1975 valley green

True humor springs not more from the head than from the heart; it is not contempt, its essence is love, it issues not in laughter, but in still smiles which lie far deeper.

... the principle business of life is to enjoy it.

Laughter is the shortest distance between two people.

I wish I had more sense of humor
 keeping the sadness at bay
 throwing the lightness on these things
 laughing it all away,
 laughing it all away,
 laughing it all away ...

SENIOR CLASS HISTORY

If you are particularly fond of drawing parallels, you may have observed that parallels may be drawn between historical happenings and any given school year.

For instance, we came to Passaic Valley in 1971. The year would be easy to remember if we could look back and say, "Yes, that was the year they landed on the moon." Or, "That's the year they discovered penicillin." But, let's face it. The biggest technological advancement was the refinement of lemon scented ant and roach killer. Historically speaking, Henry Kissinger had a date with Elke Sommer. Yes, '71 was a very dull year.

So it went with our freshman year at P.V. We had 40 minute periods, one quiet study and Third Lunch. Remember how we complained about Third Lunch? We complained, so they took it away. Now we live in the days of No Lunch.

The most memorable part of the year was the bus strike. I told you it was a dull year. It was dull enough that Valley Varieties and the Valley Echo died of monotony.

If we were going to draw a parallel between our sophomore year and history, we might just remember that Richard Nixon was elected to the Presidency in 1972.

Remember sophomore year? You probably don't, because, in all likelihood you cut sophomore year. The rotating schedule, Mr. Grady, the open campus and the Resource Centers descended upon us like so many herds of water buffalo. No absentee cards, no cut slips, no homeroom, no late passes, no hall passes, drop days, 100 minute periods, and "I'm 25 minutes late because I thought we had 'A' lunch." Those were the days!

January 1973 marked the official end of the Vietnam War, and the first time in our lives the United States was at peace.

Just to jar the old memory banks a little: (yes, we got the computer in our sophomore year, too. Remember how it took you till February to get your schedule straightened out?) John Gerdy and Desiree Jordan were elected King and Queen of the Sophomore Court. The Star Spangled Banner was added to the P.A.'s morning ritual. Girls' Varsity Sports were officially recognized. As so many Italian governments have gone, so went the S.G.A. Mr. Milling presented his knee operation on video tape. Mr. Appledorn was paged 10,427 times.

Bring back some memories?

In 1973 and 1974 the biggest news item was probably the fuel shortage. How many sweaters did you get for Christmas? There is really no parallel between this and the school year, but I can't help it. Every rule has its exceptions. Anyway, thermostats all over America were turned way down low. Our lockers were painted hot pink in a futile effort to make us think the temperature was above 64°. I have never been able to come up with a reason to explain the other colors, and am not going to try anymore.

Quarter courses were introduced in our junior year. Some of us liked them, others liked the Dollar course better. We named our time blocks mods, and the Tardy Office the Computer Room. After an eternity of debates, smoking areas were set up outside in the spring of 1974. "Remain in this mod until notified" was the theme song once or twice a day as we waited in our mods to be blown to smithereens.

Junior year comes, junior year goes.

In the summer of '74 Richard Nixon resigned and Gerald Ford took over the Presidency. Dave Uhrin also introduced his new Administration as our senior class president.

We got a new credit system to foil those dreams to take it easy senior year. The Senior Play played, the Prom prommed, and President Ford's children confessed to smoking marijuana. What else is there to say?

The time has passed so quickly. We will turn around one day soon and see gray hair and wrinkled skin staring at us from the mirror, and when we look back, I hope we can laugh, both at ourselves and with others. A life without laughter is not worth the effort to live it.

Genius is the capacity to avoid hard work.

JOANNE LITTLE

In 1972 at the beginning of our sophomore year, Mrs. Joanne Little and Mr. Thomas Miller began to take an active part in the interests of the Class of '75. It was at this point that they became our class advisors, replacing Mr. Kenneth Malone and Mrs. Janet Jania. In the years since they have become involved, the class has sponsored many activities which required much help and dedication from them. For helping make our high school years active and successful, we extend sincere thanks.

senior play

Once Upon A Mattress

As the house lights dimmed and the overture was heard, this year's annual Senior Play had begun. October 18th and 19th were the performance dates of "Once Upon A Mattress" a musical comedy based on the Hans Christian Anderson fairy tale "Princess and the Pea." The plot revolves around maternally dominated prince who must find a princess who will pass his mother's rigorous pre-wedding test. An accolade of applause was received by the cast and many thanks go to Mr. A. DePasquale, the director.

christmas party

Each year the yearbook staff along with the senior class holds an annual Christmas Party for underprivileged children. This year we were hosts to a group of children from Saint Joseph's Home in Totowa.

The festivities began with a presentation of "Pinocchio" by Masque and Sandal, directed by Mr. Anthony DePasquale.

Afterwards the children were escorted to lunch by clowns, elves, rabbits and other staff members. After a tour through the school, the children were led to cookies, candy and an unexpected visit from Santa. With a multitude of gifts under the tree, Santa and his helpers made the day a complete success. This annual party has become a tradition which we all look forward to and find very rewarding.

sports

The 1974 season saw the Hornets take a surprising second place in the N.N.J.I.L. With losses to state champs Bergenfield, unpredictable Paramus, and a Thanksgiving Day tie with Wayne Valley marring the Hornet's record, the team, under the leadership of Coach Joe Biscaha, finished with a fine 6-2-1 record.

Most games were cliffhangers with Mike Suglia's stellar place-kicking providing the margin of victory in 4 of PV's 6 wins. Runningback Bob Pombo and quarterback Gary Titus co-captained the squad while seniors Scott Zwerver, Lou Dearani, Art Minnocci, Bill Johnson, Joe Scala, Fred DeNude, Scott Thompson, Bill Stewart and Lou Kile displayed the determination and drive essential for a successful team effort. This defensive-minded squad was backed solidly by a group of hard working underclass starters. John Miller, Al Tafro, Mike Lonsky, Mark Wright, Gary Brock, Ken Andiorio, Ron Hendricks and Mike Pinadella should provide the nucleus for a fine team next year.

Outstanding players who earned recognition for their efforts were:

Seniors:

Mike Suglia, tackle and kicking — All State, All N.N.J.I.L., All Passaic County.
 Scott Zwerver, defensive back — All N.N.J.I.L., All Passaic County.
 Lou Dearani, center — All N.N.J.I.L., 2nd team All Passaic County.
 Joe Scala, tackle — 2nd team All N.N.J.I.L., 2nd team All Passaic County.
 Bill Johnson, linebacker — Honorable Mention All N.N.J.I.L., Honorable Mention All Passaic County.

Juniors:

Ken Andiorio, defensive end — 2nd team All N.N.J.I.L., 2nd team All Passaic County.
 Ron Hendricks, linebacker — 2nd team All N.N.J.I.L., 2nd team All Passaic County.
 Mike Lonsky, middleguard — Honorable Mention All Passaic County.

Coach Robin Ziegler

The 1974 Girl's Varsity Field Hockey Team, coached by Robin Ziegler and Mary Borgess, had a very impressive season. This year's captains Meg Banitch and Sue Shaw led the team to 8 league victories. An additional 3 victories in the state tournament set their overall record at 11-4-2. The enthusiastic effort of the entire team brought them to a 2nd place tie in the N.N.J.I. L. Their 25 goals scored represented the 2nd highest scoring total in the league also.

Meg Banitch, who had an outstanding season, led the team in scoring 10 goals. Also starting on this year's team were seven freshmen, who should prove valuable for future field hockey success.

Coach Mary Borgess

SOCCER

Competing against some of the toughest teams in the state, the 1974 Passaic Valley Soccer Squad finished a disappointing season with a record of 2-14-0. With only two returning lettermen, Coach Mazza was forced to play several inexperienced sophomores and juniors to fill gaps.

Highpoints of the season included a 3-0 win over Bergenfield High School and a 2-1 upset over a highly rated Garfield squad. P.V.'s offensive attack was lead by Captain Peter Beck, senior John Paradiso and sophomore Richard DiCola. Captain Mark Ricciardi and juniors Bob Sikora and Bob Calabro were consistent defensive standouts. All league and All County Honorable Mention awards were given to Peter Beck.

Although the record was poor, the effort was great and the nine returning lettermen will undoubtedly make for a top team in the near future.

Cross Country

With two seniors running this year, the 1974 Cross Country team finished with a disappointing 4-10 record. The able leadership of Coach Bender provided high spirits through a season full of intense competition.

The team consisted of seniors George Azrak, Co-Captain Wayne Davis, junior Co-Captain John Collins and underclassmen Charlie Coronato, Paul Erickson, George Famy, John Shields, Don Takash and Bob Traina. Collins and Takash have been chosen for next season's Co-Captains.

Coach Jim Kiick's JV and freshman teams finished with a season percentage over .500. Mr. Kiick should be congratulated for a fine showing.

A novel breakthrough with this year's team was the addition of two female harriers. Maureen McCorry and Renee Famy became the first girls in Passaic Valley history to run Cross-Country.

girls' basketball

After 3 months of hard work and determination, Coach Suzanne Bridenburg lead the girls' varsity basketball team to a rewarding season with a total record of 8 wins and 12 losses. The team, captained by juniors Lena DiGangi and Joy Fisher, finished in 6th place in the first N.N.J.I.L. Girls' Division. The efforts of Val Duerr, high scorer this season, kept the competition under constant pressure. Outstanding teamwork enabled the girls to come close, if not win, the majority of their games. Because the squad is entirely made up of underclassmen, they deserve additional praise and leave us with an encouraging outlook for next season.

The 1975 season saw Coach DiSimoni's squad carry on the high tradition of basketball excellence that has been established over the years. The Hornets finished with the highest record in PV history, 22-5, which landed them a second place tie in the tough NNJIL.

Highlights of the season centered around tournament action. The Christmas Tournament saw the Hoopsters win top honors for the fourth year in a row. In the Passaic County Tournament, where competition was intense, the Hornets again took first place with the final contest being memorable. Against a highly skilled Eastside squad, the Green and White, led by John Gerdy's 48 points, won their first county championship ever. These, along with the two victories over arch-rival Clifton were the high-points of the year.

The fine showing by this team is mostly the result of a starting senior squad consisting of John Gerdy, Mike Suglia, Skip Brask, Tom Sokalski and Jeff Coleman. This offensive minded team combined the scoring ability of all starters with outstanding rebounding of Mike Suglia and Tom Sokalski. The quickness and agility of Jeff Coleman and Skip Brask came through in our close games to provide PV with clutch victories. Playing primarily as reserves, Dan Van Hook and John Paradiso rounded out this predominately senior squad.

With the completion of this season, co-captains John Gerdy and Mike Suglia closed out two highly respectable high school careers. John Gerdy, the holder of every Passaic Valley scoring record, became the first Passaic County player ever to score over 2,000 points in his career. His four years of varsity playing have produced 2,614 points with a single game high of 50. John also has the state record for most points scored by a freshman playing varsity ball.

Mike Suglia, adding to his outstanding athletic reputation, became the first PV player to score over 1,000 points and grab over 1,000 rebounds in his career. Mike's 1,052 points make him the second PV player to reach the 1,000 point plateau, and his 1,018 rebounds are a school record. "Soog's" single-game total of 33 rebounds also represents a school record.

Creating a winning team takes a great deal of dedication and hard work. The outstanding efforts of Passaic Valley's coaching staff have always given the school reason to take pride in their teams.

Time continues to take its toll, and changes are always in the making. The successful coaching career of Carmen DiSimoni was drawn to a close at the end of the 1975 basketball season. DiSimoni first came to Passaic Valley fifteen years ago and worked as an assistant for five years before taking over the head coaching position. The official decision to resign was made by DiSimoni in the midst of one of his most exciting coaching seasons. The "hornet" team finished its regular season in second place of the NNJIL standing. Reflections of DiSimonie's career show that the initial years of struggling and striving concluded with five successful seasons

Under his coaching leadership the Passaic Valley Holiday Tournament was initiated, and Passaic Valley has become the only school to be invited to the Passaic County Tournament five times.

The 1972-73 season surely will be remembered by DiSimoni since this was the first team able to capture the NNJIL championship. The record of the 7-75 team also holds much to take pride in. The team broke the standing school record of most wins in one season with an outstanding accomplishment 22 victories. This team also has a claim on the 74-75 Passaic County Championship Crown.

Overall the past four years have been the greatest in the history of our school with P.V. teams compiling an overall record of 78 wins 28 losses.

The quality of leadership and desire that Mr. DiSimoni has worked for has become a Passaic Valley trademark. His absence from the basketball scene at our school will be deeply felt.

This year, the Varsity Bowlers placed first in the Butler Scholastic League, first in the County Coaches Tournament, seventh in the NJJIAA Tournament (72 schools competed) and finished with a 7-9-3 NNJIL record.

Junior Captain Rich Gass led the team with high game of 229. High averages for the season were held by Bud Albert and Mike Murray with 177's, Rich Tissot with 173, and Bill Quinn with 172. The other varsity member is junior Mike Faletto who averaged 164.

JV team members were Martin Braunstein, Lou Cinque, Karl Kramer, Tom Marino and Gene Vivino. Head Coach Michael DePaul has done another fine job and the Keglers should be congratulated on a terrific season.

Contributing to the success of Girl's Varsity Sports this year is Passaic Valley's bowling team. Compiling a record of 40 wins and 40 losses in Northern New Jersey Interscholastic League Competition, the girls finished in 6th place. Individual honors went to Debbie McCoy, who's average of 169 elected her to the all-league team. The girls' display of good sportsmanship and skill offers a promising future for upcoming teams.

wrestling

It was a year of streaks for 1975's grapplers, and after riding through a tough schedule, the dust cleared to show a final 7-5 record.

The season see-sawed back and forth, with the Hornets showing great determination in rebounding from early season difficulties. After their first seven contests, the wrestlers showed a 3-4 record. They proceeded to reel four consecutive victories and landed in fourth place in the NNJIL.

The team was captained by two four-year grapplers, Jim Bush and Brian Surage. PV suffered its worst setback with the injury to Bush, who had seen a fine underclassmen wrestling career. Jim hurt his knee in the pre-season and was out for the remainder.

Brian Surage was a standout completing four years of fine performance. Brian swept through 27 matches without a defeat. He was voted to the all NNJIL first team and captured the District VIII championship. Brian became the first wrestler in P.V. history to reach the state finals and finished second in the 135 lb. weight class.

Others who deserve mention were Tom Yurkowsky — All League first team, Craig Spinelli — District VIII champion, and Mike Walter — District VIII champion.

gymnastics

Gymnastics is both a team and an individual sport. A team score is given to determine which school has won a given meet and individual scores are given to determine which gymnast is best all around. The girls compete in four events — Vaulting, Uneven Parallel Bars, Balance Beam and Floor Exercise. They are judged on originality, composition, difficulty, execution, amplitude and general impression. Girls must show poise, flexibility and hidden strength.

This year's Track Team has 16 returning lettermen including Captain Scott Thompson in the shot and discus events, seniors Brian Surage in javelin and Bob Kean in the 440-880 events. The squad is a fairly young team with 10 returning juniors and 3 sophomores.

The Hornets face a tough schedule and are expecting good performances from underclassmen John Collins, Scott Courier, Norm Makiojy and Bob Spencer. They should provide inspiration to the younger players.

If this year's team lives up to its potential, the Hornets should be in the running for the NNJIL crown.

softball

This spring, rookie coach Robin Ziegler is forming what will probably become one of the finest softball teams yet. This should come as no surprise. Coach Ziegler is very fortunate to have several varsity letter winners returning, along with ace pitcher Meg Banitch who will step on the mound after having completed a highly successful season last spring. Once again, the team has several underclassmen who possess the talent and potential strength that Passaic Valley teams are famous for. With 18 league games scheduled, the girls certainly do have their work cut out for them, but they are sure to give it all they've got, and that is only the best.

you're a good man, charlie brown

The musical hit that entertained audiences throughout the country also became a success at Passaic Valley. The "Peanuts" characters came to life in a talented offering of "You're a Good Man Charlie Brown". Lively music and songs created the playful atmosphere that made the cartoon characters such popular favorites.

The cast and crew were benefited by the talent and skills of the director, Mr. Anthony DePasquale. Leading roles were held by Jim Mesis who portrayed the feeble Charlie Brown, Lisa Laskowich as Lucy, and Joanne Sorrentino with the famous role of Charlie Brown's dog, Snoopy. Others who highlighted the show were Pat Hester with the part of Linus, Eugene Reda as the hard working piano player, Schroeder, and Amy Duroska as Peppermint Patty.

Comic-strip characters were brought to the stage displaying the failures and minor triumphs of Charlie Brown and his loyal gang. Musical numbers added a great deal to the program, with a host of entertaining production numbers. Congratulations and thanks are in order for all those who volunteered their efforts and time.

The 35th annual Girl Show was creatively planned around the theme "Nature and Seasons". It was a delightful success, resulting from many months of hard work by the girls of the G.A.A. and the Girl's Physical Education Department.

The White team won every event this year with the exception of volley cage ball. And ending Saturday night's events with the unexpected tie between Green & White cheering. This was the first time a tie occurred in the history of Girls' Show.

Ice Hockey, one of the fastest, rising sports in the nation, is also in high gear at P.V. Through many hours of hard practice, Mr. DeGroot has molded another fine team. With the help of Asst. Coach Chris Potter this team has been more aware of their potential.

This year's team started off on the right foot by winning its first two games. Then, lack of practice time hit the Hornets and sent them into a tail spin. However, their recovery in the final games supplied the fans with more exciting action, good physical play, solid goal tending and fast furious goal scoring.

This year many more younger players had the opportunity to play and gain valuable experience, which is the real purpose of the Ice Hockey Club.

 Historian: Debbie Mitsch
 Advisor: Mr. Michael DePaul

The fundamental purpose of the Office Education Association is to create greater interest and understanding in the area of business occupations. This organization also allows the student to develop leadership qualities which will be helpful in a business career.

nurses aides

Advisor: Mrs. Pearl Schmidt

health careers club

President: Genevieve Pignatello
 Vic-President: Lisa Armstrong
 Secretary: JoAnn Ruggiero
 Treasurer: Diane Silbernagel

The advisors of the Health Careers Club, Mrs. Marion Miller and Mrs. Pearl Schmidt, through lectures, films and field trips, strive to develop a better understanding of the health field and related occupations.

humane society

President: Mary Ellen Post
 Vice-President: Jenny Sojack
 Recording Secretary: Russel Berkley
 Corresponding Secretary: Rolf Kamp
 Treasurer: Karl Kramer
 Advisor: Mrs. Margaret Nyire

The Humane Society's main function is to educate people to the many problems of animals, to aid homeless, unwanted strays and to promote interest in conserving our diminishing wildlife. It also raises money for larger, more established protection agencies.
