Thank you Teen Center for working to ensure a safe, supportive and welcoming environment for all PV students

A Year Unlike Any Other

Hornets attended class, did their homework, and studied hard.... But they did it all from the comfort of their own homes for much of the year. They sat in class and listened to their teachers, but the teachers were at home, too. COVID-19 might have kept us socially distanced, but never far apart!

Helpful Hornets Spread Holiday Joy

Teen Center's Snowflake Story Time

PVHS Teen Center hosted Story Time from January 4th to February 12th. Members of the Interact Club and National Honor Society read stories to Pre-K through second grade students via Zoom.

National Art Honor Society Souper Bowl & Holiday Cards

NAHS created handmade holiday cards to send to the residents of local senior citizen homes to help spread holiday cheer. NAHS also did their annual Souper Bowl, collecting food for holiday donations.

Interact Club Holiday Food & Toy Drive

PVHS Interact Club hosted both a food and toy drive this holiday season and donated to those in need.

Culinary Club Thanksgiving Food Donation

PVHS Culinary Club donated a Thanksgiving meal, including a home-cooked turkey, to a family in need.

Student Senate Food Donation

PVHS Student Senate purchased \$150 worth of food and donated it to the First Reformed Church of Little Falls.

"Being a part of Snowflake Story Time and the Student Senate food donation project was really important to me. Especially with the craziness of COVID-19, it was great to be able to still help and support my local community. I was so happy and proud to be representing PV in both events!" Devyn DiPasquale

DECISION DAY

OUR SENIORS

Even at 6 feet apart

WE ARE together

Letter to the Class of 2021

Dr. JoAnn Cardillo, Superintendent

PEOPLE ARE OFTEN UNREASONABLE AND SELF-CENTERED.
forgive them anyway.

IF YOU ARE KIND, PEOPLE MAY ACCUSE YOU OF SELFISH MOTIVES.
be kind anyway.

IF YOU ARE HONEST, PEOPLE MAY CHEAT YOU.
be honest anyway.

IF YOU FIND HAPPINESS, PEOPLE MAY BE JEALOUS.
be happy anyway.

THE GOOD YOU DO TODAY MAY BE FORGOTTEN TOMORROW.
do good anyway.

GIVE THE WORLD THE BEST YOU HAVE AND IT MAY NEVER BE ENOUGH.
give your best anyway.

FOR YOU SEE, IN THE END, IT IS BETWEEN YOU + GOD.
it was never between you and them anyway.

-MOTHER TERESA-

Dear Class of 2021,

To say that this year has been a unique experience would be an understatement. It was March 2020 when the Covid-19 pandemic thrust us into situations that altered the typical high school experience beyond anything we would imagine and, regrettably, has continued through to your senior year. I want to share how sorry I am that this has occurred, and I am aware of your disappointments. You will always be special to me and a class I will never forget. You have adjusted and learned to make the most of every situation and opportunity. The challenges you have faced are preparing you well for real life situations going forward to whatever your post-secondary choices are. Remember, Passaic Valley is your home and continues to be the heart of the three communities we serve. The staff and administration of PV will always be here for you and I hope you feel the same about your alma mater. As some of you may know, I too will be moving on, leaving Passaic Valley along with you to seek new experiences both personally and professionally. I wish each of you the same joy and excitement I am anticipating for your days and journey ahead. My message to you is best conveyed by a favorite poem of mine which has helped guide my personal life and that as an educator of 40 years. As you read it think about how it can help you in your future endeavors.

Godspeed,

Dr. JoAnn Cardillo,
Superintendent of Schools

A Special Farewell

Mr. Timothy Platt, Supervisor of Buildings and Grounds

"Mr. Platt cared not only about his job, but all of PV: the people of PV and the entire community."

**Mr. Michael Paternoster,
Director of Special Education**

"Thank you for your leadership, professionalism, and kindness."
Ms. Patricia Palmiere, Supervisor of Career and Technical Education

"Mr. Platt has been part of Passaic Valley High School as a student and an administrator for more than half of his life. He was a key member of the last Passaic Valley Basketball County Championship Team. Mr. Platt holds the record for the longest tenure as an administrator at Passaic Valley High School – over 36 years! A record that may last forever. In retirement, Mr. Platt takes with him an uncanny memory of PV History. His acumen for details when planning a big event is unsurpassed. Above all, he has a quality that is not always easy to find--great common sense. His sense of humor, professionalism, loyalty and willingness to help across all departments leaves a large hole to fill at PV. He will be greatly missed!"

**Mr. Dave Settembre,
Assistant Principal/Discipline**

"Past, present and future Hornets can all appreciate the many projects and improvements to the facilities that Mr. Platt was a part of over many years. His passion and PV Pride will be greatly missed!"

Mr. Joseph Benvenuti, Supervisor of Athletics, Health/PE, and Activities

"Mr. Platt's dedication to our district over the past 36 years is second to none and the Passaic Valley staff will greatly miss him. The PV community joins me in wishing him the best of luck in the next chapter of his life."

Mr. Colin Monahan, Business Administrator

To Our Resilient Class of 2021:

“Optimism is the one quality more associated with success and happiness than any other.”

-Brian Tracy

Optimism. What an “optimistic” word, right? How many times have we heard this word and not truly understood its meaning? We would argue many times. But the many obstacles and changes to our everyday daily lives faced throughout the past few difficult months have hopefully taught us the true meaning of this word. During some of the darkest days, the glimmer of optimism was all we had to push us forward.

Optimism about what? The end to the pandemic and a return to “normal” life? Yes, I’m sure we are all hopeful for that. But, hopefully, you experienced other forms of optimism as well. Optimism caused by the resiliency of the human spirit. In the kindness and dedication of the frontline workers and health care providers. The Shoprite employees driving to work everyday, putting themselves at risk for the good of their community. Optimism caused by the strong pursuit of treatments and the wonders of scientific achievements.

But above all, optimism that when this is all over, we will be better for all that we endured.

No, this may not be the end to your high school years that you had imagined...we all must have missed this plot twist in High School Musical. But, Troy and the crew did teach us that “we’re all in this together” and even though we couldn’t be together most of the year, we were indeed in this together.

To our Senior Class: we are honored to be your Class Advisors. We’ve seen you mature from your first days as Freshman to kind, empathetic young men and women. May you go out into the world and change it for the better. That is where we find our optimism: in you.

Love,

Mr. Kevin Haimowitz and Mrs. Jamie Picarelli

In the fall of 2020, the Passaic Valley Drama Club performed its Fall Play, but it was unlike any other. No stage was used and no set was made. Due to COVID-19, it was all performed from each actors' home. This was unusual, but the director, Ms. Pia Vanderstreet quickly arranged and assembled what could be called the Passaic Valley Fall Play. It was a series of self-written monologues by the students, all performed by themselves live on camera in succession. It wasn't what the drama club was used to, but being the creative and intuitive minds that they are, they powered through these obstacles and delivered an unforgettable performance.

A message from our 2021
Girls' Show President

I'm so proud we were able to make this happen. although it might not have been what we hoped for, we were still able to make memories one last time. I am so thankful we were able to have our voices heard. My best wishes go out to the girls next year! Good luck GREEN and WHITE!!!

We thank this year's retirees
for their years of service and
wish them the best in their future endeavors

"Mrs. Linda Odgers has been the lynchpin of the Passaic Valley High School Business Department for the past 21 years. Beside teaching, Mrs. Odgers has been the force behind the FBLA/School Store Club, participated in the overnight Around the World conferences and volunteered for many projects here at PV. It was that business experience and her naturally fun personality that made PV students seek out the classes she taught."

Mr. Joseph Auteri
Career and Technical Teacher

"Mrs. Maria Papaleo is one of the most knowledgeable and professional teachers I have ever known. I have learned many things from her and she was always by my side if I needed anything. She is an amazing teacher and her students always loved her. She never stopped learning and improving her skills until the day of her retirement. You feel loved and valuable when you work with her. Since the year that I was a student teacher at PV, she has been my biggest help and support. I will miss her so much. "

Mrs. Fulya Arici
Spanish Teacher and Spanish Club Advisor

2020 - 21 TEACHER OF THE YEAR

"The COVID-19 pandemic brought on many unforeseen challenges this year. In the Health Office we went from performing hearing and vision screenings to COVID symptom screenings and contact tracing. It forced us ALL to find new ways to navigate our roles here at Passaic Valley. For this reason, I am truly honored and humbled to have been chosen as 2020 - 21 Educator of the Year and thankful to be a part of the PV family! I would like to thank everybody in the PV staff and community for their support, especially my colleague and friend Vicki Lynn Coyle, RN. I couldn't have done it without you!"

Mrs. Lina Salluce, RN, School Nurse, PVHS Teacher of the Year

Mrs. Salluce stands guard outside her office, keeping us safe and healthy.

Mr. Anthony Ottino

1950 - 2020

"It truly was a pleasure working with Mr. Anthony Ottino for 14 years at Passaic Valley. He was a gentleman and a gentle man. Mr. Ottino will always be remembered for his contagious smile and his soft-spoken kind words. He was always there to lend his support and a helping hand while asking for nothing in return. He was a kind soul who touched the lives of many. Mr. Ottino treated everyone with a great deal of respect and as a result, received a tremendous amount of respect in return."

Mr. Salvatore Sileo, Math Teacher

The Yearbook staff joins with the PVHS community in acknowledging with admiration, respect and love the work of Laura Van Winkle, longtime Board of Education member, who passed away in 2021.

Dr. JoAnn Cardillo, Superintendent
Congratulations on Your Retirement
Thank You for Your Commitment and Dedication to PV

A Special Message to Dr. Cardillo on her retirement:

Congratulations! The Board of Education and Mr. Colin Monahan, Business Administrator, wish you all the best in your retirement. You have always been a dedicated and committed leader. You have been caring to those you worked with and have had a vision that has made the community proud of the school and being a Hornet! Your skillful leadership has enabled PV to forge ahead in the face of challenges brought on by COVID-19. May your retirement find you happiness and good health, time to do the things you enjoy and spending quality time with your family.

"JoAnn, I cannot thank you enough for your friendship and kindness. We laughed 'til we cried (and sometimes we just cried). We worked hard and that is because you lead the way. You are a teacher and have taught me so much about education and life. I will miss our morning chats catching up about family and friends. And yes, I will miss the shouts of "Janet, Vieni qui." Thank you for taking me on this rollercoaster ride with you."

Mrs. Janet Russo,
Confidential Administrative Assistant, Office of the Superintendent

Letter from the Editors

"So often in life, things that you regard as an impediment turn out to be great, good fortune."
Ruth Bader Ginsburg

From our wonderful and talented staff and advisors, and to everyone who helped us fill this yearbook with unforgettable memories, thank you.

Growing up, we all imagined how our final year as high school students would play out. We imagined homecoming games, the annual Girls' Show, and the beloved cafeteria wraps. We imagined flipping through our yearbook and seeing all the memories from our final year as Hornets set out before us.

It is safe to say that this year has been unorthodox. Due to the COVID -19 Pandemic, we all had to modify our expectations for this year. The Valley Green experienced unforeseen challenges throughout the year. Our staff and advisors quickly found solutions for the obstacles we faced, and were able to create a yearbook that captured and preserved some of the amazing memories we created throughout our time as Passaic Valley Hornets.

This yearbook does not hold pictures from an effortless and flawless year. This yearbook contains all we experienced this year: the unusual and unfamiliar, the happiness and joy, and the unforgettable accomplishments of the Class of 2021.

As you flip through this book, we hope you see this as more than just a list of names and faces. It is our hope that you are reminded of everything we have achieved throughout our four years at Passaic Valley. And as we embark on the next chapter of our lives, we hope that down the road, when you flip back through this book, you will recall how it felt to be a student at Passaic Valley, and remember that We Are Hornets.

2021 Valley Green Editors,

U.S. ELECTION 2020

Joe Biden was elected as the 46th president of the United States. His running mate, Kamala Harris, made history as the first woman and woman of color as Vice President. Biden and Harris were declared winners of the presidential election after ballot-counting continued for days past Election Day due to unprecedented levels of mail-in votes cast amid the COVID-19 pandemic. President Donald Trump became the first president in U.S. history to be impeached twice, after being charged with incitement of insurrection after his supporters breached the US Capitol in an attempt to disrupt the certification of the 2020 Electoral College results.

FIRST U.S. SPACE FORCE LAUNCH

The U.S. Space Force completed their first-ever mission by launching the sixth AEHF-6 satellite into orbit on March 26. Sent by rocket from the Cape Canaveral Air Force Station in Cape Canaveral, Fla., the Advanced Extremely High Frequency satellite joined five others that circle the earth from 22,000 miles above, providing clear communication between the military and the government.

LOWEST-EVER OIL PRICES

Oil prices in the U.S. hit a historic low, falling to -\$37.63 a barrel in April. Decreased demand due to the pandemic and lack of storage capacity for excess supply contributed to this drop. Oil companies resorted to renting tankers to store excess oil, reducing production and temporarily capping wells.

TOKYO OLYMPIC GAMES POSTPONED

The 2020 Summer Olympic Games, scheduled to be hosted by Tokyo, Japan, were postponed until July 2021. The decision came after the World Health Organization cautioned Japan's leaders about the rapid spread of the coronavirus, while many countries and athletes expressed safety concerns. The leaders hoped their decision would allow the world time to recover from the pandemic but will plan to continue with or without COVID-19.

SOCIAL JUSTICE CHANGE

Thousands marched for social justice and an end to systemic racial inequality throughout 2020, leading to pivotal and historical changes.

Notable changes include, but are not limited to:

- The Boston Arts Commission voted to remove an 1879 statue of a slave kneeling beneath Abraham Lincoln
- Mississippi redesigned its 126-year-old state flag without the Confederate symbol
- Big brands like Uncle Ben's dropped their racially stereotyped names and images
- Black American authors topped bestseller lists while the media showcased outstanding films by Black filmmakers
- Numerous sports teams changed their names or mascots, including the Washington Redskins football team dropping the Redskins name and the logo of an indigenous chief

CORONAVIRUS PANDEMIC

The unprecedented arrival of the highly contagious respiratory virus shook the world and prompted the largest quarantine in human history. Staying safe meant staying home, for work and for school. With over 87 million cases worldwide, borders closed, global death toll reached 1.8 million, hospitals hit capacity, face masks became mandates and social distancing was the only way to gather.

\$2 TRILLION COVID-19 RELIEF PACKAGE

The U.S. government passed a \$2 trillion relief package to help families and the economy through the COVID-19 pandemic. The package included one-time payments of \$1,200 to individuals and \$500 per child under 18, and expanded unemployment benefits by \$600 per week for 4 months. The last time the government passed a relief package was during the 2008 Great Recession, when Americans received tax rebates of \$600 per individual, and \$300 per minor child.

SUPREME COURT CHANGES

US Supreme Court Justice Ruth Bader Ginsburg died at age 87, leaving behind a legacy of defending women's and minorities' rights since the 1970s. In October, Amy Coney Barrett was confirmed with a 52-48 Senate vote to succeed Ginsburg.

CORONAVIRUS DASHBOARD TRACKED BY MILLIONS

Millions worldwide tracked the coronavirus online by utilizing a number of COVID-19 dashboards. One of the most popular is the JHU dashboard, created by a small team from Johns Hopkins University. The interactive trackers provide up-to-the-minute COVID-19 statistics for countries, states and cities across the globe. As one of the leading sources on the coronavirus, the dashboards compile information from the World Health Organization, U.S. Centers for Disease Control and Prevention, and other health authorities.

Time Magazine's 100 Best Inventions of 2020 showcased new ideas that were good for our health and the environment. Bees can thrive longer thanks to Beewise, an artificial intelligence-powered hive that provides automatic temperature and pest control. Clean drinking water in 60 seconds, anyone? CrazyCap water bottles feature a cap that sanitizes water using UVC light. And for earth-friendly toothbrushing, Tom's of Maine created the first recyclable toothpaste tube.

PERSONALIZED DRUGS TREAT RARE DISEASES

New drugs that can be tailored to a person's genes are being developed to treat rare diseases caused by genetic mistakes. The first successful medicine of this kind was developed for 6-year-old Mila Makovec, who has a fatal inherited brain disorder. Neurologist and neurogeneticist Timothy Yu and his team developed a custom treatment for Mila's disease-causing DNA mutation, and it stopped the disorder from progressing. Researchers are continuing to develop such DNA-related solutions.

5G ROLLOUT ARRIVES IN U.S.

The highly anticipated rollout of 5G wireless networks began this year, as mobile phone carriers gradually began building out their coverage and releasing 5G-enabled phones. 5G offers super-fast downloads, millisecond response time and room for more devices. The technology is said to be key to innovations in robots, hospital equipment, self-driving cars and beyond.

A.I. HELPING FIRST RESPONDERS

Artificial intelligence and machine learning began helping first responders in life-saving ways. Drones and robots were employed to protect firefighters by entering hazardous areas for them. These included the remote control-powered Thermite RS3, a small tank-like vehicle with the ability to spray water from a front nozzle, clear heavy debris and record video. The NeuroFlow app was also used by firefighters, medics and other emergency workers, to detect and monitor mental health issues.

ANTI-AGEING MEDICINES IN THE WORKS

Scientists are developing medicines that would slow the ageing process but allow people to grow older, healthily. The treatment, called senolytics, would target the harmful cells that contribute to ageing and diseases that come with it, including cancer, heart disease, and dementia. Though the release of the therapy is still years away, researchers are hopeful that senolytics could go beyond simply treating the symptoms of aging, and instead combat the causes from the start.

CONNECTING BY VIRTUAL AND VIDEO APPS

The need for social distancing during the coronavirus pandemic transformed the way people came together. Workplaces turned to virtual environment providers like 6Connex to hold large virtual summits and conferences, and video apps including Zoom, Microsoft Teams and Google Hangouts for meetings. Outside of work, people sought virtual headsets to transport themselves to social hangouts like dance clubs, without leaving home. And for milestones like birthdays and weddings, video apps again united everyone safely.

SKYSCRAPER-SIZED CORAL REEF

Scientists discovered a coral reef towering higher than New York's Empire State Building, in the Great Barrier Reef. Located off the coast of Northern Queensland, Australia, the 1,640-ft. structure sits 130 ft. below the ocean surface and stretches nearly a mile wide. The reef is estimated to be 20 million years old at its deepest point, and is the first of its kind to be found in 120 years.

SPACEX LAUNCHES FIRST COMMERCIAL FLIGHT

The SpaceX capsule made history on May 30 as the first astronaut mission to be launched into orbit by a privately-owned company. This is also the first time since 2011 that an orbital human spaceflight departed from American soil. NASA teamed up with SpaceX to send astronauts Bob Behnken and Doug Hurley to the International Space Station for 63 days.

ANCIENT FOREST FOUND

An ancient forest was discovered 60 feet underwater, off the coast of Alabama. The cypress grove, which had lived during an ice age, had been hidden under a thick layer of sediment for about 60,000 years. The debris kept the forest preserved until Hurricane Ivan uncovered it in 2004. Scientists since began collecting wood samples and discovered more than 300 animals living within it, plus bacteria that may help create future medicines.

TASMANIAN DEVILS RETURN

Twenty-six Tasmanian devils were released back to Australia, 3,000 years after they had become extinct on the mainland. Freed to a wildlife sanctuary in New South Wales, the animals had been raised by conservationists in Tasmania, where the remaining population lives. The conservationists believe reintroducing the predators to their former home will protect smaller endangered species from feral animals, and keep the environment healthy by spreading seeds while digging.

STONEHENGE MYSTERY SOLVED

Thousands of years after Stonehenge was mysteriously built in Southern England, scientists uncovered where the giant sandstones came from. Using special tools, researchers tested the chemical composition of the sandstones and compared it to the stones in 20 other sites. The rocks were a perfect match to those in the West Woods, just 16 miles away from Stonehenge. It remains a mystery how the ancient people moved the stones, or why the monument was built.

GIANT HORNETS INVADE

Asian giant hornets were discovered far from home in Washington State and Canada, prompting urgent measures to stop the spread. The hornets, posing little danger to humans other than a venomous sting, feed on honeybees, which are critical for pollinating raspberry and blueberry crops. By trapping and tracking the insects, scientists hoped to locate and exterminate the nests before they could repopulate within the well-suited moderate climate.

NOBEL PRIZES HONOR LIFE-SAVING SOLUTIONS

The 2020 Nobel Peace Prize went to the World Food Programme, a United Nations agency that provides emergency and development support to undernourished countries. The agency was praised for building sustainability within communities by helping them to feed themselves. Emmanuelle Charpentier and Jennifer A. Doudna received the Nobel Prize in Chemistry for their life-changing solution, CRISPR/Cas9 genetic scissors. The tool can change the DNA of plants, animals and micro-organisms, aiding in the treatment of diseases.

NEW DINOSAUR DISCOVERED

A new type of dinosaur was uncovered by paleontologists at the University of Southampton, England, after back, neck and tail bones were found on the shore of the nearby Isle of Wight. The dinosaur, named Vectaerovenator inopinatus, is believed to have been 13 feet long, walked on two legs and related to the Tyrannosaurus Rex.

COVID-19

ENTERTAINMENT FOR RELIEF

Over the year, many live entertainment programs and award shows were postponed and canceled but, to help those affected by the pandemic, some events were hosted virtually or socially distanced to raise funds for coronavirus relief.

ONE WORLD: TOGETHER AT HOME GLOBAL SPECIAL

Lady Gaga teamed up with the World Health Organization to co-host the Global Citizen for One World: Together at Home. The livestreamed benefit concert raised \$127M for COVID-19 relief efforts.

THE MATCH: CHAMPIONS FOR CHARITY

The Match paired golf pro Tiger Woods and former National Football League quarterback Peyton Manning against golf pro Phil Mickelson and Tampa Bay Buccaneers quarterback Tom Brady for COVID-19 relief. The Woods and Manning team won and the event raised \$20M.

iHEART LIVING ROOM CONCERT FOR AMERICA

Elton John hosted the iHeart Living Room Concert for America which featured artists like Billie Eilish, Sam Smith, Camilla Cabello, and others. The event brought in \$10M for Feeding America and the First Responders Children's Foundation.

PROFESSIONAL SPORTING EVENTS

COVID-19 was a definite game-changer when it came to professional as well as local sporting events. Spotlighting the health and safety of all involved, events were delayed, cancelled, modified or held virtually.

MAJOR LEAGUE BASEBALL (MLB)

With a delayed start, the season resumed with new safety precautions, a reduced number of games and playing in empty stadiums.

VIRTUAL MARATHONS

With the cancellation of large-scale running races, events invited runners to participate virtually, using an app that tracked their miles.

NATIONAL FOOTBALL LEAGUE (NFL)

Season started on time, but with health and safety protocols in-place like the cancellation of games and playing in empty or limited capacity stadiums.

NATIONAL WOMEN'S SOCCER LEAGUE (NWSL)

Replacing the entire season with the 2020 NWSL Challenge Cup, NWSL played in a month-long tournament in an empty stadium.

NATIONAL BASKETBALL ASSOCIATION (NBA)

Following the shutdown of the 2020 NBA season, the top 22 teams were selected to finish the competition in a bubble at Walt Disney World in Orlando, Fla.

NATIONAL HOCKEY LEAGUE (NHL)

Canada agreed to open their country's borders to host 24 NHL teams for the play-offs. Games were scheduled to continue through to the Stanley Cup Championship.

STAYING AT HOME: UNEXPECTED SHORTAGES AROUND THE U.S.

With the coronavirus forcing millions to spend more time at home, people were faced with shortages of ordinary household items that were suddenly in demand. These included toilet paper, household cleaning products, flour, and surprisingly, jigsaw puzzles. The demand caused prices to increase on some products, and also prompted sellers to place limits on how much of an item could be bought.

CORONAVIRUS SURGE CAUSES SECOND SHUTDOWN

With coronavirus patients filling hospitals to capacity, U.S. states that had reopened after the end of the first quarantine were again forced to place restrictions on businesses and daily living. Each state's governor and the local governments of districts reinstated limits based on the rate of the virus in the area. Schools, restaurants, bars and gyms were among the venues reclosing, while wearing masks became a requirement for many stores.

ESSENTIAL WORKERS NAMED 2020 PERSON OF THE YEAR

Time Magazine's 2020 Person of the Year Reader Poll named essential workers as the people who had the most impact on this year. People around the globe showed their appreciation for workers on the front lines of the coronavirus through cheering, clapping or other loud noises from their windows, front steps and balconies. As part of the #ClapBecauseWeCare movement, citizens were encouraged to stop and recognize essential workers such as healthcare workers, police, grocery store employees and others risking their lives during the pandemic.

WORLD'S GREENEST COUNTRIES

The world's greenest countries of 2020 were named by researchers from Yale and Columbia Universities. The top 10 were from Europe and included Denmark at no. 1, followed by Luxembourg, Switzerland and the United Kingdom. Denmark has long been known for its commitment to clean air and recycling, and Switzerland, for protecting its environment. Meanwhile, Luxembourg became the first country to offer free public transportation, while the U.K. banned plastic straws, stirrers and cotton buds.

VIRAL VIDEO ENTERTAINMENT

Viral TikTok and YouTube videos provided endless entertainment during the pandemic. Nathan Apodaca turned a truck breakdown into the coolest longboard commute while lip-synching Fleetwood Mac and sipping on a bottle of Ocean Spray's Cran-Raspberry juice. Nick Uhas and David Dobrik stunned viewers by producing the world's largest amount of foam. Contagious dances were choreographed by teens, from Jalaiah Harmon's "Renegade" to Haley Sharpe's interpretation of Doja Cat's "Say So."

2020 FASHIONS FLAUNT PAST FAVORITES

This year's fashion trends featured many favorites from the past. Earthy neutrals in browns, khaki and olive greens dominated the runways, while 1990s trends took over in the form of flannels, cargo pants, fanny packs and track suits. In fact, tie-dye athleisure (and anything else in the eye-popping style) were all the rage. And let's not forget those playful puff sleeves on tops, dresses and jackets, adding instant "pow" to feminine or edgy looks.

UFO VIDEOS CONFIRMED

Years after three videos showing unidentified flying objects began circulating on the internet, the U.S. Pentagon confirmed that the footage was real. A clip filmed in 2004 by U.S. Navy pilots shows a round object soaring above the Pacific Ocean, while two others recorded by pilots in 2017 reveal mysterious aircrafts flying ahead of them, one of which is rotating. The sightings remain unexplained, with the Pentagon calling them "unexplained aerial phenomena."

HARRY AND MEGHAN STEP DOWN FROM ROYAL DUTIES

Prince Harry and wife Meghan Markle made headlines by announcing their plan to step back from their official royal duties. This included splitting their time between North America and Great Britain and becoming financially independent, while still supporting the Queen and charities.

TIME HONORS 1ST KID OF THE YEAR

Time honored the first-ever *Kid of the Year*, 15-year-old Gitanjali Rao. The American scientist and inventor uses technology to create solutions for contaminated water, cyberbullying and more. After being selected from more than 5,000 candidates, Rao said she is dedicated to creating a global community of young innovators to solve problems of the world.

PLANT BASED MEAT HITS MAINSTREAM

In response to the growing number of people choosing healthier options for themselves and the environment, plant-based alternatives for meat finally hit the mainstream. McDonald's introduced their first meatless burger, the McPlant, following other fast food giants who had begun using plant-based meat substitutes in recent years, including Burger King, Dunkin' Donuts and Subway. Sales of plant-based meat continue to soar.
