Town of Bourne
Public Notice

In accordance with Massachusetts General Laws, Chapter 111, Sections 150A and 150A 1/2 and the regulations promulgated thereunder, 310 CMR 16.00 "Site Assignment Regulations for Solid Waste Facilities," an application has been filed with the Bourne Board of Health for modifications to an existing site assignment of a parcel of land located at 201 MacArthur Boulevard, Bourne, MA, 02532.

There are two areas under consideration for site assignment modifications. The first area under consideration is a 25-acre parcel that is currently site-assigned for solid waste handling and modifications would allow a portion of the parcel to be used for a horizontal landfill expansion. The proposed horizontal landfill expansion, designated as Phase 7 and Phase 8, consists of approximately 21 acres of new landfill cells. The second area under consideration for site assignment modifications is a 74-acre parcel that is currently site-assigned as a landfill. Proposed modifications consist of a vertical landfill expansion, designated as Phase 9, over the existing landfill areas. Phase 9 would increase the maximum height of the landfill from elevation 185-ft MSL to elevation 225-ft. MSL. Phase 7, Phase 8, and Phase 9 would provide approximately 5,175,000 cubic yards of disposal capacity and would extend the life of the landfill until approximately year 2040. The proponent is the Town of Bourne Department of Integrated Solid Waste Management, 24 Perry Avenue, Buzzards Bay, MA, 02532.

Copies of the Site Assignment Application may be reviewed at the Town of Bourne Integrated Solid Waste Management Facility located at 201 MacArthur Boulevard, Bourne, MA 02532 Monday through Friday from 8am – 3pm or downloaded for review at <https://www.townofbourne.com/integrated-solid-waste-management/pages/landfill-expansion-permitting-documents>. Paper copies of the application may be obtained at no cost by contacting Ray Quinn at SITEC Environmental, Inc. (781)-319-0100 (Ext. 12) or rquinn@sitecenv.com.

The Application may also be reviewed online at: <https://eeaonline.eea.state.ma.us/EEA/PublicApp/>. Scroll down on the first screen and in the "Site Name/Location Name" box type "Bourne Landfill" and then click on the orange "Search" box the bottom of the page. Under "Record Type", select the "Application" file with the 3/29/2021 "Application Date". The Permit Application and supporting documents will appear in blue links. Click on one link at a time to access each separate document.

The Department of Environmental Protection shall receive comments on the suitability of the proposed site for 21 days from the date of the Department's receipt of proof that the public notice requirement has been completed. All comments regarding the suitability of site

assignment of this site should reference the DEP FILE # 036-001-C, and be mailed to: Mark Dakers, Department of Environmental Protection, Bureau of Air and Waste, Southeast Regional Office, 20 Riverside Drive, Lakeville, MA 02347, or e-mail to: ["sero.solidwaste@mass.gov"](mailto:sero.solidwaste@mass.gov). In addition, comments may be submitted online at <https://eeaonline.eea.state.ma.us/EEA/PublicApp/> .

The applicant may modify the application for the initial 40 days of the review period where such modifications are deemed not to be major modifications. The Department shall issue a Department Report on Suitability within 60 days of the date of the Department's receipt of proof that the public notice requirements have been completed.
