10-21-1: ILLINOIS FOOD SERVICE SANITATION CODE; ADOPTED.

- (a) The provisions of Title 77, Chapter 1, Subchapter m, Part 750, of the Illinois Administrative Code (amended as of July, 2018) are hereby adopted as the Food Code of the Village.
- (b) It shall be unlawful to violate any provision of the Food Code.
- (c) Violations of the Food Code may be prosecuted as ordinance violations or may be prosecuted in accordance with Chapter 15, Miscellaneous Regulations, Article 8, Administrative Adjudication of Non-Vehicular Violations.

10-21-2: DEFINITIONS: In addition to the definitions contained in the above rules and regulations, the following definitions shall apply in the interpretation and enforcement of this ordinance.

1. Adulterated shall mean the condition of any food
 - a. if it bears or contains any poisonous or deleterious substance in a quantity which may render it injurious to health.
 - b. if it bears or contains any added poisonous or deleterious substance for which no safe tolerance has been established by regulation or in excess of such tolerances if one has been established.
 - c. if it consists in whole or in part of any filthy, putrid, or decomposed substance or if it is otherwise unfit for human consumption.
 - d. if it has been processed, prepared, packed or held under insanitary conditions whereby it may have been contaminated with filth or whereby it may have been rendered injurious to health.
 - e. if it is in whole or in part the product of a diseased animal or animal which has died otherwise than by slaughter.
 - f. if its containers are composed in whole or in part of any poisonous or deleterious substance which may render the contents injurious to health.

2. Regulatory Authority shall mean the Village of Bridgeview or an authorized representative thereof.

10-21-3: PERMIT. It shall be unlawful for any person to operate a Retail Food establishment (food-service establishment or retail food store) within the Village of Bridgeview, State of Illinois, who does not possess a valid permit issued to him by the Regulatory Authority. Only a person who complies with the requirements of this ordinance shall be entitled to receive and retain such a permit. Permits shall not be transferrable from one person to another person or place. A valid permit shall be posted in a conspicuous place in every retail food establishment.

Permits for permanent retail food establishments shall expire one year following the date of issuance. Permits for temporary food-service establishments and temporary retail food stores shall be issued for a period of time not to exceed 14 days.

- a. Issuance of Permits: Any person desiring to operate a food-service establishment or retail food store or to renew an expired permit shall make

written application for a permit on forms provided by the Regulatory Authority. Such application shall include: the applicant's full name and post office address and whether such applicant is an individual, firm, or corporation, and a partnership; the names and type of proposed food-service establishment or retail food store; and the signature of the applicant or applicants. If the application is for a temporary food-service establishment or temporary retail food store, it shall also contain the inclusive dates of the proposed operation and the foods intended for service.

Upon receipt of such an application, the Regulatory Authority shall make an inspection of the establishment to determine compliance with the provisions of this ordinance. The Regulatory Authority shall issue no license pursuant to this chapter, and the applicant shall neither prepare, process nor sell any food, unless the Regulatory Authority shall have inspected and approved the applicant's premises, vehicles, vending machines and other equipment and facilities for compliance with the Code of the Village of Bridgeview and the rules and regulations. Foods intended for service at temporary food service establishments must receive approval prior to service.

- b. **Renewal of Permits:** Whenever the inspection for renewal of a permit reveals serious or repeated violations of this ordinance, the permit will not be issued and the Regulatory Authority shall notify the applicant immediately thereof, such notice shall state the reasons for not renewing the permit. Such notice shall also state that an opportunity for a hearing shall be provided for the applicant at a time and place designated by the Regulatory Authority. Such hearing shall be scheduled not later than 10 days from the date of the notice. The notice referred to in this paragraph shall be delivered to the applicant in person by the Regulatory Authority or may be sent by registered mail, return receipt requested. A permit which has expired shall be removed from the establishment by the Regulatory Authority.

- c. **Suspension of Permits:** Permits may be suspended temporarily by the Regulatory Authority for failure of the permit holder to comply with the requirements of this ordinance. Whenever a permit holder or operator has failed to comply with any notice issued under the provisions of Section 3 of the

ordinance, the permit holder or operator shall be notified in writing that the permit is, upon service of the notice, immediately suspended and that an opportunity for a hearing will be provided if a written request for a hearing is filed with the Regulatory Authority by the permit holder.

Upon suspension of the permit, the permit shall be removed from the establishment by the Regulatory Authority and returned to the Village Health Commissioner. Notwithstanding the other provisions of this ordinance, whenever the Regulatory Authority finds insanitary or other conditions in the operation of a food-service establishment or retail food store which in his judgment, constitute a substantial hazard to the public health, he may without warning, notice or hearing, issue a written notice to the permit holder or operator citing such condition, specifying the corrective action to be taken, and specifying the time period within which such action shall be taken and if deemed necessary, such order shall state that the permit is immediately suspended, and all operations as a food-service establishment or retail food store are to be immediately discontinued. Upon suspension thereof, all operations shall cease at once, and the license and permits shall be removed from the establishment and delivered to the Health Inspector. The Health Inspector shall promptly notify the Bridgeview Police Department of the suspension, and the Police Department shall enforce the cessation of operations.

- d. Reinstatement of Suspended Permits: Any person whose permit has been suspended may at any time make application for a reinspection for the purpose of reinstatement of the permit. Within 10 days following receipt of a written request, including a statement signed by the applicant that in his opinion the conditions causing suspension of the permit have been corrected, the Regulatory Authority shall make a reinspection. If the applicant is complying with the requirements of this ordinance, the permit shall be reinstated.
- e. Revocation of Permits: For serious or repeated violations of any of the requirements of this ordinance, or for interference with the Regulatory Authority in the performance of its duties, the permit may be permanently revoked after an opportunity for a hearing has been provided by the Regulatory Authority. Prior to such action, the Regula-

tory Authority shall notify the permit holder in writing, stating the reasons for which the permit is subject to revocation and advising that the permit shall be permanently revoked at the end of five days following service of such notice, unless a request for a hearing is filed with the Regulatory Authority, by the permit holder, within such 5-day period. A permit may be suspended for a cause pending its revocation or a hearing relative thereto.

- f. **Hearing:** The hearings provided for in this ordinance shall be conducted by the Regulatory Authority at a time and place designated by it. Any oral testimony given at a hearing shall be reported verbatim, and the presiding officer shall make provision for sufficient copies of the transcript. The Regulatory Authority shall make a final finding based upon the complete hearing record and shall sustain, modify or rescind any notice or order considered in the hearing. A written report of the hearing decision shall be furnished to the holder of the permit by the Regulatory Authority.
- g. **Application after Revocation:** Whenever a revocation of a permit has become final, the holder of the revoked permit may make written application for a new permit.
- h. **Fees:** All fees shall be issued in accordance with established Bridgeview Village revenue regulations contained in Section 10-1-20 of the Village of Bridgeview Code. These fees shall be collected by the City Revenue Department and shall be deposited into the Village of Bridgeview General Revenue Department fund. There will be no charges made for such permits to any schools, religious, voluntary or non-profit making community organizations and institutions.

10-21-4: INSPECTIONS.

- a. **Frequency of Inspection:** At least once every six months, the Regulatory Authority shall inspect each food-service establishment and retail food store within the Village of Bridgeview, Illinois, and shall make as many additional inspections and reinspections as are necessary for the enforcement of this ordinance.
- b. **Right of Entry:** The Regulatory Authority, after proper identification, shall be permitted to enter

at any reasonable time any food-service establishment or retail food store in the Village of Bridgeview, State of Illinois, for the purpose of making inspection to determine compliance with this ordinance. He shall be permitted to examine the records of the establishment to obtain pertinent information pertaining to food and supplies purchased, received, or used and persons employed.

- c. Report of Inspection: Whenever an inspection of food-service establishment or retail food store is made, the findings shall be recorded on an inspection report that is substantially equivalent to that of the State of Illinois Department of Public Health Retail Food Establishment Inspection Report. One copy of the inspection report form should be furnished to the person in charge of the food-service establishment or retail food store. The complete inspection report form is a public document and shall be made available for public disclosure to any person who requests it.

10-21-5: FOOD SANITATION:

- a. All food shall be protected from contamination and the elements while being stored, prepared, displayed or sold at a food establishment, during transportation to or between such establishments or vending machine locations or in mobile food dispensing or itinerant vehicles, and so shall all food equipment containers, utensils, food-contact surfaces and devices and vehicles.
- b. All foods to be used, prepared, cooked, displayed, sold, served, offered for sale or stored in a food establishment, mobile food dispensing or itinerant vehicle or automatic food vending machine shall be from sources approved by the health authorities of the point of origin and must be clean, wholesome, free from spoilage, adulteration, contamination, or misbranding and safe for human consumption. The standards for judging wholesomeness for human food shall be those promulgated and amended from time to time by the United States Public Health Service, Food and Drug Administration, and published in the Code of Federal Regulations.
- c. It shall be unlawful for any person to use, bring, accept or keep in any food establishment, automatic vending machine, mobile food dispensing or itinerant vehicle with the intention of selling or serving any food which is unwholesome or in any manner unsafe or unfit for human consumption.

- (1) All ice cream, ice milk, frozen desserts, milk or mix used in the manufacture of frozen desserts shall comply with this Municipal Code and the rules and regulations of the Village health authority, and the only milk or milk products which may be used as food ingredients shall be Grade "A" milk or milk products as defined in the federal Pasteurized Milk Ordinance (PMO) and listed as approved by the Interstate Milk Shippers (IMS) listings. All milk and fluid milk products shall be sold in the individual original containers in which they were received from the distributor and shall be stored at a temperature of 45° or less until sold.
- (2) Shellfish, including oysters, clams and mussels, shall be obtained from a source approved by the United States Public Health Service, Food and Drug Administration, and certified by the state of origin. Shell stock and shucked shellfish shall be kept in the containers in which they were originally packed, until sold.
- (3) All meats, meat food products, poultry and poultry products used in cooking, offered for sale, sold or prepared shall be from sources inspected and approved by the United States Department of Agriculture, the State of Illinois, or the Village of Bridgeview, and shall be plainly marked, tagged or stamped, to indicate the source, and the inspection and approval and appropriately graded.
- (4) All ice and bottled or packaged potable water shall be of a safe, sanitary quality from a source approved by the Regulatory Authority and shall be stored in such a manner as to prevent contamination. All bottled or packaged water shall be dispensed from the original container filled at an establishment approved by the Regulatory Authority. Such water bottles shall not be refilled elsewhere.
- (5) All hermetically sealed foods shall have been processed in approved food processing establishments. The use, preparation, display, sale or storage of home-canned foods is prohibited, and no other foods which have been processed in a private home or other than in an approved food processing establishment shall be stored, used, kept for sale or served

in a food establishment, mobile food dispenser, automatic food vending machine, or itinerant vehicle.

- (6) Only clean whole eggs with shell intact and without cracks or checks or pasteurized liquid or pasteurized dry eggs or egg products, which, if reconstituted, shall be heated to 140°F or above prior to usage, shall be used. Liquid, frozen dry egg products shall be used only for baking or cooking.
 - (7) All bakery products shall be prepared in a licensed food dispensing establishment or in a food-processing establishment approved by the food sanitation authorities of the local point of origin.
- c. It shall be unlawful for any person to use, bring, accept or keep in any food establishment, automatic vending machine, mobile food dispensing or itinerant vehicle with the intention of selling or serving any food which is unwholesome or in any manner unsafe or until for human consumption.
 - d. It shall be unlawful for any person to mislabel any food or disseminate any false advertisement of any food. An advertisement is false if it is false or misleading in any particular. It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale or exchange any food that is falsely advertised or mislabeled.
 - e. All employees who enter food processing areas, who prepare food, serve or handle in any manner unwrapped or unenclosed foods on utensils or receptacles or who handle foods on food transporting vehicles shall maintain a high degree of personal cleanliness and conform to hygienic prescribed in and comply with all of the handler requirements of this code and in the rules and regulations promulgated under this authority.
 - f. All necessary controls measures shall be used to effectively minimize, or eliminate when possible, the presence of rodents, roaches and other vermin and insects on the premises of all food establishments, in food transporting vehicles and vending machines. All garbage and rubbish shall be stored, removed and disposed of as prescribed in this Code.

- g. All equipment and utensils shall be so designed and of such material and workmanship as to be smooth, easily cleanable and durable and shall be in good repair. Food contact surfaces of such equipment and utensils shall also be easily accessible for cleaning, non-toxic, corrosion resistant, and relatively non-absorbent. The Regulatory Authority may approve exceptions to these materials requirements for equipment such as cutting boards, blocks and bakers' tables. All equipment and utensils shall be maintained in a sanitary condition in accordance with the rules and regulations of the Village of Bridgeview.

10-21-6: EXAMINATION AND CONDEMNATION OF FOOD AND/OR EQUIPMENT.

- a. Food may be examined or sampled by the Regulatory Authority as may be necessary to determine freedom from adulteration or misbranding. The Regulatory Authority may, upon written notice to the owner or person in charge, place a hold order on any food which he determines or has probable cause to believe to be unwholesome or otherwise adulterated or misbranded. Under a hold order, food shall be permitted to be suitably stored. It shall be unlawful for any person to move or alter a hold order notice or tag placed on food by the Regulatory Authority. Neither such food nor the containers thereof shall be relabeled, repackaged or reprocessed, altered, disposed of, or destroyed without permission of the Regulatory Authority, except on an order by a court of competent jurisdiction. After the owner or person in charge has had a hearing as herein provided and on the basis of evidence produced at such hearing, or on the basis of microbial examination of the product (in the event of written request for a hearing is not received within ten days,) the Regulatory Authority may vacate the hold order or may, by written order, direct the owner or person in charge of food which was placed under the hold order to denature or destroy such food or bring it into compliance with the provisions of this ordinance. Such order shall be stayed if the order is appealed to a court of competent jurisdiction within three days.
- b. Where equipment used in the preparation of food products is found to be in a state of disrepair, unsafe, unsuitable for use, or unsanitary, such equipment shall be taken out of use and a hold order placed on said items by the Regulatory Authority. Such equipment may not be put back into

service until written permission is obtained from the Regulatory Authority. It shall be unlawful for any person to move or alter a hold order notice or tag placed on equipment by the Regulatory Authority. Such equipment will not be altered, disposed of or destroyed without permission of the Regulatory Authority except on an order in a court of competent jurisdiction. After the owner or person in charge has had a hearing as herein provided and on the basis of the evidence produced at such hearing or on the basis of examination in the event of a written request for a hearing is not received within ten days, the Regulatory Authority may vacate the hold order or may by written notice direct the owner or person in charge of the equipment which was placed under the hold order to remove such equipment or bring it into compliance with the provisions of this ordinance. Such order shall be stayed if the order is appealed to a court of competent jurisdiction within three days.

10-21-7: PROCEDURE WHEN INFECTION IS SUSPECTED. It shall be the duty of any owner who has knowledge of, and of any physician who attends or prescribes for, and of every superintendent or person in charge of any hospital caring for any person suffering from or suspected of suffering from food poisoning or infection, or any form of such food poisoning or infection, whether bacterial, viral or chemical, at once to report this fact to the Regulatory Authority and thereafter to submit to the Regulatory Authority a written report stating the name and address of the person thus afflicted, the nature of the poisoning or infection, and the source or probable source of the same.

No person affected with or carrying any disease in communicable form, or affected with boils, infected wounds, sores, acute respiratory infection or intestinal disorder shall work in any area of a food establishment in any capacity in which there is likelihood of that person contaminating food or food-contact surfaces with pathogenic organisms or transmitting disease to other persons. It shall be unlawful to employ any person known or suspected of being affected with any such disease or condition in such an area or capacity, and if the person in charge of any such food establishment suspects that any employee has contracted any disease in a communicable form or has become a carrier of such a disease, he shall notify the Regulatory Authority immediately.

When suspicion arises as to the probability of transmission of infection from any food establishment employee, the Regulatory Authority may: require the employee to submit urine or feces or other necessary specimens for laboratory examination or other medical examination to determine the presence of disease; exclude the employee immediately from all food establishments; close the

food establishment until the Regulatory Authority determines that no danger of disease outbreak exists; make such medical examinations of the employee and his associates, including laboratory examinations, as may be deemed necessary under the circumstances.

10-21-8: FOOD HANDLERS CLASSES. The Regulatory Authority may order any food handler to attend an immediate food handler training course when, in the judgment of the Regulatory Authority, the work habits of said food handler constitute a hazard to public health. Fees may be charged by the Regulatory Authority to offset the cost of the course.

10-21-9: FOOD ESTABLISHMENTS OUTSIDE JURISDICTION OF HEALTH AUTHORITY. Food from establishments outside the jurisdiction of the Village of Bridgeview, State of Illinois, may be sold in the Village of Bridgeview, State of Illinois, if such food establishments conform to the provisions of this ordinance or to substantially equivalent provisions. To determine extent of compliance with such provisions, the Regulatory Authority may accept reports from responsible authorities in other jurisdictions where such food establishments are located.

10-21-10: PLAN REVIEW OF FUTURE CONSTRUCTION.

1. Plan Submittal - Equipment List Submittal: Whenever a food service establishment or retail food store is constructed or extensively remodeled and whenever an existing structure is converted to use as a food service establishment, properly prepared plans and specifications for such construction, remodeling, or conversion shall be submitted to the Regulatory Authority for review and approval before construction, remodeling or conversion is begun. The plans and specifications shall indicate the proposed layout, arrangement, mechanical plans, and construction materials of work areas, and the type and model of proposed fixed equipment and facilities. The Regulatory Authority shall approve the plans and specifications, if they meet the requirements of this ordinance. No food service establishment or retail food store shall be constructed, extensively remodeled, or converted except in accordance with plans and specifications approved by the Regulatory Authority.
2. Pre-Operational Inspection: Whenever plans and specifications are required by Section 10(1) of this ordinance to be submitted to the Regulatory Authority, the Regulatory Authority shall inspect the food service establishment or retail food store prior to the start of operations, to determine

compliance with the approved plans and specifications and with the requirements of this ordinance.

10-21-11: PENALTIES: Any person who violates any provisions of this ordinance, or any rules and regulations adopted herein shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than \$1,000.00. In addition thereto, such person may be enjoined from continuing such violations. Each day upon which such violation occurs shall constitute a separate offense.

10-21-12: MANAGERIAL CERTIFICATION. In addition to the general licensing requirements for food and drink establishments set forth in this Code, all Category 1 food and drink establishments shall operate under the daily control of a person who holds a valid State of Illinois or equivalent Food Service Sanitation Manager Certificate of Registration. Each applicant for a food dispensing Category 1 license shall provide the Regulatory Authority with evidence of such certificate issued to members of the applicant's supervisory or managerial staff. Every such Certificate of Registration shall be posted conspicuously in that part of the food dispenser establishment to which the public has access.

10-21-13: UNCONSTITUTIONALLY SENTENCE, CLAUSE OR PHRASE. Should any section, paragraph, sentence, clause or phrase of this ordinance be declared unconstitutional or invalid for any reasons, the remainder of said ordinance shall not be affected thereby.

10-21-14 :MOBILE FOOD DISPENSERS; VEHICLES. Every vehicle used by a mobile food dispenser in the conduct of a business shall comply with the following requirements:

- a. The vehicle shall be enclosed with top and sides.
- b. The interior floor, walls and ceiling of each vehicle shall be of smooth, not readily corrodible, impervious material capable of withstanding repeated washing and scrubbing and shall be finished in a light color.
- c. The food service sections of the vehicle shall be insect and rodent-proof.
- d. The name, address and mobile food dispenser license number shall appear on both sides of the vehicle in letters at least 3" in height, in contrasting color. A license sticker provided by the Village of Bridgeview shall be displayed on the windshield in the lower right hand corner.

- e. All food service equipment utilized in the mobile food dispenser shall be of easily cleanable construction and shall be maintained in good repair and shall be clean.
- f. Applicants for a license, under this chapter, who are located outside of the Village, may obtain a license from the Village provided that the vehicle does comply with the above-mentioned requirements and the applicant does dispense foods which are prepared and wrapped in a commissary which does conduct its operations under the supervision of state or local health authority; providing that the ordinance regulating same is substantially equivalent to this chapter. The applicant shall, in addition to the application, provide reports including inspection reports in addition to the application, provide reports including inspection reports and laboratory results from the state or local health authority in the jurisdiction where the food source or commissary is located, indicating compliance with such provisions.

10-21-15. MOBILE FOOD DISPENSERS; FOOD SOLD. No food other than individual portions that are totally enclosed in a wrapper or container and which have been manufactured, prepared or wrapped in a food establishment licensed by the city or a food establishment which is operating under the state or local health authority, and provided the ordinance regulating same is substantially equal to this chapter, shall be sold or served from or by a mobile food dispenser, except the following:

- a. Coffee which is prepared in a duly licensed food establishment, refrigerated cream which is kept in a covered single-service container, or an approved package or in a covered closed pouring-spout type container, or in any other manner approved by the Health Inspector, which is effective in preventing contamination by the customer.
- b. Other bulk soft drinks or beverages which are dispensed from an approved dispenser only. These approved bulk soft drink dispensers shall be served and filled only at a duly licensed food establishment which serves as a commissary for the mobile food dispenser. The drink outlet on all bulk liquid dispensers shall be protected from flies, dust and contamination by customers.

10-21-16. MOBILE FOOD DISPENSERS; TEMPERATURE CONTROL. Adequate mechanical refrigeration equipment or its equivalent as approved by the Department of Health shall be provided and all meat, milk, dairy products, fish, poultry, and other perishable products, including meat sandwiches and cream-filled pies shall be stored in the vehicle at a temperature not in excess of 45° F., except that perishable food products commonly serviced as a hot food shall be stored in a heating appliance or oven that shall be equipped with a thermometer showing the internal temperature of such heating appliance, oven or device.

Heating appliances or oven temperature shall be kept at a minimum temperature of 180° F., during the period that the foods are being heated. Heated foods shall have an internal temperature of at least 145° F., until served.

10-21-17. MOBILE FOOD DISPENSERS; CONTAINERS. All milk and milk products shall be served only in the individual containers in which the product was filled in a Grade A milk plant holding a Chicago Board of Health permit, or authorized number.

Only single-service food utensils shall be used. All single-service food utensils such as cups, straws, knives, forks, spoons and stirrers shall be individually wrapped, kept in a clean place, properly handled and shall be used only once. All cups and containers for bulk drinks shall be stored in closed cartons and served from dispensers which protect their rims from contamination by customers, dust, dirt or flies.

10-21-18. MOBILE FOOD DISPENSERS; LABELS AND DATES. All individually wrapped portions of perishable food products, including sandwiches, pies and other similar portions shall be plainly marked by the manufacturer on the wrapper or container in such a manner as to plainly identify the day and the month of which such individual portion was prepared and wrapped in an establishment approved by the Department of Health as hereinbefore provided. The name and address of the establishment processing or manufacturing and wrapping portions of perishable food products shall appear on each individual portion.

No person shall keep or offer for sale individual portions of perishable food products which have been rewrapped or repackaged or portions of which the identifying date on the wrapper has been altered, disfigured or changed in any manner.

10-21-19. MOBILE FOOD DISPENSERS; STORAGE. All perishable food products shall be stored as provided in this chapter or as provided by rules and regulations established by the Village until served to the customer.

10-21-20. MOBILE FOOD DISPENSERS; MOVEMENT OF VEHICLES.

- a. Mobile food dispenser vehicles shall move from place to place upon the public ways and shall not be operated at a fixed location except as otherwise provided herein.
- b. Stops shall be made only to service customers and shall not exceed a total of thirty minutes in any one block. No such vehicle shall traverse any such block more than twice in a given day.
- c. No mobile food dispenser vehicle shall be equipped with any electronic sound-amplifying device; permitted advertising devices shall be limited to devices which do not employ any electronic sound-amplifying device. Mobile food dispenser vehicles employing musical or noise-making devices shall only sound said devices when transversing the public way and shall be prohibited from sounding said devices while parked. No mobile food dispenser vehicle equipped with musical or noise-making devices shall sound said devices within 200 feet of a hospital, nursing home or while traversing any zone of quiet established under the Village Code. No sales from such vehicle shall be made between the hours of ten (10:00) p.m. and ten (10:00) a.m.
- d. No operator of such vehicle shall park or stand such vehicle within two hundred feet of a school or school playground while school is in session, or a place of business which deals in like or similar commodities such as are sold by the mobile unit.
- e. No sale shall be made from such vehicle except from the right curb side thereof, and then only when such vehicle is legally parked.
- f. The provisions of (b) and (c) above shall not apply to mobile food dispenser vehicles that are not equipped with noise-making devices and that are being used solely in the business of industrial food catering in providing hot and cold meals to persons engaged in industry in the Village.

10-21-21. MOBILE FOOD DISPENSERS; PLUMBING AND

SANITATION. All mobile food dispenser vehicles shall be equipped with a hand-washing sink and an adequate supply of running hot water. The hot water storage tank shall be self-draining and cleaned and flushed not less than twice in each six-month period. Liquid waste from the hand-washing sink shall be piped in fixed piping to a waste water retention storage container

or tank of adequate size not located in food storage or food serving sections of the vehicle. The connection between piping from sink and waste water container shall be tight-fitting and comply with the plumbing provisions of this code. The waste water tank or container shall be emptied daily or more often if necessary, and only into a sanitary drainage facility in a manner and place approved by the Health Inspector.

10-21-22. MOBILE FOOD DISPENSERS; REFUSE. The operator shall maintain a suitable, tight, non-absorbent washable receptacle for refuse. He shall be responsible for sanitation of the environs of the place of operation. Said refuse receptacle shall be adjacent to, but not an integral part of the mobile food dispenser unit.

10-21-23. MOBILE FOOD DISPENSERS; NO ICE CREAM VENDORS. No mobile food dispenser shall be licensed by the Village of Bridgeview for the sale primarily or exclusively of ice creams, ice milk, sodas, sundaes, and/or other frozen desserts.

10-22-1: DEFINITION: The word foundry is hereby defined to mean any place or establishment where iron, copper, brass, zinc, lead, aluminum, bronze alloys, or any other metal or metals are poured, molded, or cast for building, agricultural, mechanical or other industrial or commercial purposes.

10-22-2: LICENSE REQUIRED: No person shall conduct or operate a foundry within the municipality without first having obtained a license therefor.

10-22-3: APPLICATION: An application for said license shall be made in conformance with the general requirements of this Code relating to applications for licenses.

The Commissioner of Buildings and the Police Department shall make separate investigations in order to determine whether the building or place within which such foundry is conducted or is to be conducted complies with all the provisions of this Code relating to health and sanitation, buildings, and fire prevention, respectively, applicable to said premises.

10-22-4: NOISE: It shall be unlawful to maintain, within two hundred (200) feet of any residence, a foundry wherein pneumatic hammers or other apparatus are used which cause loud or unusual noises.

10-22-5: SANITARY REQUIREMENTS: No building, structure, yard, lot or part thereof used for or in connection with any foundry shall be so used as to endanger the health or property of the employees or the public.

The owner, lessee, tenant, occupant, or manager of any foundry shall cause all ashes, cinders, slag, rubbish, sand, dirt and all foundry waste and refuse to be removed to some proper place, so that the same shall not accumulate at, in, or on the buildings, structures, yards or parts thereof, and so that the same may not become

filthy, offensive or detrimental to the public health; nor shall such owner, lessee, tenant, occupant, or manager permit any cinders, slag, or foundry waste to be so used, deposited, or disposed of, that gas or gases shall emanate therefrom which might become offensive or detrimental to the health of any person not being therein or thereupon engaged. Any person therein or thereupon engaged shall be properly safeguarded while so engaged.

It is hereby declared to be a nuisance to permit any ashes, cinders, slag, rubbish, sand, dirt, or foundry waste or refuse to accumulate, or to use or deposit same contrary to the provisions of this section in such a way that it might become detrimental to the health of the public.

The Building Department shall inspect the premises used for foundry purposes and property in connection therewith as often as it deems necessary in order to abate or cause to be removed the nuisance herein declared.

10-22-6: FIRE PREVENTION REGULATIONS: Each person conducting a foundry shall comply with the fire regulations of this Code applicable thereto. It shall be the duty of the Building Department to inspect periodically each such premises to determine whether such regulations are being complied with.

- 10-23-5: Regulations
- 10-23-6: Fire Prevention

10-23-1: DEFINITIONS:

a. The term solid fuel, when used in this Article, shall mean any anthracite, semianthracite, bituminous, semi-bituminous, orlignite coal, briquettes, boulets, coke, gas, house coke, petroleum coke, petroleum, carbon, firewood or any other manufactured or patented fuel not sold by liquid or metered measure.

b. The term coal yard owner, when used in this Article, shall mean any person receiving solid fuel in railroad cars or cargo vessels, and keeping, piling or storing the same on any lot, plot of ground, railroad siding, switch track or other place, and shall include any person delivering solid fuel from any railroad siding or switch.

c. The term dealer in solid fuel, when used in this article, shall mean any person not a coal yard owner, as defined in this section, offering for sale, selling, or delivering solid fuel. The term dealer in solid fuel, when used in this Article, shall also mean any person who peddles any solid fuel.

d. The term fuel oil dealer, when used in this Article, shall mean any person whose primary business is the storage of fuel oil, gasoline or petroleum in bulk for the purpose of sale, or whose primary business is the conveyance of fuel oil, gasoline or petroleum in any vehicle for the purpose of sale.

e. The term fuel oil storer, when used in this Article, shall mean any person who keeps on hand or stores fuel for use in any business, but not for resale.

10-23-2: LICENSE REQUIRED: No person shall engage in the business of coal yard owner or dealer in solid fuel within the municipality without first having obtained a license therefor.

No person shall engage in the business of fuel oil dealer in the municipality without first having obtained a license therefor.

No person shall keep on hand or store fuel oil for use in any business in the municipality, other than the business of fuel oil dealer, without first having obtained a license therefor for each location, place or premises where such person keeps on hand or stores for use any such oil; provided, however, that no license shall be required of any person who keeps on hand or stores fuel oil at any location, place or premises in a quantity less than two thousand (2,000) gallons for use exclusively in the heating of any building.

No person, firm or corporation shall keep, pile or store on any lot, plot of ground, railroad siding, switch tract or other place within the fire limits of the municipality, any solid fuel in quantities greater than one hundred (100) tons without first having obtained a license to do so as hereinafter provided.

Except as otherwise expressly provided in this section, any person engaging or proposing to engage in one (1) or more of the businesses or activities described in this Article shall obtain a separate license for each.

10-23-3: APPLICATION: An application for any license under this article shall be made in conformity with the general requirements of this Chapter relating to applications for licenses. The application shall also set forth whether the applicant engages in or proposes to engage in the business or activity of coal yard owner, dealer in solid fuel, fuel oil dealer, wholesale gasoline dealer, or fuel oil storer.

The application shall also set forth the number of vehicles, if any, to be used in connection with said business.

The application shall also state whether the applicant uses or proposes to use storage facilities in connection with the business of fuel oil dealer, and, if so, the location, place or premise where such storage facilities are located or are to be located, and their capacity.

The application for a fuel oil storer's license shall also state the location of the place at which the applicant desires or intends to store fuel oil for use in applicant's business, the maximum aggregate quantity to be so stored or used, a description of the business engaged in, the location and capacity of all containers or tanks having a capacity of fifty (50) gallons or more for the storage of fuel oil, and such other information as may be required by the Fire Department.

10-23-4: INVESTIGATIONS: The Building Commissioner and Fire Chief shall make or cause to be made such investigations as they deem necessary to determine whether the applicant's proposed place of business and the methods and equipment intended to be used by such applicant comply with all the applicable provisions of this Code, particularly those relating to building, zoning and fire prevention. No license shall be issued to any applicant whose proposed place of business and methods and equipment do not comply with the applicable provisions of this Code. Said officials shall indicate on the application for a license the results of their investigation and their approval or disapproval of said application.

10-23-5: REGULATIONS: It shall be unlawful to establish or maintain a coal yard or to store fuel oil as a fuel oil dealer within the fire limits of the municipality, and no such license shall be issued for the establishment or maintenance of any such coal yard or for the storage of any such fuel oil; provided, however, that this section shall not apply to any coal yard located within the fire limits of the municipality on and prior to the effective date of this Code, nor to a fuel oil dealer who is storing fuel oil within the fire limits of the municipality on or prior to the effective date of this Code.

It shall be unlawful to pile any solid fuel in such a way that it can fall on adjoining property or upon any street, alley, sidewalk or other public place.

The provisions of this Article shall not be construed to permit the establishment of any coal yard or storage facility in any place where such coal yard or storage facility is prohibited by the zoning regulations of this Code.

The appropriate municipal officials shall inspect or cause to be inspected, as often as they deem necessary, all premises, vehicles, containers and tanks, either above or below ground or within a building, to determine whether all applicable provisions of this Code are being complied with.

When solid fuel is stored in piles higher than six (6) feet, all such solid fuel shall be ventilated by horizontal ducts or pipes so as to prevent spontaneous combustion. Whenever solid fuel in storage shows indication of spontaneous ignition or gives off gases, it shall be the duty of the licensee or agent or person in charge or control of the premises to turn over or overhaul such solid fuel and remove all portions of the same showing indication of ignition or coking. No solid fuel shall be stored in piles higher than eight (8) feet in height. The floor or ground surface of the premises shall at all times be kept free from flammable waste material and accumulations of combustible waste materials. Gasoline, fuel oil or other flammable liquids shall not be placed

or stored upon the licensed premises unless separated from such solid fuel by fireproof walls.

10-23-6: FIRE PREVENTION: Any person licensed under this Article shall be subject to all applicable fire regulations of this Code and to all penalties for violations thereof. Nothing in any of these sections shall be construed as limiting any of the fire prevention regulations of this Code.

- 10-24-8: Flammable Liquids
- 10-24-9: Waste Disposal
- 10-24-10: Building and Fire Regulations
- 10-24-11: Unclaimed Vehicles

10-24-1: DEFINITIONS:

a. The term gasoline filling station as used in this Article is hereby defined as meaning any building, structure, premises, enclosure, or other place within the municipality where a container or containers, tank or tanks, either portable or stationary, and containing ether, carbon, bisulphite, gasoline, naphtha, benzole, hydrocarbon (gas drips), liquified petroleum gas, acetone, kerosene, turpentine, or other flammable liquids having a flash point below one hundred sixty five degrees (165°) Fahrenheit, seventy six degrees (76°) Celsius) are kept or located for the purpose of selling, offering for sale, or distributing any such liquids from such container or tank; provided, however, that the provisions of this Article shall not apply to any place where such flammable liquids are kept or sold for medicinal purposes only.

b. The term automotive vehicle wrecking and repair establishments, as used in this Article, is hereby defined as meaning any building, structure, premises, enclosures, or other place where the business of doing repair work for or wrecking of motor vehicles or any of the component parts thereof, the replacing of or the adding of parts thereto, or the polishing, washing, greasing, painting, or refinishing of such vehicles is carried on.

10-24-2: LICENSE REQUIRED: No person shall engage in the business of a gasoline filling station or automotive wrecking and repair without first having obtained a license therefor.

10-24-3: APPLICATION: Any application for said license shall be made in conformity with the general requirements of this Code relating to applications for licenses. The applicant shall also specify the capacity in gallons of every container or tank installed upon the premises.

Every such application shall be investigated by the Fire Chief and the Building Inspector to determine whether the applicable provisions of this Code are being complied with, and the approval of such officers noted thereon, before a license shall be issued.

10-24-4: LOCATION: No tank, container, pipe or other equipment for the storage and handling of flammable liquids shall be installed within two hundred (200) feet of the nearest boundary of any lot or plot of ground used for a school, hospital, church or theater.

10-24-5: CHANGE OF LOCATION: If any person licensed to engage in the business of a filling station or automotive vehicle wrecking and repair establishment shall, before the expiration of such license, desire to change the location of the business engaged in thereunder, the licensee shall notify the Clerk, and shall furnish all of the information which is required to be furnished on an original application for license. Every such application for change of location shall be approved by the Chief of Police, the Building Inspector, and the Fire Chief before a change in location shall be authorized, and the new location shall be subject to the same conditions and restrictions as are prescribed for the premises for which the license was first issued.

10-24-6: SMOKING: It shall be unlawful for any person to smoke or to permit smoking within fifty (50) feet of any pump or dispensing unit, or any place where flammable material is stored.

10-24-7: LOCKERS: Lockers for workmen's clothing shall be of metal.

10-24-8: FLAMMABLE LIQUIDS: Gasoline, benzine, naphtha, and similar flammable liquids shall not be used for washing or cleaning purposes within any filling station, nor in the open air within a distance of fifty (50) feet of any repair pit or any opening from any basement space.

10-24-9: WASTE DISPOSAL: Waste oil or other flammable liquids shall be stored in metal containers pending removal from the premises. No such waste shall be permitted to drain into any sewers or storm water drainage system. Rags and soiled waste shall be kept in metal containers.

10-24-10: BUILDING AND FIRE REGULATIONS: The construction and equipment of filling stations, including tanks and the requirements for safety clearances around same, shall be made and maintained in accordance with the provisions of this Code regulating buildings and flammable liquids. Filling stations shall be inspected by the Fire Department or Building Department at least once every year.

10-24-11: UNCLAIMED VEHICLES: The operator of an automotive vehicle wrecking or repair establishment in which a vehicle remains unclaimed after being left for the purpose of repair for a period of fifteen (15) days shall, within five (5) days after the expiration of that period, report the vehicle as unclaimed to the Police Department in accordance with Chapter 95-1/2, Section 4-107(c) of the Illinois Revised Statutes.

- 10-25-7: Additional Privileges
- 10-25-8: Definition
- 10-25-9: License Required
- 10-25-10: Application

10-25-1: INSPECTION: The Building Department, in addition to making the initial inspections provided for herein, shall visit or cause to be visited all such places of business licensed under this Article as often as it shall deem necessary, but at least once a year, to see that the provisions of this Article are complied with, and said Building Department shall have the authority to require that such arrangements be made as may be deemed necessary for the safety and health of the employees, pursuant to the terms of this Code and such laws as may be in force concerning health and sanitary conditions.

It shall be the duty of every person licensed under this Article to comply with the fire regulations of this Code applicable thereto, and the Fire Department shall periodically inspect each such place of business to determine whether the said regulations are being complied with.

10-25-2: VENTILATION: No owner, proprietor, manager or superintendent of any business licensed under this Article where one (1) or more persons are employed shall cause, permit, or allow the same, or any portion of any room within the same, to be overcrowded or inadequate, faulty, or insufficient in respect to light, ventilation, heat, and cleanliness; and fresh air shall be supplied by ventilation in accordance with the building regulations of this Code. No part of such air supply shall be taken from any cellar or basement.

10-25-3: SANITARY REQUIREMENTS: Every place wherein any business licensed under this Article is carried on shall be kept in a clean and sanitary condition. All necessary measures shall be taken to safeguard the lives and health of all persons employed in such establishments, and adequate and convenient washing and toilet

facilities shall be provided for such employees. No person suffering from an active contagious or infectious disease shall be employed in such business.

All articles kept for sale in such establishments shall be kept free from vermin or any matter of a contagious or infectious nature.

All decomposed, fetid, or putrescent matter and all refuse, waste, and sweepings shall be removed and disposed of at least once each day, and in such manner as not to cause a nuisance, and all cleaning shall be done as far as possible outside of working hours, but if done during working hours, it shall be done in such a manner as to avoid the necessary raising of dust or noxious material.

HARDWARE STORES

10-25-4: DEFINITIONS: The term hardware store is hereby defined to mean any building, room, enclosure, premises, place, or establishment in the municipality, operated, maintained, or conducted for the sale or offering for sale at retail of any of the following articles: hardware; tinware; aluminumware; enamelware; cutlery; tools; implements; apparatus; machinery; plumbing, engineers, janitors, blacksmiths, contractors or electrical supplies; gas, plumbing, or electrical fixtures; other than articles or wares made largely of metals; kerosene; rifles, shotguns, and loaded shot shells or cartridges; provided, however, that dealers or establishments or parts of establishments of a similar nature specifically defined and licensed by other parts of this Code shall be exempt from the provisions licensing hardware stores.

10-25-5: LICENSE REQUIRED: No person shall engage in the business of a hardware store without first having obtained a license therefor.

10-25-6: APPLICATION: An application for a hardware store license shall be made in conformity with the general requirements of this Code relating to applications for licenses. The applicant shall also describe the premises to be licensed and state the location of the same.

The Commissioner of Buildings shall cause an investigation to be made of the premises named and described in the application for a license to conduct a hardware store, for the purpose of determining the fitness and suitability of said premises for such business from a sanitary standpoint, and of determining whether or not the said premises comply with all the provisions of this Code and laws of the State regulating health, safety, and sanitation so as to safeguard properly the lives and health of the employees engaged therein. The Fire Department shall investigate said premises to

determine whether the fire regulations of this Code applicable thereto have been complied with.

10-25-7: ADDITIONAL PRIVILEGES: Every licensed hardware store shall have the privilege of engaging in the business of a paint store within the same building, room, enclosure, premises, place, establishment or part of an establishment without the necessity of obtaining an additional license.

PAINT STORES

10-25-8: DEFINITION: The term paint store is hereby defined to mean any building, room, enclosure, premises, place, establishment, or part of an establishment in the municipality operated or conducted for the sale or offering for sale at retail of any paints, dry colors, wall paper, varnishes, calcimine, white or red lead, raw or boiled linseed oil, turpentine, dryer, benzine, naphtha, painters' tools, supplies and equipment; and provided further that dealers or establishments or parts of establishments of a similar nature specifically defined and licensed by other provisions of this Code shall be exempt from the provisions of that part of this Article dealing with paint stores.

10-25-9: LICENSE REQUIRED: No person shall engage in the business of a paint store without first having obtained a license therefor.

10-25-10: APPLICATION: An application for a paint store license shall be made in conformity with the general requirements of this Code relating to applications for licenses. The applicant shall also describe the premises, as well as the location of the same.

Every such application shall be approved by the Fire Department and by the Commissioner of Buildings before a license shall be issued.

The Commissioner of Buildings shall cause an investigation to be made of the premises named and described in the application for a license to conduct a paint store for the purpose of determining the fitness and suitability of said premises for such business from a sanitary standpoint, and of determining whether or not the said premises comply with all the provisions of this Code and laws of the State regulating health, safety, and sanitation so as to safeguard properly the lives and health of the employees engaged therein. The Fire Department shall also cause an investigation to be made of such premises for the purpose of determining whether the same comply with all of the fire regulations of this Code applicable thereto.

BUSINESS LICENSING AND REGULATION

ARTICLE 26. HOSPITALS

SECTION

- 10-26-1: Definition
- 10-26-2: License Required
- 10-26-3: Application
- 10-26-4: Location
- 10-26-5: Hospital Building and Evaluation Plan
- 10-26-6: Isolation of Contagious Diseased and Dead
- 10-26-7: Removal of Dead
- 10-26-8: Records
- 10-26-9: Reports to Police
- 10-26-10: Inspection

10-26-1: DEFINITION: The word hospital is hereby defined to mean any institution or place used for the harboring or the reception, care, and treatment, including treatment known as rest cure, physical culture, hydropathic massage, and all other forms of drugless treatment, of two (2) or more persons suffering from or afflicted with any mental or physical disease, bodily injury, alcohol or drug addiction; or any institution or place for the care of one (1) or more pregnant women during confinement; or any place or establishment advertised, announced, conducted, or maintained under the name hospital without a qualifying statement that such hospital is not intended for human beings.

10-26-2: LICENSE REQUIRED: It shall be unlawful for any person other than the regularly constituted authorities of the United States, the state, the county or the municipality to conduct or operate any hospital within the municipality without first obtaining a license therefor.

10-26-3: APPLICATION: An application for such hospital license shall be made in conformity with the general requirements of this Chapter pertaining to applications for business licenses. In addition, the application shall state the location or proposed location of the hospital, the purpose for which it is to be conducted or operated, the accommodations or proposed accommodations for the inmates thereof, the nature and kind of treatment given or proposed to be given therein, the name and address of the chief physician and surgeon, or board of physicians or surgeons attendant therein.

The Health Officer, upon the presentation of such application for a license, shall make, or cause to be made, inquiry into the facts set out in such application to ascertain whether such hospital is, or it intended to be, so conducted as to afford proper accommodations for the care of persons received or proposed to be received therein, and that the chief physician or surgeon, or intended chief physician or surgeon, or board of physicians or surgeons thereof, at the time of such application gives, or is under agreement thereafter to give, such attendance therein as does or will render him or them responsible professionally for the medical or surgical treatment given or to be given to any and all patients therein, and that such chief physician or surgeon, or board of physicians or surgeons, is regularly authorized to act as such under the laws of the state, and that such hospital complies or is intended to comply with all the laws, rules and regulations which shall then be in force concerning the management and control of such hospitals.

10-26-4: LOCATION: No hospital of any kind or description shall be erected or established within two hundred (200) feet of any property used for a public or parochial school or as a public playground; provided, that in the case of a hospital designed or maintained for the treatment of contagious diseases, no such hospital shall be erected or established within four hundred (400) feet of any property used for a public or parochial school or as a public playground.

10-26-5: HOSPITAL BUILDING AND EVACUATION PLAN: The building or buildings used or to be used as a hospital shall comply with the building provisions and fire regulations of this Code applicable thereto.

10-26-6: ISOLATION OF CONTAGIOUS DISEASED AND DEAD: There shall be provided in each hospital building a suitable room or rooms approved by the Health Officer to be used for the isolation of cases of contagious, infectious, epidemic, or communicable diseases that may be found in the hospital, until such time as the parties suffering from such diseases shall be removed. The room or rooms thus provided for the isolation of contagious disease cases shall have separate toilet facilities and a stationary wash stand with a supply of running water.

There shall be provided also in each hospital building a suitable room or rooms approved by the Health Department for the proper care of the dead pending their removal, which room shall be not less than six (6) feet by eight (8) feet square and be provided with running water, impervious floor properly drained, and tight, well-fitting doors and windows. The walls must be smooth and rendered impervious. The room must be properly ventilated by having at least one (1) opening to the outside air, or a flue to the roof when necessary. There shall be no uncovered steam pipes in such room.

10-26-7: REMOVAL OF DEAD: No person acting as superintendent or manager, or who is otherwise in charge or control of any hospital, or any person connected with any hospital in any capacity whatsoever as nurse, physician, or attendant, shall order, permit or allow the body of any patient or person who has been under treatment in such hospital, and who shall have died therein, to be removed from any such hospital at any time within twenty-four (24) hours after the hour of death, unless the removal of such body has been authorized in writing by some member of the immediate family of such deceased person, or by some other person legally authorized to order or permit such a removal.

10-26-8: RECORDS: Every hospital shall keep a complete record of all patients admitted to the institution, giving name, age, and condition of each patient, and the disease or injury for which such patient is being treated, together with any complications which may arise from or during such treatment, the date of admission and discharge of such patient from such hospital, and a record showing the date of birth, sex, and disposition of every child born in such hospital. In the case of patients admitted on account of injuries, insanity, drug addiction or contagious diseases, the hospital record shall show by whom and i whose ambulance or conveyance such patient was brought to the hospital. Such records shall be kept at all times open to the inspection of the Health Officer or his duly authorized representative.

10-26-9: REPORTS TO POLICE: It shall be the duty of any person conducting or operating a hospital to telephone the Police Department immediately upon application for treatment of a person who is not accompanied by a municipal police officer, when the person conducting or operating a hospital, or any employee thereof, knows that the person to be treated is at the hospital as a result of:

- a. any injury resulting from the discharge of a firearm;
- b. any injury or wound apparently inflicted by any object used as a weapon;
- c. any injury sustained in the commission of or as a victim of criminal offense;
- d. an animal or human bite;
- e. poisoning;
- f. any injury sustained on public property;
- g. any injury in which a moving motor vehicle was involved;

h. any injury of any cause where it is evident that death will probably ensue as a direct result thereof, or when death has resulted.

10-26-10: INSPECTION: Every hospital shall at all times be open to inspection by the Health Officer and the Commissioner of Buildings whenever and as often as they shall deem proper. The dispensing or serving of food in a hospital shall comply with the health and sanitary requirements of this Code and subject to inspection as therein provided.

BUSINESS LICENSING AND REGULATION

ARTICLE 27. HOTELS AND MOTELS

SECTION

- 10-27-1: Definitions
- 10-27-2: License Required
- 10-27-3: Annual Inspection
- 10-27-4: Application
- 10-27-5: Regulations

10-27-1: DEFINITIONS:

a. Hotel or Lodging House means and includes every building or structure kept, used or maintained as, or held out to the public to be, an inn, hotel or public lodging house or place where sleeping accommodations are furnished for hire to transient guests, whether with or without meals, in which ten (10) or more rooms are used for the accommodation of guests.

b. Motel or Motor Court means and includes cottages, cabins or rooms, either detached or connected, which are used by tourists, transients or other persons for sleeping or dwelling purposes.

10-27-2: LICENSE REQUIRED: It shall be unlawful for any person to conduct or operate any hotel, lodging house, motel or motor court within the municipality without first obtaining a license therefor as provided herein.

10-27-3: ANNUAL INSPECTIONS: Every hotel, lodging house, motel or motor court operated or maintained in the municipality shall be inspected under and by authority of the Health Officer at least once every year. Such inspections shall cover all matters pertaining to the sanitary conditions of the rooms, bed and bedding, including the ventilation of all occupied and unoccupied rooms, and also all rooms occupied by servants or other employees, to ascertain the condition of such rooms with respect to light, heat, ventilation and general sanitation. The investigation shall be sufficiently accurate and complete to convince the Health officer or his duly authorized representative whether the building and premises and parts thereof comply in all respects with this Code or the ordinances of the municipality and the laws of the state pertaining to such establishments.

10-27-4: APPLICATION: An application for such license shall be made in conformity with the general requirements of this Chapter pertaining to applications for business licenses.

10-27-5: REGULATIONS:

a. Every establishment licensed under this Article and every part thereof shall be clean and free from any accumulation of dirt, filth, garbage and other matter, in or on the same, or in the yard, court, passage area or alley connected with or belonging to the same.

The owner or keeper shall thoroughly cleanse all the rooms, passages, stairs, floors, windows doors, walls, ceilings, privies, cesspools and drains of the house or part of the house of which he is the owner, lessee or keeper, to the satisfaction of the Health Officer, as often as shall be required by or in accordance with any regulation or order of the Health Officer.

b. Every licensee shall have proper and suitable conveniences or receptacles for receiving garbage and other refuse matter.

c. All water closets and urinals in, or used in connection with, any hotel or lodging house shall be disinfected as often as may be necessary to keep them in sanitary condition.

d. Each licensee having a public washroom shall keep therein at all times a sufficient supply of clean towels or drying machines in a place in sight of and easy access to guests.

e. All beds for the accommodation of guests shall be provided with a sufficient supply of clean bedding and with clean sheets. Each sheet shall be at least eighty-one (81) inches wide and ninety-nine (99) inches long. All beds shall be provided with clean sheets as often as the beds are assigned to different persons, or at least semi-weekly.

f. The owner or keeper shall, whenever any person in such house is sick of fever or of any infections, pestilential or contagious disease, and such sickness is known to such owner, keeper, agent or lessee, give immediate notice thereof to the Health Officer. Thereupon, such officer shall cause the premises to be inspected and may, if found necessary, cause the same to be immediately cleansed or disinfected, at the expense of the owner, in such manner as the Health Officer may deem necessary and effectual. Such officer may cause the blankets, bedding and bed clothes used by any such sick person to be thoroughly cleansed and fumigated, or in extreme cases to be destroyed. In any event, such room shall not be let to any person for at least forty eight (48) hours after such fumigation or disinfection.

g. The layout, development and facilities of the licensee shall conform to the standards and requirements of this Code, the Building Code and all other valid ordinances of the municipality.

h. The licensed premises shall be in the charge of a manager who shall be of good moral character, available and responsible at all times for maintaining the grounds, buildings, and facilities in a sanitary, safe, orderly and usable condition.

i. There shall be an office or room where incoming occupants will be registered and where the registration records shall be maintained in approved form and kept available at all times for inspection by municipal officers.

j. No person known to be suffering from a reportable disease, as defined by the State Department of Public Health, shall be given accommodation, but shall rather be directed to a hospital. The manager shall immediately notify the Health Officer of any illness in the facility which is believed to be reportable.

k. Each sleeping unit shall be furnished with its own sanitary facilities, which shall consist of a minimum of one (1) flush toilet, and one (1) lavatory, and one (1) bath or shower.

l. Hot and cold running water shall be available at all times at lavatory, bath and shower fixtures.

m. Plumbing fixtures and floors shall be thoroughly cleaned at least once daily, or more often if necessary.

n. Water supply and sewage disposal facilities shall be maintained and operated so as to perform their function.

o. Each sleeping unit shall be furnished with beds and bedding which shall be in good condition, clean and adequate to maintain body comfort.

p. Each occupant of a sleeping unit shall be maintained in sleeping units heated from a central plant. Where central heating is not provided, sleeping units shall be furnished with safe, convenient and adequate facilities for use by occupants as necessary.

q. During hours of darkness, adequate lighting shall be maintained at all buildings and on the site.

r. Fire extinguishers shall be maintained in a filled and workable condition.

s. The manager shall comply with such other applicable health and sanitation rules and regulations that have been adopted under the owners granted state or county Health Departments.

CHAPTER 10

BUSINESS LICENSING AND REGULATION

ARTICLE 28. ITINERANT MERCHANTS AND TRANSIENT VENDORS

SECTION

- 10-28-1: Definition
- 10-28-2: License Required
- 10-28-3: Application
- 10-28-4: License; Bond

10-28-1: DEFINITION:

a. The term itinerant merchant or transient vendor as used in this Article shall mean any person, firm, association or corporation, whether as owner, agent, consignee or employee, whether a resident of the municipality or not, who engages in a temporary business for any period of time less than twelve (12) months, of buying, or selling, at wholesale or retail, and delivering to any person whomsoever, goods, wares and merchandise within the municipality, and who, for the purposes of conducting such business, occupies or uses any parcel of land, in conjunction with a building, tent, room, apartment, shop, store, structure, or other place within the municipality for the purpose of exhibition or sale or offering to purchase or sell such goods, wares, merchandise, either privately or publicly.

b. Exclusions: The aforesaid definition shall not apply to:

1. The transportation of goods, wares and merchandise and chattels of every description which is merely being transported or which is raised, produced or manufactured by the person transporting the same.
2. Persons selling vegetables, fruits or perishable farm products at booths on or adjacent to the property owned or occupied by them.
3. Persons using motor vehicles for the transportation of goods, wares and merchandise for delivery to an established list of customers or clientele, or to or from an established place of business.
4. Persons conducting judicial or other sales under legal proceedings.

5. Persons selling at circuses, carnivals or other public events, provided they are otherwise duly licensed by the municipality.

10-28-2: LICENSE REQUIRED: No person, firm or corporation shall act or conduct business as an itinerant merchant or transient vendor without first obtaining a license therefor.

10-28-3: APPLICATION: Applicants for a license under this Code, whether a person, firm or corporation, on a form to be supplied by the municipality, shall file a verified written application wherein there shall be furnished the following information:

a. The applicant's name, residence, place where business will be conducted, the kind of business, whether a vehicle, motor or otherwise will be used in connection with the business, and the number of days the business will be conducted.

b. Whether the business is to be conducted as a sole proprietorship, partnership or corporation.

c. If a sole proprietorship, the address of his or her permanent residence and the name and permanent residences of all persons, employees or agents assisting in the conduct of such business.

d. If a partnership, the names and permanent residence addresses of all partners.

e. If a corporation, the names and permanent residence addresses of all officers, the registered agent and managing agents and the state of incorporation.

f. The address of the place or places, other than the permanent place of business of the applicant, where the applicant, within the twelve (12) months immediately prior to the date of the application, conducted any business, stating the nature thereof, and the length of time such business was conducted.

g. The retailers occupation tax number of the applicant, along with a statement that such sales as are made within the municipality will be reported as having taken place within the municipality.

h. A statement of the nature, character and quality of the goods, wares and merchandise to be sold and delivered or offered for sale and delivery, the invoice value and quality of such goods, wares and merchandise, and the place where such goods, wares and merchandise were manufactured or produced and where the same are located at the time of filing such application.

i. A brief statement of the nature and character of the advertising done, or proposed to be done, in order to attract customers, with the representations to be made in connection therewith.

j. If the applicant is an agent acting on behalf of a principal, he shall attach a certificate of his authority verified by the principal.

k. Such other reasonable information as the municipality may deem proper to fulfill the purpose of this Article to safeguard and to protect the general public and the citizens of the municipality.

10-28-4: LICENSE; BOND:

a. If, as a result of investigation, the applicant shall be found not to have engaged in illegitimate and dishonest business practices on prior occasions, the Clerk shall issue a license to the applicant, provided the fee therefore is paid and the bond or bonds required are deposited, as hereinafter provided.

b. The Clerk shall keep a full and complete record in his office of all licenses issued, which shall include the aforesaid application. The license shall show the date upon which it was issued, the nature of the business authorized to be conducted under said license, whether a vehicle, motor or otherwise, will be used in connection with the conduct of the business, the expiration date of the license, the amount of the license fee paid, the nature and amount of the bond or bonds deposited, and the fact that the license is nontransferable, both as between persons and the vehicle or location or place of conducting business.

c. Simultaneously with the issuance of the license, the licensee shall deposit with the Clerk a surety company bond, issued by a surety company authorized to do business in the State of Illinois, approved as to form by the municipality attorney, in the penal sum of Three Thousand Dollars (\$3,000.00), for the purpose of protecting the public against any fraudulent acts or misrepresentations as to weight, measure, grade, quality, quantity, character or class of goods, wares and merchandise to be sold and delivered by the licensee, and said bond shall further guarantee the actual payment by the licensee of any and all bank checks, drafts, promissory notes or other evidences of indebtedness delivered by the licensee in payment for the purchase of goods, wares and merchandise to be sold and delivered by the licensee; and conditioned further to pay any judgment or judgments obtained against the licensee for civil liability arising out of the conduct of business, excluding, however, any cause of action or damages arising out of the operation of a vehicle, motor or otherwise, provision for which being hereinafter provided in the following paragraph d.

d. If the business of a licensee is to be conducted from or by the use of any vehicle, motor or otherwise, then in addition to the foregoing surety bond, the licensee shall also deposit a liability insurance policy, issued by an insurance company authorized to do business in the State of Illinois and approved as to form by the municipality attorney, which shall insure or indemnify the licensee for liability arising out of the operation of each vehicle, motor or otherwise, used in connection with the conduct of the licensed business, in an amount not less than: (1) in the case of injury or death to persons, Thirty Thousand Dollars (\$30,000.00) to any one (1) person, and Sixty Thousand Dollars (\$60,000.00) for any one (1) accident; and (2) in the case of damage to property, other than cargo, Ten Thousand Dollars (\$10,000.00) for any one (1) accident.

e. All bonds and insurance policies required by this section shall be maintained by the licensee in full force and effect for the full period of time in which the temporary business is to be conducted, plus thirty (30) days following the discontinuance or termination of such temporary business.

f. If any one or all of the foregoing bonds expire or are canceled by either the licensee or the insurer, and are not immediately replaced with bonds of the same kind, type and amount, such expiration or cancellation shall operate as a simultaneous revocation of the license, and thereafter it shall be unlawful to conduct or operate said temporary business.

i. For purposes of this Title, a junk dealer shall be defined as any person, firm or corporation who collects, procures, obtains and/or sells items which have been discarded, thrown away, or set out for collection by the Village's garbage collection contractor, or any other garbage collection service.

10-29-2: LICENSE REQUIRED:

a. Every person who shall keep, maintain or conduct a retail junk business and wholesale junk business shall procure a separate license for each such retail junk business, a separate junk store or junk yard located on separate premises, and for each junk wagon used in the business.

b. When a junk store and a junk yard located upon the same or contiguous or adjoining premises are kept, maintained or conducted by the same person, such business shall be engaged in both wholesale and retail junk business, in which case, separate respective licenses shall be required.

10-29-3: APPLICATION FOR LICENSE: An application for a junk dealer's license shall be made in conformity with the general requirements of this chapter relating to the issuance of applications. In addition, the application shall describe the premises where the business is to be conducted and shall meet all other requirements of this article.

10-29-4: JUNK DEALER OPERATING AS PAWNBROKER PROHIBITED:

a. No junk dealer shall receive any article or thing by way of pledge or pawn, nor shall such dealer loan or advance any sum of money on the security of any article or thing.

b. No junk dealer shall, during the period of such license, receive or hold a license to carry on the business of a pawnbroker.

10-29-5: RETAIL AND WHOLESALE BUSINESS TO BE SEPARATE:

a. Every wholesale junk dealer who shall also engage in the retail junk business, either by collecting, receiving, buying, selling, bartering, exchanging or storing junk in retail quantities, shall, for the period of two (2) days after the receipt, purchase, collection or storage of any junk so collected, purchased, received or stored, keep the same separate and distinct quantities, and all such junk thus received, purchased, stored or collected in retail quantities shall not, during such period, be sold, bartered or exchanged, or be exposed for sale, barter or exchange, and shall at all reasonable times be subject to inspection by the Chief of Police.

b. No article, thing or substance or junk, received or collected at retail, shall be melted, vulcanized or otherwise changed within two (2) days after the same was purchased, received or collected.

10-29-6: INSPECTION: The places of business and all junk of every junk dealer shall, at all reasonable times, be subject to inspection by the municipality.

10-29-7: REVOCATION OR DENIAL OF LICENSE:

a. The license of any person who shall have been licensed as a junk dealer, and who shall have been convicted of keeping, maintaining or conducting a fence, shall, upon such conviction, be revoked by the Village President, as provided in this code. No person who shall have been convicted of keeping, maintaining or conducting a fence shall be granted a license as a junk dealer during the period of one (1) year after such conviction.

b. No corporation which shall have been convicted of keeping, maintaining or conducting a fence shall be granted a license as a junk dealer during the period of one (1) year after such conviction.

c. No corporation, any one of whose officers, stockholders or employees has been convicted of keeping, maintaining or conducting a fence, shall be granted a license as a junk dealer during a period of one (1) year after such conviction, unless such

corporation shall produce satisfactory evidence to the Village President that such officer, stockholder or employee has disposed of his entire interest in such corporation and has completely severed his connection with such corporation.

10-29-8: PURCHASE FROM MINORS PROHIBITED: No junk dealer shall purchase any article whatsoever from any minor without the written consent of his parents or guardian.

10-29-9: HOURS OF BUSINESS: No junk dealer shall receive in the conduct of his or its business any goods, article or thing whatsoever from any person at any time on Sunday, or on any other day of the week between the hours of 7:00 p.m. and 7:00 a.m.

10-29-10: ARTICLES NOT TO BE SOLD IMMEDIATELY: No junk dealer shall expose for sale, nor sell or dispose of any goods, article, junk or thing whatsoever within two (2) days of the time of collecting, receiving, or purchasing the same, nor until the same shall have been on the premises wherein the same are offered, exposed or sold, at least two (2) days.

10-29-11: RULES AND REGULATIONS FOR MAINTENANCE:

a. The premises shall at all times be maintained so as not to constitute a nuisance or menace to the health of the community or of residents nearby, or a place for the breeding of rodents and vermin.

b. No garbage or other organic waste and no paper, rubbish, rags or other flammable articles or material shall be stored in such premises.

c. Whenever any motor vehicle shall be received in such premises as junk, all gasoline and oil shall be drained and removed therefrom, and none shall be permitted to remain upon the premises.

d. The manner of storage, arrangement of junk and the drainage facilities of the premises shall be such as to prevent the accumulation of stagnant water upon the premises, and to facilitate access for fire-fighting purposes.

e. All outdoor storage facilities shall be enclosed in a substantial, solid, nontransparent fence not less than eight (8) feet nor more than ten (10) feet high. Such enclosure shall at all times be painted and kept in good order.

f. No materials or wastes shall be deposited on any premises in such form or manner, or kept in a manner, such that they may be transferred off such premises by natural causes or forces.

g. No person shall burn in any junk yard refuse or junk, including rubber tires, batteries and rubber from wires or any type of junk or old used automobiles which may cause fumes or odors injurious to the health and welfare of adjoining residents.

10-29-12: RESTRICTIONS: It shall be unlawful for any junk dealer to collect, obtain, possess or pick-up any recyclable item placed for collection in front of a residence as part of the Village of Bridgeview's recycling program. All junk dealer licenses issued within the Village shall contain a statement in regard to the aforementioned restriction, as well as a statement advising the licensee of the boundaries of the areas within the Village in which the Village's recycling program is being conducted.

10-29-13: PENALTY: Any person, firm or corporation who violates the provisions of this Article shall be fined not less than fifty (\$50.00) dollars, nor more than five hundred (\$500.00) dollars.

- 10-30-13: Application
- 10-30-14: License Emblem
- 10-30-15: Name of Laundry on Vehicle
- 10-30-16: Sanitary Requirements

10-30-1: DEFINITIONS: The word laundry is hereby defined as any place, building, structure, room, establishment, or portion thereof, which is used for the purpose of washing, drying, starching, or ironing shirts, dresses, underwear, collars, cuffs, or other wearing apparel, table, bed or other household linens, towels, curtains, draperies, or other washable fabrics, such work being done for the general public.

The word laundry, as used in this Article, shall also be held to include any towel or linen supply laundry maintained or operated for the purpose of washing, drying, starching or ironing towels, aprons, napkins, table linens, washable clothing, or other similar articles which are the property of such laundry, but rented or loaned for a consideration to patrons or customers of said laundry.

The word laundry, as used in this Article, shall also be held to include any private laundry maintained or operated in connection with any hotel, restaurant, or public institution, except a hospital or charitable institution where no charge is made for laundry services.

The word laundry, as used in this Article, shall also be held to include any establishment wherein washing machine units are available for use by the general public upon the deposit of a coin or the payment of a fee to the operator of such establishment or his agent.

10-30-2: LICENSE REQUIRED: No person shall engage in the business of any laundry without first obtaining a license to do so.

10-30-3: APPLICATION: An application for said license shall be made in conformity with the general requirements of this Code relating to applications for licenses. In addition, the applicant shall state the maximum number of persons to be employed therein. The Building Department and Health Department shall cause an investigation for the purpose of determining whether the sanitary conditions and the other requirements of this Article are fully complied with.

10-30-4: SANITARY CONDITIONS: Every room or place used as a laundry, or for the storage of unlaundered or laundered fabrics in connection therewith, shall at all times be kept in good repair and maintained in a clean and sanitary condition as to floors, walls, ceilings, windows, woodwork, machinery, utensils, and fixtures, and every such room or place shall be kept free from rats, mice, and vermin, and all matters of an infectious or contagious nature.

No person who has tuberculosis, or acute or active venereal disease, any communicable or loathsome skin disease, or any other communicable disease, shall work in any laundry, and no owner, proprietor, manager, or person in charge of any laundry shall knowingly require, permit or suffer any such person to be employed therein.

No wallpaper shall be applied upon the walls or ceilings of any room used for commercial laundry purposes.

10-30-5: EMISSION OF VAPORS: Vapors, smoke, or odors emanating from any laundry shall not be permitted at any time to become a nuisance to any portion of the premises in which such laundry is located, nor to any adjoining or nearby premises.

10-30-6: EXCESSIVE HEAT: Every machine or mechanical device in any laundry that is operated by an employee, in case it emits or sends off excessive heat, shall be equipped with proper heat deflectors, hood and exhaust, or other apparatus that will carry the heat from the room or place in which the same is located.

10-30-7: SEPARATION OF LAUNDERED AND UNLAUNDERED ARTICLES: Every person conducting or operating any laundry shall be required to provide proper facilities and equipment for the separate handling of clean and soiled articles, and no clean or laundered articles shall be allowed to come in contact with any unlaundered or soiled articles of any kind at any time.

10-30-8: STERILIZATION OF ARTICLES: No person conducting or operating any laundry in which wearing apparel, household

linens, towels, bedding, or any other fabrics are received and treated through the process of washing, shall remove or cause to be removed from such premises, any laundered article until the same has been thoroughly sterilized by keeping it in the washing machine, vat, or other vessel provided for that purpose, and the water therein has been brought to a boiling temperature or maintained at a temperature of one hundred seventy five degrees (175°) Fahrenheit for at least twenty (20) minutes; or by subjecting it to live steam under pressure; or by keeping it in a drying house or drying tumbler in which the temperature is not less than two hundred twenty five degrees (225°) Fahrenheit; except in the case of silks and woolens, or other fabrics which would be injured by the foregoing processes, in which event the same shall be treated with soap, bleach, or such other standard disinfectant solutions as shall be approved by the Health Department.

10-30-9: ESTABLISHMENT OF NEW LAUNDRIES: Any person establishing a new laundry shall be required to submit to the Health Department, for its approval, a complete set of plans and specifications of the building in which any such new laundry is to be located; also a complete diagram of the floor plan of each room to be occupied by such new laundry, correctly showing the arrangement or setting of all machinery and equipment to be installed therein and provisions for the sanitary operation of the business.

10-30-10: PLANS FOR LAUNDROMATS: Any person establishing a laundry of the coin-operated self-service type shall be required to submit to the Commissioner of Buildings for his approval a complete set of plans and specifications and a complete diagram of the floor plan of each room to be occupied by such establishment, showing the arrangement or setting of all machinery and equipment to be installed therein. Each such plan shall be explicit and complete.

LAUNDRY VEHICLES

10-30-11: DEFINITION: The term laundry vehicle, as used herein, shall be construed to mean any wagon, automobile, or other vehicle used for the purpose of delivering soiled clothes or other items to a laundry operating with the municipality.

10-30-12: LICENSE REQUIRED: No person shall operate, or cause to be operated, on any of the public ways, any laundry vehicle without first having obtained a license for the same.

10-30-13: APPLICATION: An application for said license shall be made in conformity with the general requirements of this Code relating to applications for licenses. In addition, the applicant shall state the character of the vehicle for which the license is applied.

The Health Department shall cause such investigation to be made as is necessary for the purpose of determining whether such laundry vehicle complies with the sanitary and health regulations applicable thereto.

10-30-14: LICENSE EMBLEM: Every said licensee shall obtain from the Clerk, at the time that the license therefor is issued, a license emblem. Such license emblem shall have stamped thereon the words "laundry vehicle." Such license emblem shall be affixed to the inside glass part of the windshield of the laundry vehicle.

10-30-15: NAME OF LAUNDRY ON VEHICLE: No vehicle of any kind shall be used for the purpose of collecting or delivering laundry work unless said vehicle shall carry upon two (2) sides of the same, in plain legible letters, at least one and one-half (1-1/2) inches high, the name of the laundry where the laundry work is actually done.

10-30-16: SANITARY REQUIREMENTS: All vehicles used for the transportation of laundry shall at all times be kept in a clean and sanitary condition and be properly equipped with means to separate the laundered from the unlaundered fabrics. Every such vehicle shall have separate containers for bedding, linen, and wearing apparel which may be taken from places where quarantine has been established or where persons are convalescing after a disease.

Such vehicles shall be inspected under the direction of the Health Department as often and at such times as said Department may deem necessary or proper in order to keep them in a proper sanitary condition, and inspectors shall make reports in writing to said Department of any violation of the general sanitary and health regulations of the municipality in the operation of such vehicles or of any unsanitary or unclean conditions with respect to the transportation or delivery of laundered and unlaundered fabrics as may come to their attention.

BUSINESS LICENSING AND REGULATION

ARTICLE 31. LIVERY STABLES

SECTION

- 10-31-1: Definition
- 10-31-2: License Required
- 10-31-3: Application
- 10-31-4: Letting Horses to Minors
- 10-31-5: Cleanliness of Adjoining Property
- 10-31-6: Inspections.

10-31-1: DEFINITION: Livery stable is hereby defined to mean any barn, stable, building, or other place within the municipality, the principal use of which, or the chief source of profit of which, is derived from the boarding of horses or the keeping of horses for rent or reward.

10-31-2: LICENSE REQUIRED: No person shall conduct or operate a livery stable or engage in the business of a livery stable keep in the municipality without obtaining a license to do so.

10-31-3: APPLICATION: An application for said license shall be made in conformity with the general requirements of this Code relating to applications for licenses.

10-31-4: LETTING HORSES TO MINORS: It shall be unlawful for any person conducting a livery stable or riding academy to rent or let for hire any horse to any child under sixteen (16) years of age without the written consent of the parent or guardian of such child.

10-31-5: CLEANLINESS OF ADJOINING PROPERTY: It shall be the duty of every person conducting a livery stable to keep the streets and alleys within three hundred (300) feet of such livery stable free from any offensive accumulation of manure or other filth resulting from the operation of the stable, or deposited by the horses kept there.

10-31-6: INSPECTIONS: The Health Officer, or such persons designated by him, shall from time to time inspect, or cause to be inspected, each livery stable for the purpose of ascertaining whether the provisions of this Article are being observed by such livery stable keeper, and such officers shall have the right to enter any livery stable at any time when such livery stable is open for business for the purpose of carrying ou and enforcing the provisions of this Article.

CHAPTER 10

BUSINESS LICENSING AND REGULATION

ARTICLE 32. LUMBER YARDS AND LUMBER STOREHOUSES

SECTION

- 10-32-1: License Required
- 10-32-2: Application
- 10-32-3: Fire Prevention Regulations
- 10-32-4: Storage Near Buildings

10-32-1: LICENSE REQUIRED: No person shall conduct or operate a lumber yard or lumber storehouse without first having obtained a license therefor.

Included in the definition of lumber yard or storehouse, but not limited hereby, shall be all places where new, used, finished or unfinished lumber, timber, wood (except firewood), wooden boxes, wooden barrels, veneers, plywoods, flex woods and the like, in excess of five thousand (5,000) board feet, are kept, stored, placed or piled for sale or use, other than lumber for use in the repair, erection, or construction of buildings or improvements incident to the land on the premises where so kept, placed, stored, or piled on the premises immediately adjacent thereto.

10-32-2: APPLICATION: Application for license hereunder shall be made in conformance with the general requirements of this Chapter. The Chief of Police and Fire Chief shall investigate such application and the matters and things therein stated to determine whether said premises comply with the provisions of this Article.

10-32-3: FIRE PREVENTION REGULATIONS: Any person that shall conduct or operate a lumber yard or lumber storehouse, or shall store or pile lumber or any of the aforementioned wooden articles, shall be subject to all applicable fire regulations of the municipality and to all penalties for violations thereof.

10-32-4: STORAGE NEAR BUILDINGS: It shall be unlawful for any person to pile or to maintain a pile of lumber, either new or old; wooden barrels, either new or old; and other materials of like combustible nature, for the purpose of selling, storing, manufacturing, drying, or seasoning, within fifty (50) feet of any building or within twenty-five (25) feet of any fireproof or brick building, unless the roof of the brick building shall be of fireproof construction, and all exposed windows, doors, and other openings in brick or fireproof buildings are fitted and protected with approved fire-resistant wired glass and metal sash and frames, or all windows and other openings are equipped with metal-clad shutters or doors.

No lumber, boxes or barrels shall be piled in excess of twenty (20) feet in height. If the area covered be in excess of one thousand (1,000) square feet, it shall be divided into areas of one thousand (1,000) square feet or less by aisles or passageways at least forty-eight (48) inches wide.
