members of you or your family have/had of The Mill, The Library, The Gale School, The Bandstand, The Town Hall, Stores on Main Street, The Rivers or Dams, The Train Depot, Other....

Please use additional paper if needed.

7. What were the occupations your parents, grandparents did back in the day, for example farmer, homemaker. Did they travel to a job? What did most people do for work that you heard about from your parents, grandparents?

8. Any information about town life or stories that were passed down for example: town events, celebrations, school sporting events, parades?

9. Any humorous story, interesting story, weather, or a famous person you heard about that lived in or visited Belmont?

Present and Future Belmont

10. What do you think about Belmont now and what would you like to see in the coming years that Belmont should aspire to?

11. If you know of anyone we should interview based on their knowledge of Belmont, long standing resident of Belmont or you just know they have great stories to share about their family history in Belmont please jot name below.

12. Any additional information you would like to add:

If you would like a questionnaire mailed to you, please:

1. Use this email to contact Chairman, Vicki Donovan: jackvickdon@gmail.com

2. Drop off a note at Town Hall that includes "Heritage Questionnaire Request" with your name and mailing address.

3. Mail a request for a questionnaire to: Heritage Commission, P.O. Box 310, Belmont, NH 03220 with your name and mailing address.

Happy Winter and thank you, Belmont Heritage Commission 2024

Garbage & Recycling Calendar 2024

Please note there will be NO CHANGES to garbage and recycling collection in February, March or April.

Village Spur Rail Trail NOTICE

Please take notice that the Village Rail Spur Trail is not maintained over the winter. All Town trails may be enjoyed at your own risk.

Cemetery Trustees / Board of Selectmen Public Hearing

Town of Belmont Board of Selectmen / Cemetery Trustees Public Hearing Wednesday, March 20, 2024 at 10:00 am Belmont Mill, 14 Mill Street

The Town of Belmont NH Cemetery Trustees have identified 7 cemeteries that are not owned by the Town, and under RSA 289:19-21, propose to have them declared neglected/abandoned:

Gile Cemetery - 229 Jamestown Road - M/L 232-006 – oldest stone--Mary Gile deceased 09/18/1828

Woodman Cemetery – Hurricane Road – M/L 222-004 - oldest stone--Frances Adelaide Woodman deceased 10/01/1845

Leavitt Cemetery – Leavitt Road behind Smith's Orchard – M/L 211-074 - oldest stone--Lewis S Leavitt deceased 01/14/1814

Farrar Cemetery – Province Road – M/L 226-026 - oldest stone--Jeduthan Farrar Sr. deceased 06/1784.

Prescott Cemetery – Northbrook Road – M/L 205-008 - oldest stone--Col. Dudley Prescott deceased 08/03/1815

Weymouth Cemetery (Burial Ground) – Brown Hill Road – M/L 229-040 Swallow Cemetery – Swallow Road – M/L 203-004

Direct descendants or other interested parties of the ancestors or properties above should contact the Belmont Selectboard at (603) 267-8300 xt 118 as soon as possible to discuss this matter. The SelectBoard may declare the cemeteries abandoned after the public hearing if descendants grant permission or no descendants are located. Those will become municipal cemeteries managed by the Cemetery Trustees.

Belmont Got Lunch

G©T LUNCH! Belmont & Friends

VOLUNTEERS NEEDED

We've got a big summer ahead delivering food bags to kids every week. But we need help right now to make it all happen!

Immediate roles include:

- Fundraising/Donations
- Logistics
- Public Relations
- Procurement
- Grant Writing

When summer rolls around, we'll also need folks for:

- Packing food
- Delivery drivers

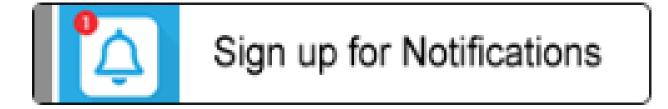

Got some time to spare? Whenever you can help, we've got a spot for you. Reach out and let us know.

For More Information Call Sharon Ciampi 603.581.9746

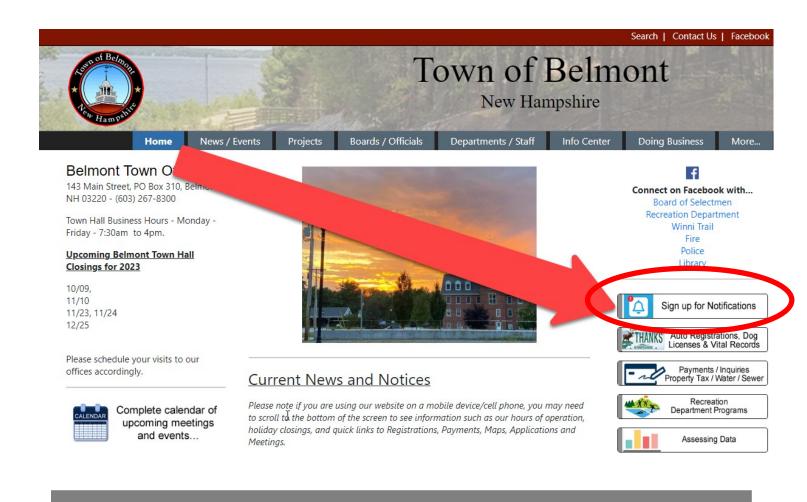

email: gotlunchbelmontandfriends@gmail.com

Do you know someone new to Town, or someone in Town who would love to see our Newsletter and receive important notices by email from the Town of Belmont?

Please visit our homepage at <u>belmontnh.gov</u> and click the button on the righthand side to "Sign Up for Notifications".

General Assistance

HOME PERFORMANCE WITH ENERGY STAR[®] Moderate-Income Program

The Home Performance with ENERGY STAR - Moderate-Income (HPwES-MI) program is open to qualifying customers of Eversource, Liberty Utilities, Until, and NH Electric Cooperative. The HPwES-MI looks to support those NH residents that are over income for Home Energy Assistance (income eligible weatherization program) yet may struggle to cover the customer co-pays in our market rate Home Performance program. HPwES-MI offers higher incentives on weatherization measures and 0% finance options to help cover the customer co-pay.

The program rebate structure is as follows:

Measure Type	Incentive Level	Customer Co-Pay				
Air Conditioning	80%	20%				
Air Sealing	100%	0%				
Appliance Timers	100%	0%				
Door Replacements	80%	20%				
Duct Sealing	80%	20%				
Health & Safety	80%	20%				
Heating System Clean & Tune	80%	20%				
Heating System Replacements	80%	20%				
Insulation	80%	20%				
LED Bulbs	100%	0% 0% 0% 20% 0% 20%				
LED Fixtures	100%					
Low Flows	100%					
Pipe Insulation	80%					
Refrigerators/Freezers	100%					
Tank Wrap	80%					
Thermostats	100%	0%				
Water Heater Setback	80%	20%				
Window Replacements	80%	20%				

Program Requirements:

- Income eligibility qualified by the Community Action Agency
- Open to customers who do not qualify for fuel assistance (over income for fuel assistance) but fall within the 80% state median income or 300% federal policy guidelines

For more information, please contact Margaux Levesque with Eversource:

Margaux.levesque@eversource.com or 603-490-3506
