

Donation Guidelines

Donate your used books, CDs, and DVDs to the Friends of the Library for our Book Shoppe and book sales. You can drop items off at the library at any time.

Donated items should be in good condition - no ripped pages or mildew. We do not accept textbooks, encyclopedias, or magazines (the library does collect magazines for free distribution).

Many donations that we have received are too damaged or dated to be sold. Nothing lasts forever, including books, and many donated books will be recycled.

Other places you can donate books include Harbor Country Mission, schools, thrift stores, and retirement homes. Be sure to ask first before leaving donations.

What else can you do with books that you want to donate? Add them to a Little Free Library. You can also use books for crafts including collages and origami.
