14-2-14: REPEALED

14-2-15: REPEALED

14-2-16: HARMFUL MATERIAL; ELEMENTS OF THE OFFENSE: It shall be unlawful for any person with knowledge that a person is under eighteen (18) years of age, or who fails to exercise reasonable care in ascertaining the true age of a child, knowingly to distribute to or send, or cause to be sent to, or exhibit to, or offer to distribute or exhibit, any harmful material to such person.

14-2-17: HARMFUL MATERIAL; INTERPRETATION OF EVIDENCE: The predominant appeal to prurient interest of the material shall be judged with reference to average children of the same general age of the child to whom such material was offered, distributed, sent or exhibited, unless it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition that it is designed for specially susceptible groups, in which case the predominant appeal of the material shall be judged with reference to its intended or probable recipient group.

In prosecutions under this section, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate the material is being commercially exploited for the sake of its prurient appeal, such evidence is probative with respect to the nature of the material and can justify the conclusion that the redeeming social importance of the material is in fact substantially less than its prurient appeal.

14-2-18: HARMFUL MATERIAL; AFFIRMATIVE DEFENSES:

a. Nothing in this section shall prohibit any public library, or any library operated by an accredited institution of higher education, from circulating harmful material to any person under eighteen (18) years of age; provided such circulation is in aid of a legitimate scientific or educational purpose, and it shall be an affirmative defense in any prosecution for a violation of this section that the act charged was committed in aid of legitimate scientific or educational purposes.

b. Nothing in this section shall prohibit any parent from distributing to his child any harmful material.

c. Proof that the defendant demanded, was shown and acted in reliance upon any of the following documents as proof of the age of a child, shall be a defense to any criminal prosecution under this section: a document issued by the federal government, or any state, county or municipal government or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the armed forces.

d. In the event an advertisement of harmful material as defined in this Article culminates in the sale or distribution of such harmful material to a child, under circumstances where there was no personal confrontation of the child by the defendant, his employees or agents, as where the order or request for such harmful material was transmitted by mail, telephone, or similar means of communication, and delivery of such harmful material to the child was by mail, freight or similar means of transport, it shall be a defense in any prosecution for a violation of this section that the advertisement contained a statement that the defendant required the purchaser to certify that he was not under eighteen (18) years of age.

14-2-19: HARMFUL MATERIAL; CHILD FALSIFYING AGE: It shall be unlawful for any person under eighteen (18) years of age who falsely states, either orally or in writing, that he is not under the age of eighteen (18) years, or who presents or offers to any person any evidence of age and identity which is false or not actually his own for the purpose of ordering, obtaining, viewing, or otherwise procuring or attempting to procure or view any harmful material.

14-2-28: OBSCENITY; INTERPRETATION OF EVIDENCE: Obscenity shall be judged with reference to ordinary adults, except that it shall be judged with reference to children or other specially susceptible audiences if it appears from the character of the material or the circumstances of its dissemination to be specially designed for or directed to such an audience.

Where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that material is being commercially exploited for the sale of its prurient appeal, such evidence is probative with respect to the nature of the matter, and can justify the conclusion that the matter is utterly without redeeming social importance.

In any prosecution for an offense under this section, evidence shall be admissible to show:

- a. the character of the audience for which the material was designed or to which it was directed;
- b. what the predominant appeal of the material would be for ordinary adults or a special audience, and what effect, if any, it would probably have on the behavior of such people;

- c. the artistic, literary, scientific, educational or other merits of the material, or absence thereof;
- d. the degree, if any, of public acceptance of the material in this state;
- e. appeal to prurient interest, or absence thereof, in advertising or other promotion of the material;
- f. purpose of the author, creator, publisher or disseminator.

14-2-29: OBSCENITY; PRIMA FACIE EVIDENCE: The creation, purchase, procurement or possession of a mold, engraved plate or other embodiment of obscenity specially adapted for reproducing multiple copies, or the possession of more than three (3) copies of obscene material shall be prima facie evidence of an intent to disseminate.

14-2-30: OBSCENITY; AFFIRMATIVE DEFENSE: It shall be an affirmative defense to obscenity that the dissemination:

- a. was not for gain and was made to personal associates other than children under eighteen (18) years of age;
- b. was to institutions or individuals having scientific or other special justification for possession of such material.

14-2-31: POLLUTION: It shall be unlawful for any person to cause or permit the discharge, emission, escape or release into the atmosphere from any source such quantities of soot, fly ash, dust, cinders, dirt, oxides, gases, vapors, odors, toxic or radioactive substances, waste or other solid, liquid or gaseous matter in such quantities and in such place or manner as to endanger the health, comfort or safety of any person or of the public or in any such manner as to cause or tend to cause injury or damage to property or business.
