

QUESTIONS AND ANSWERS

On-Call Engineering Services for Lakes Region Planning Commission

1. Will more than one consultant be selected to provide on-call engineering services?

No we are looking for one firm to specialize in transportation-related tasks.

2. If so, how will task orders be distributed?

See above.

3. Is there an anticipated overall annual budget for on-call services?

We have \$22K from NHDOT for FY 25. Other opportunities may become available as the FY progresses. In addition, LRPC may extend the contract for up to two years with the chosen firm, for other transportation related projects that have yet to be determined.
