Program Descriptions

BREEDING SEASON: BACKYARD BIRDS

Steve Hale of Open World Explorers will be here (virtually) on Zoom to share this engaging and interactive presentation featuring common and likely breeding season birds to any backyard in New England. This presentation offers ID tips, including learning a few birds by their song. Tips on feeding birds to attract the most diversity are also provided. Set up as a bird-quiz, audience members love to test their own knowledge. Sign up by calling the library or clicking [here](#) to register on Zoom.

TRIVIA NIGHT: PARKING LOT PUZZLERS

Join us the first Thursday of each summer month for Parking Lot Puzzlers, a trivia night hosted by Hayden, your tech librarian! The game will last a little over an hour and will cover a broad range of topics including history, geography, sports, music, movies, and word play, just to name a few. Bring a team of 2-8 players, maybe a snack, and come pull up a table in our lower parking lot. All ages are welcome, but the game is best suited for the parents. Prizes will be awarded and bragging rights are up for grabs!

OPEN MIC NIGHT

Calling all musicians, poets, comedians, storytellers, spoken word authors, dancers and more! Do you have a talent and want to show it off? Join us for an open mic night at the Gilford Public Library outdoor amphitheater. Bring whatever equipment you need (we have speakers and a microphone) and come perform a short set. Not a performer? Come to watch and have a nice night out. Performers: please email gilfordlibrary@gmail.com to sign up for a time slot. We can't have the event without performers! Rain date TBD.

THE BIRDS & THE BEES

In this hybrid zoom and in person program, Henry Homeyer, a lifelong organic gardener, writer, and commentator throughout New England will discuss how to have your garden support the pollinators and birds through proper choices in plant material.
Swing by the library or sign up for zoom!

NH DIVISION OF PARKS AND RECREATION

Brought to you in conjunction with Gilford Neighbors, welcomes Brent Wucher, from the NH Division of Parks and Recreation, on June 25th at 10:30am. Learn about the diversity of our state parks, accessibility and cost savings for seniors.

CONVERSATION CAFE

Join the library and other community organizations for a Community Conversation Panel. This all-generation chat is a way to share with the community the existing resources available from the various organizations in the town, and for the people who live in, work, or just love Gilford to share what they are looking for from the town. There will be a panel of local community organizers that will speak and listen.
This is a hybrid program, where you can attend the program in person or participate via Zoom.
