5. Permit Applications: Alteration of Terrain (AoT) Bureau Permit Application (RSA 485-A:17); NHDES File Number: 230124-014 Project Name: The Preserve at the Pemigewasset Subject Property: Tax Map# 227, Lot# 2.: Judy shared the documentation she received for this project with the Committee. PRLAC members have been actively watching the alteration of terrain that has been going on at this site for months, along with the installation of utilities, and roughing in of building lots. DES finally received the developer's Alteration of Terrain application and shared it with PRLAC. Judy gave Myrtle the plans for Myrtle's follow-up with the developer.
6. Management Plan update: Judy expressed concern regarding the status of the management plan as well as the level of grant moneys still available to complete the updated management plan. Members were also concerned about what items are outstanding and who might be tasked with helping to finish those items if it becomes necessary with the exhaustion of DES grant funds. Judy offered to write a letter to Dave Jeffers at Lakes Region Planning Commission, and copy LRPC Executive Director, Jeff Hayes, and DES's Rivers and Lakes Programs Administrator, Tracie Sales. The letter would seek clarification of what is needed to be done, and whether there is adequate money left in the DES grant for the purpose of updating the management plan.

7. Adjourn: Suellen motioned to adjourn at 8:35, Max seconded. All in favor
