Local author Richard Maurer interviewed Margaret for over 30 hours and tells her life story in “The Woman in the Moon,” aimed at 5th grade and up. His talk will be followed by refreshments and a book-signing. All proceeds from the sale of books will go to The Friends of Gale Free Library. “Fascinating and engaging...Maurer manages to make even the most complicated subjects accessible.” —Bulletin of the Center for Children’s Books

Anne grew up in Swampscott, MA, an oceanside community north of Boston. She retired in 2016, after working as an RN and a Women's Health Nurse Practitioner for 45 years. Since retirement, Anne has had the time to pursue interests in art, music, dance and photography. Many of the paintings that she creates are based on her own photographs or the photographs by friends with their permission. Recent exhibitions include the 122 Diner in Holden, Pearle L. ## The GFL Local History Room

Many patrons don't know that the Gale Free Library has a Local History Room (LHR), also known as the Archives, on the Lower Level of the Library. The Gale Free is fortunate to have an LHR that is both overseen by a town employee and a coterie of volunteers and open certain hours. Please note, though, that because the Local History Librarian is sometimes called away for large projects, meetings and desk coverage, making an appointment to visit the LHR is a good idea.

The Local History Librarian is responsible for identifying, organizing, repairing, and preserving the wonderful collection of the LHR, which focuses on the Damon Memorial-Gale Free Library and Holden. The Librarian is also responsible for the several photographs, antique maps, and other documents that patrons can view on the First and Second Levels, as well as the artifacts in the Reading Room and elsewhere in the Damon. She also conducts historic tours (watch for future announcements), conducts and assists with genealogical and historic-building research for patrons, and keeps an eye on the general well-being of the Damon Memorial and its landscape.

Every few months, the LHR offers a new display in the spot to the left of the elevator on the First Floor. The next time you visit the Library, won't you stop to see some of the treasures from our collection, including an 1898 map of Worcester County?

## Native Plant Trust

Native Plant Trust/  
Garden in the Woods,  
Framingham, MA*

The Native Plant Trust/Garden in the Woods is located in Framingham on 45 acres sculpted by retreating glaciers into eskers and steep-sided valleys, with a brook, pond, and wetlands. Here you'll find inspiration for your own garden and a new appreciation for the varied plant life of our region. The main path through the Garden is a mile-long loop with a crushed-gravel surface, requiring about an hour to an hour and a half to walk. Benches are dispersed throughout. The natural terrain is rugged, with a steep slope at the entrance and exit of the Garden.

See their website at [nativeplanttrust.org](http://nativeplanttrust.org) for amenities including their Garden Shop, advance-order box lunches and tour schedule.
