## PRE-SEASON OUTLOOK

by John Trovato

Little Falls- It's time to get the band crankin' and the cheerleaders yellin', because Coach Sauter and his 1992 Hornets are looking for their fourth straight winning season. The Hornets are looking to improve their last year's mark of five wins and four losses. If they are successful in doing that, the state playoffs won't be far out of reach. Tri-Captains Jim McGorty, Dan Sheridan, and Chris Perosi will lead the way towards this goal.

The Hornets' offense is loaded. Quarterbacks Mike Macaluso and Donell Johnson will have good protection behind a strong offensive line consisting of Mike Russo, Chris Perosi, Jim Hurley, John Fiorentino, and Vin Giangrasso. Dan Sheridan, Steve Botas, and T.J. Fantasia make up a talented receiving corps, and fullback Don Galante will be tough to take down. Joe Sciarbone, John Trovato, Randy Montgomery, and Pete Nguyen make up a group of running backs, better known as "The Fidgets."

The Hornets' defense, known for its crushing blows and bruising tackles, will be hitting as hard as ever. The defensive line is deep in talent. Steve Welhorsky, Brian Capone, Mike Hurley, Mike Kuybida, Carlo Renne, and Eric Aschim will be terrorizing opposing quarterbacks. All-league athlete Jim McGorty leads a fine group of linebackers including Marc Fonzetti, Robbie Cuccinello, and "Big" Steve Post. Safety, Randy Montgomery, leads a strong secondary group that will be hard to break through.

The 1992 season should be filled with plenty of hard hitting action. As anyone can see, the talented Hornets will definitely be a force with which to reckon.

## CLASS OF '93 MAKES IT'S DEBUT

by Michelle Mattia

Whippany-Stretch limos, tuxedos, party buses, and fancy dresses — it was December 5th and the Class of '93 was getting ready for the Junior Cotillion. Cameras flashed incessantly as parents tried to capture every precious moment of their son or daughter's first step into adulthood. Once the photo session was over, everyone loaded into gigantic party buses and limos and headed for the Birchwood Manor in Whippany.

The Manor glistened with lights and beautiful decorations. It was truly a "Touch of Heaven". After the social hour and more pictures, the beautifully dressed people made their way into the main room for dinner and frenetic dancing. Soon the high heels and jackets came off and everyone moved to the rhythm of the music. The diehard revelers danced until the very end of the night.

After this night of partying, it was off to the city on snow-covered streets. Although this wasn't a successful adventure for all, a good time was still had by most.

A few very late night parties were held and everyone finally settled in at the wee hours of the morning. This "Touch of Heaven" was certainly a night to remember.

## HORNET JAMS WITH THE CLAMS

by Joshua S. Mari

Totowa-In case you haven't heard, P.V. plays host to an up and coming alternative band by the name of Clam Chowda. Clam Chowda started as an after school project for Dave Allu, Timothy J. Capalbo, and Josh Mari. Now a year later Clam Chowda after several line-up changes, has come out of the basement. With new members Damon Bennett, and A.J. Tesairario, the band has catapulted from a basement band to recording albums and playing live. They've headlined several gigs and opened for some almost-famous bands. They successfully recorded an EP entitled *Love Breeds Like Rabbits* and hope to have a second EP out soon. *Rabbits* focuses in on love- winning and losing it and on nature and how beautiful it can be. The second EP will bring forth a darker, more mysterious side of Clam Chowda. Now Joshua Sky, Damon Bennett, and A.J. Tesairario have their sights set on the big time. They hope to get signed to a major record label and go on tour opening for the Fiendz and Pearl Jam. But until then, Clam Chowda is content with the cult status they have achieved right here in the halls of Passaic Valley High School.

### THE HORNET FACES THE WORLD

by Giulia Pirelli

"If art is to nourish the roots of our culture, society must set the artist free to follow his vision wherever it takes him." (JFK) Freedom of expression at Passaic Valley has been readily available for aspiring artists. To create freely, with boundless opportunities, within an inspirational atmosphere---this has been P.V.'s goal. Not only have we, the Passaic Valley Seniors, taken advantage of this opportunity to explore and journey through the arts, we hope we will be able to pass on our knowledge to the children of tomorrow, thereby continuing to enlighten and enhance our lives and the lives of others.

Passaic Valley students have always demonstrated their capacity to compete with the best of the best and excel; they have continually demonstrated their determination and dedication to be number one. This is apparent in our various activities. These include outside events: National Awards, Billboard Contests, Scholastic Awards, The Governor's School for the Arts, and the Drama and Band Competitions. Within the school, we have participated in building our own Annual Art Show and Literary Magazine; here we see the individual reflected in his/her writing, painting, drawing, photograph, print, sculpture, quilt, or piece of furniture. All of these things, of course, can only be done with the guidance of competent instructors and intense courses. These include studies of ceramics, sculpture, graphics, journalism, painting and drawing courses to name a few in the arts.

The "arts" have always provided a path to a higher standard of living and combined with technological advances have allowed us to discover our natural world. Most of our members of the Passaic Valley class of '93 have been able to synthesize the arts and sciences and have established a foundation upon which we hope to create our vision of the future world.

## Friends Of The Class Of '93

In the midst of what seemed to be a frantic time for everyone regarding post graduation plans, I realized that the commitment I felt toward you was the result of your open and accepting manner. This class, parents, and faculty have been warm and appreciative toward me. I believe in the theory that when we approach each other and situations with the willingness to trust and cooperate, the return is the same, bringing us success and satisfaction.

Although we are new to each other, I could not feel a greater involvement and devotion for this class. It has been inspiring and exciting for me to be a part of the planning for your futures. May you all experience the same degree of pleasure from your work as I have from mine at P.V.

Here's to a fulfilled future.

Kathy R. Gordon  
Supervisor, Class of 1993

Dear Seniors,

All of you are artists capable of designing a future rich with color and brilliance. Your parents, teachers, family, and friends have supplied you with a palette of priceless experiences. Now, it is up to you to design a picturesque setting. As you paint your picture, construct your easel from life's memorable moments, seek your sunlight from the light of peace within you, and attempt the distant scene of your future with perseverance, preparedness, and prudence.

Sincerely,  
Mrs. Judith S. DeRosa  
Advisor-Class of '93

To the Class of '93,

Although I've come on board late in your four years, I hope the officers and I have provided you with some special moments. My best wishes for a happy, healthy, and successful future.

'80 The Rebel Without a Tie

Known as a man of a thousand faces and a thousand metersticks, Mr. Jim Kiick has changed his appearance many times, but his teaching methods and dedication to students and science has remained constant during his 33 year career.

Mr. Kiick is known for many things. His sense of humor is as legendary as his teaching style. He will be remembered as a man who used a meterstick the way a conductor uses a baton, developing rhythm and pace simply by waving a meterstick around and smashing his stick on desks and blackboards.

Over the years, Mr. Kiick has acquired a legion of admirers. Once a student has been in Mr. Kiick's class, he or she remembers him, and even a little Chemistry, forever.

Therefore, it is to those 33 years of scientific enlightenment, funny one-liners, and genuine concern for graduates of P.V. that we dedicate our 1993 yearbook.

In the spotlight this year is the Passaic Valley Audio Visual Club. This club is very zealous in school activities, hardly an event occurs without its members being involved. In the morning and throughout the day, you can see club members making deliveries of many of the audio visual equipment. Watch out! These members can be deadly with a TV cart.

The club is under the supervision of Mr. Donald Ruccia, who is constantly trying to bring an innovative approach to the audio visual program at Passaic Valley. In fact, under Mr. Ruccia's direction, Passaic Valley has developed one of the most advanced A.V. programs in the state. The head man this year is Christopher Perosi and his assistant Dylan DeFrancisci, who are in charge of routing all the equipment throughout the school, as well as making sure everything is in working order.

The Audio/Visual Club is an important attribute to the school system and works to the best of its abilities to provide a full schedule of events for PTV Ch. 19.

This year the club loses two of its Seniors Chris Perosi and Dylan DeFrancisci. They will be missed greatly, but with the young group of students left in the club, it will certainly continue to be a success.

The 1992-93 Varsity Cheerleaders had a year they'll never forget. From camp to competition their hard work paid off with a UCA Camp Championship and second place in their district dance competition. As the season went on, their friendship grew. By the end they became more than just teammates. The great times they had and the friends they made will never be forgotten. Kimosabe lives!

# P.V. Band Takes The Field

The 1992-93 Passaic Valley Marching Band had a successful season under the direction of Chris Bernatos. Their show opened with the hard-hitting "Bravado," followed by the sultry jazz piece "Yes, Giorgio," and the mysterious "Rainmaker." The band played and entertained at football games while attending various competitions. They finished their season at EMBA championships at Roselle Park. Yet, their season did not end there as they traveled to Florida's Disney Magic Music Days this past spring.

The 1992 Hornets' varsity football team ended their season with a 3 and 6 overall record. This record does not accurately reflect the team's dedication and hard work. There were many highlights this season, including a stunning victory over Clifford Scott.

Under the leadership of head coach Nick Sauter and the tri-captains, Jim McGorty, Chris Perosi, and Dan Sheridan, the team became a group of well-conditioned men, who never gave up and remained intensely involved in every game.

A final thought: 10 of this year's starters will be returning next season. '93 is certainly going to be a promising year.

The 1992 Girls' and Boys' Cross Country Teams enjoyed great success in league and county competition. The girls, were ranked as high as 3rd in Passaic County and, despite injuries, finished a strong 4th in the county. Several of the leading runners also ran hurt to finish 3rd in the Northern Hills Skyline Conference. The girls' program has young runners looking forward to prove themselves next year by moving up to take the spots of the seniors who graduated.

The boys' team, relatively injury free, shocked the NHC Skyline division with a 2nd place showing. The County saw honors to the top three runners with the team finishing 8th in a tight county race. The entire varsity team returns for the boys and their future looks bright; especially with PV boys winning the Freshmen County Race.

## *Champions In The Making*

This year the Hornet's Wrestling team continued its winning tradition with strong showings in the league and district tournaments. The team was led by senior captain Ernie Partridge who repeated as District Champion at 135 lbs. Coach Minella returned to coach the varsity to another winning season.

The duel meet season opened with an emotional loss to West Milford. The team was tied for the league title with Lakeland until a close loss to Wayne Valley knocked the Hornets back to third. Despite the loss the Hornets qualified for the last seed in the State Sectionals. The tournament opened at #1 Hackensack. The team out-wrestled the Comets, but a season-ending injury to Dave Grimes in the heavyweight match ended the dual meet season for the Hornets.

At tournament time the Hornets exceeded expectations by finishing 3rd in Passaic County. Sophomore Jason Caruso won the most valuable wrestler award on his second county championship at 130 lbs. In the districts the Hornets took on state ranked West Essex in what became a two team race for the district title. P.V. finished second, 13 pts. behind West Essex. Ernie Partridge and Jason Caruso were the only Champions for the Hornets.

With many young wrestlers gaining varsity experience this year, the Hornets are ready to continue the tradition of winning into next year.

The 92-93 Girls' Basketball team, captained by Silvana Caruana and Jessica DeMarco, improved in each game they played. The young PV Hornet team possessed a high level of enthusiasm throughout the entire season. Although the Hornets were not undefeated they proved that with their aggressiveness and competitiveness they could defeat some of the most competitive teams in the league. They showed this when they beat Wayne Valley early in the season. Considering their tough season their record fell just below .500. With only 2 seniors on the squad the team consisted of 4 juniors, 3 sophomores, and 2 freshmen representatives. Although it was a trying season for the Hornets they managed to stay optimistic and work together. With most of the players returning next year the future looks bright.

Indoor track is a unique sport because there are no team competitions. This year's indoor track team was made up of many successful individuals. Michele Dudzinski won the high jump at the following meets: Yale Invitational, Seton Hall Invitational, Ridgewood Invitational, Holiday Classic Meet, Passaic County Championship, Group 4 Championship, and State Meet of Champions. Aimee Weiner finished 4th place in the 600m run at the Passaic County Meet. She earned 3rd team all-county. Kerri Kimberley was awarded 2nd team all-county via her 4th place finish in the Passaic County 1500m run. Steve Botas placed 5th in the long jump in the county meet. P.V.'s 4X400m team placed 5th in the county. The runners were Lisa Lovas, Pam Komar, Aimee Weiner, and Ali Hawkins. Mike Chipolone placed 6th in the 1500m at the Passaic County meet. Coach Callahan regrets losing many seniors, but he is looking forward to next year when he will hope that many of the younger runners will improve.

# The Vermont Ski Trip

The Advisors

On February 26, 1993, 39 of Passaic Valley students piled on a bus headed for the mountains of Vermont, under the supervision of their tour guide, Mr. Duke; advisor, Mr. Pacifico; and chaperones, Mr. Sayegh, Ms. Kowalski, Mr. Vanderburg, and Mrs. Agosta for two great days of skiing.

The first day the skiers went to Stowe Mountains. At Stowe, skiers of all abilities, had an outstanding day of skiing and fun. Many of the skiers were quite surprised at all the "real" snow and challenging trails this mountain had to offer.

After skiing all day the skiers returned to their hotel, the Hampton Inn, for a buffet dinner, and a night of bowling, swimming, a pizza party, and time to relax in the hot tub before crawling into bed.

On the second day the skiers went to another one of Vermont's finest mountains, Sugarbush. Here they had another day of great skiing and enjoyment. After another long day, the students returned to their bus and returned home, exhausted, but happy.

# Between Seasons

Soccer Capt., Marco Schembari, hard at work.

Kerri Kimberly, X Country Capt., and Pam Komar, hit the slopes.

Tennis player, Mona Shah, gets ready for the season.

After practicing hours on end, not having enough time to finish homework, and spending an average of ten hours at school for three months, what do the athletes do with their new freedom? Between fall and spring may be an off season for some, but these athletes are forced to find something to do with their time. Whether it's hanging out with their friends, shaping up for the next season, hitting the books, or just catching up on much needed relaxation these athletes certainly can find something to do with themselves.

Football Capt., Chris Perosi, pumps some iron.

Volleyball player, Jennifer Ariola, catches up on the latest gossip.

Field Hockey player, Jennifer Caruso, involved in her art.

# Captured Moments

My Cherished Friend

You have always been by my side, my friend  
We've been through thick and thin.  
Our memories will live 'till the end.  
But now as we gather here  
To say our last goodbyes,  
The tears are falling down my face  
But I know our friendship will never die.

You are the friend I will cherish forever;  
For all of my life I will remember you.  
Now as we walk apart,  
Each our separate ways  
We'll both know that in our hearts,  
It'll always be me and you,  
My cherished friend, I love you.

The good times we've had.  
Will always live on in our hearts.  
Tears that fell, and laughter shared  
Will be remembered even when we're apart.  
All the times you were there for me,  
Days when I was upset,  
The way you brought a smile to my face  
Those days I will never forget.

Taking notes? BORING!

Now this looks like much more fun!

Here at P.V., we do our best to excel in everything, from art to music to sports. Academics are no exception. The students here must go through 184 days of work in the classroom before they can partake in the numerous activities offered after class. Although it may seem boring-and sometimes is-we do our best to make it fun!

Out of classroom activities?

Class was always a good time to make friends.

# CHEERING CAMP '92

## OUT OF CONTROL

Although they managed to break just about every rule the UCA staff set up, the PV Varsity Cheerleaders still ended up winning the 1992 Camp Championship and putting three girls on the National All-Star team. The grueling practices that lasted from eight in the morning until dark may have contributed to their success, but it was truly their charm that put them on top. Not the staff, the security guards, or anyone else could stop them from bringing the camp alive. By frequently using the excuse "I didn't read that in the rules", they got away with shaving cream, water gun fights, and also hidden guests. Finally, the staff took the attitude, "if you can't beat 'em, join 'em!"

After many months of preparation, March 12 was the night that many awaited. Passaic Valley's traditional Girls' Show took place. Much excitement, as well as nervousness and tension filled the Griswold Gym. The show was based on the theme, "EXTRA EXTRA READ ALL ABOUT IT". Although only one flag is raised at the end of the night, every participant should be commended for her hard work, effort, and dedication.

Then said a teacher, Speak to us of Teaching.

And he said:

No man can reveal to you aught but that which already lies half asleep in the dawning of your knowledge.

The teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather of his faith and his lovingness.

If he is indeed wise he does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind.

The astronomer may speak to you of his understanding of space, but he cannot give you his understanding.

The musician may sing to you of his understanding of space, but he cannot give you his understanding.

The musician may sing to you of the rhythm nor the voice that echoes it.

And he who is versed in the science of numbers can tell of the regions of weight and measure, but he cannot conduct you thither.

For the vision of one man lends not his wings to another man.

And even as each one of you stands alone in God's knowledge, so must each one of you be alone in his knowledge of God and his understanding of the earth.

It sometimes seems that people involved in sports get all the recognition. However, there are many students who participate in their own sports- their jobs. While others get ready for practice, students with jobs go to work for a real-life experience. Those in sports may receive trophies for the efforts, but the real rewards go to the workers who achieve not only economic stability, but a sense of pride and ability that comes from the responsibility of holding a job.

The past four years at Passaic Valley have made you the beautiful woman you are today. The people you have met and the things you have learned will take you far. Your whole life is ahead of you and the only limits that exist are the ones you put there yourself.

There are few things in life that are solely yours. Memories are wonderful and no one can ever take them from you. Hold on to the memories that are dear to you. But don't dwell on what might have been; always concentrate on your future.

As you start the next stage of your life many things will change. You will make new friends and lose old friends. But one thing that you will always have and never lose is me. I believe in you. I trust you. I am proud of you. I am overjoyed by you. But most of all... *I LOVE YOU.*

Whenever you read this yearbook and reminisce about high school, please remember me. Remember what we have and what we share. Remember my love for you. And most of all, remember that you will forever be my *Angel.*

**Congratulations, Evelyn and Class of  
1993!!**

We've all been through so much with our friends. We've stuck with each other through good and bad. Now we've finished a chapter in our lives, our memories of the past will never die.

Good bye and good luck Class of 1993!

With the main roads in the valleys in Serbian hands, the perilous, 60-mile route, no more than a dirt track in places, is Tuzla's umbilical cord to the outside world, and the connection grows more tenuous. Construction crews already must dig trucks through one-way dirt roads. A bulldozer when it comes to clearing a road can be kept open for days.

# HOROSCOPES FOR THE STEREOTYPICALS

**ARIES**-Tend to be the class clowns, the attention getters. They are usually honest and truthful but never seem to keep quiet. A hint to all Aries, when you feel like being heard- remember no one wants to listen to you!

**TAURUS**-"the bulls," usually see in black and white. They are the jocks/typical valleys, who feel like they can do no wrong. If the team loses, it's not their fault, but in actuality, most of the time it is.

**GEMINI**-Not only have split personalities but multiple ones. These students come to school dressed like a Metalhead one day, a prep the next, a hood the following week. Either it had to do with their split personalities or their desire to be like everyone else at the same time.

**MOONCHILDREN**-Are emotional, too emotional. They will cry at the drop of a hat. If by chance you ever kill a bee in one of your classes and someone breaks out crying over some animal rights law, it's probably a Moonchild.

**LEOS**-Mr. and Mrs. Vanity case. Leos tend to be very ambitious and conceited. When Senior polls are taken, Leo's don't vote-they already know they've won.

**VIRGO**-Tend to be creatures of habit. These students are the first out of your Calculus class every day, on the spontaneity level they rate a -6.

**LIBRAS**-Are those kids in class that seem to have not a care in the world, but in actuality are constantly worried over whether or not they will graduate. Don't sit by a Libra in lunch. They will always find something in your lunch that doesn't belong.

**SCORPIO**-Are very complex human beings. They are always thinking but are usually up to mischief. If P.V. had a "Most Likely to become a Criminal" it would surely be a Scorpio.

**SAGITTARIUS**-The freedom lovers, the daydreamers. These are the kids that spend classtime look-

ing out the window daydreaming about flying off to Zimbabwe on a winged-horse. They never pay attention but always seem to get an 'A'. How do they do it?

**CAPRICORNS**-Attitude and ego-what a combo. Capricorns are those people to stay away from in class. They know they're right and will tell you straight out! If teachers ever argue with a student, it's definitely a narrow-minded and strong-willed Capricorn.

**AQUARIUS**-Those "strange" ones tend to entertain you in class, whether with a bit of a movie or a song or some gossip they just heard. Aquarius seem to keep you interested with their sick sense of humor and borderline psychonature.

**PISCES**-The victim, the class hypochondriac. Pisces, no matter how small the problem, seem to overreact completely. If you ever go to the nurse's office you will surely see a Pisces there, probably with a broken eyelash.

## WOMEN RISE TO THE TOP

by Renee DeSantis

West Paterson-It may be difficult for a mere man to care for and manage a team of 50 males, but not a woman. All team managers, of course, have tough jobs. An outsider cannot possibly imagine the feeling one gets when she sees her close friends being tackled and sometimes injured by monsters twice their size. As a female manager, one must put her feelings aside and keep her chin up, even in the worst of times.

Most women have a special gift that provides most men with a feeling of security and a comforting touch when they are in pain, even for the smallest scratch. It is common knowledge that women have a great capacity for withstanding pain as well as a great tolerance of the male ego.

Since the beginning of time, women have been perceived as merely caretakers, caring for their husbands and children, but the roles are definitely expanding and changing. Being a manager of a sports team has always been a man's job. This is no longer true. At P.V., the soccer team, track team, and of course, the football team are maintained by competent and yet sensitive female managers.

It may seem to be an easy job. On the surface, managers provide refreshments, care for equipment, soothe minor injuries, and keep the coach from committing acts of mayhem upon the players.

In addition to those superficial activities we hold the hands of the injured players and restore their self-esteem when they are at a low point or feeling depressed about the moment. So remember this, men-today the team, tomorrow the world.

## S.A.T. MONSTER DEFEATED

by Michele Wells

On November 7, 1992, the halls of Passaic Valley High School once again shook with pain, as the S.A.T. Monster attacked, leaving a path of chaos and destruction in its wake.

At 8:15 that cool Saturday morning, the courageous warriors trudged in, armed only with razor-sharp "no. 2" pencils and four years of preparation. At first the students seemed to be at a disadvantage, battling not only the seemingly impossible questions, but fatigue as well.

However, after four hours of combat, the battle-weary Seniors overcame the obstacles and emerged, triumphant and confident about carrying on the school's tradition of excellent scores. The S.A.T. Monster, wounded but not killed, shrunk back to its lair until next year, when it is rumored to reappear at the same time to challenge the unsuspecting Juniors.

This reporter has interviewed some Seniors, and has compiled a list of ten surefire strategies that are guaranteed to raise one's score at least 200 points. The first one is the most important ... (cont'd on p. 54)

## HORNET GOES PINK

by Richard Wos & Michelle Wells

During the past four years, we the students have gone through countless changes, and the school building has changed with us. The most recent changes have been the refurbishing of the school's bathrooms. Even though the new stainless steel is spotless and has had no trouble staying that way, some things never change; we all remember the many times running frantically around the school looking for an unlocked bathroom. Fortunately, most of us found one!

The Griswald Gym has also changed since 1989- a few coats of paint have modified its appearance, but the sense of school spirit projected there during pep rallies and basketball games remains the same. "Times Square" has gotten a whole new look thanks to the pink tiles and new trophy cases. It certainly brightens up the school's appearance when people walk by.

The newest additions have been in the cafeteria, with the tele-reader to keep students updated on events happening around the school. A salad bar and deli have also been added to make the caf's food more palatable.

There have been other changes that are not as obvious as the physical ones: new faculty and staff members, different hair and clothing styles, and the fact that those tiny freshmen seem to be getting even smaller every year.

Although there have been many superficial changes, the more things change the more they remain the same. Passaic Valley High School's philosophy never wavers. We continue to integrate academic and athletic excellence with survival skills necessary to cope with the complex modern world.

## HORNET AT REST

by Staff

Room 150-As we rethink these past four years, many things come to mind, but one thing stands out "Thank God we're getting out of this place!" Never again will we have to see or photograph that bee with boxing gloves again. No doubt these four years have born witness to an evolution; we have become seniors from those timid freshmen we once were. These years saw us become licensed drivers and the sidewalks have never been the same since. We have all shared good times and bad times alike. We've made new friends and maybe we've been dumped by the person with whom we thought we would spend forever. But through all the headaches, heartaches, and stomach aches, we stuck by each other as a class and a common cause-getting out of Passaic Valley alive!

On a serious note, we the Yearbook Staff, wish everyone in the Class of '93 the best luck in the future. Please remember the real world can be a scary place, so make sure your parents don't rent out your room to the plumber.

## NEW LEADERSHIP

Bill Clinton, Arkansas' governor, became the 42nd President of the United States of America. After twelve years of Republican dominance, the Democrats have begun to write a new page in history. Like the Class of '93, a whole new era is about to begin for America—and for Passaic Valley High School graduates. Good luck Bill, and the Class of '93!

## WOMEN ON THE RUN

by Jennifer Caruso

At Passaic Valley High School, women are actively involved in a great many physical activities. These include both co-ed and non co-ed sports, such as cross country, field hockey, volleyball, cheering, basketball, track and field, golf, and softball.

The number of female athletes at P.V. is incredible. The girls on these teams work hard and show a great deal of effort and talent. Several of these athletes have received awards and honors for their work and dedication. Such honors include headlines in newspapers, Athlete of the Week awards, medals, trophies, and scholarships for future education.

Athletically inclined females will not be ignored. They deserve just as much credit and recognition as their male counterparts for their work and dedication on the playing field.
