

Membership

The Friends of the Bridgman Public Library rely on your memberships to support our efforts to enhance the services of our library.

Won't you please renew or join this year to help fund these and other worthwhile activities?

Gift of Reading

At the beginning of each school year, every first grader in the Bridgman School system is introduced to the library and given a brand-new book courtesy of the Friends.

Kids Summer Activities

The Friends provide funds for books, puppet shows, art supplies, reading incentive prizes, and other activities to keep kids reading in the summer and involved in the library.

Community Garage Sale

The Friends organize and sell permits for a community-wide Garage Sale once a year. The Friends create a location key and map to assist buyers in finding the sales. The net proceeds from the permit sales are used in support of the library.

Used BookSale

The Friends sponsor a Used Book Sale that is widely attended. Books are available at very reasonable prices. Organizing this sale requires many hands.

Special Requests

From time to time, the Library Director asks the Friends to purchase something for the library that does not fall within the normal budget. This can range from shelving or furniture to special programming.
