A Winter Wonderland

Thank you to our class advisors for such an unforgettable night! We could not be more grateful for your continued support and dedication!

-Class of 2021

Always be willing to learn something new

Dear Class of 2020,

Senior year has passed by quickly, and today you are looking towards the future. Passaic Valley has been your home for the past four years, and during that time, we have purposefully guided you to help you make the best choices for your future endeavors. I know you have considered many options and **you all have unique paths ahead**, some of which are currently unheard of! It is a truth that the world is open to all of you.

This year Time magazine has chosen a teenager, such as yourself, as Person of the Year. The unassuming Greta Thunberg has channeled her passion for the science of climate, and is striving to make our world a better place for generations to come. Although it may not often seem so, our world is a wonderful place. This complex world can be confusing and hard to navigate, but if you understand now that you may have two or three careers in your lifetime, you will not be surprised when change happens. Always be willing to learn something new, know when to pivot into the challenges ahead of you, do not see these challenges as failures, but rather look to understand how they can help you in the next steps of your life. As long as you hold on to your values, ethics, and integrity, you will know you are making the right choices going forward.

Passaic Valley Regional High School will always be here for you as I hope you will always be here for us. We are headed into our eightieth year in 2020-2021, and we plan to celebrate all of our successes with as many Hornets as possible. Like you, we will also face challenges and will look to our alumni to support our efforts to pivot, grow, and remain a vital part of the community and Passaic County. I wish you only the best of what life has to offer you.

Best Regards,

Dr. JoAnn Cardillo, Superintendent

A high school career is like a journey

Dear Class of 2020,

First, as a newcomer to Passaic Valley High School this past fall, I thank each and every one of you for warmly welcoming me into the PV community. Since I arrived, I have been impressed by how our three communities of Little Falls, Totowa and Woodland Park **come together under the banner of Hornet Pride.**

A high school career is like a journey: you start in one place, and you leave four years older, in a very different place. I wasn't here when you arrived as freshmen in September 2016, but many of you were probably a little scared and a little unsure of where your high school career might lead you. Since that time, I know that most of you have used your time here well, immersing yourself in our extensive curriculum and participating in the many clubs and activities that Passaic Valley High School offers. I know you have also benefited from knowledge, wisdom and guidance from our dedicated staff.

You are now a young adult, ready to embrace the next challenge, whether it be in college, in the workforce, or in the military. Your school work and activities here have prepared you well for this new stage of your life. With focus, dedication and hard work, I know you will succeed.

I wish you the very best of luck. Don't forget the Green and White, and remember it's **always a great day to be a Hornet!**

Sincerely,

Mr. Joseph Abate, Jr., Interim Principal

Senior Class Advisors

Dear Class of 2020,

Congratulations on all that you have accomplished. It has been an honor watching you grow into mature young adults over the past four years. We wish you the best of luck in your future endeavors. We cannot wait to see your impact on the world. Never forget the green and white!

Sincerely,

Mrs. Benvenuti and Ms. Mulcahy

"We're all going through a really tough time, especially as seniors because this was finally going to be our time."
- Brian Katat

"My heart breaks every time I think about the possibility of not being on the field for the last time with my sisters, but I know that no matter what happens this season, we will always remain a team and a family."
- Isabella Guarente

8 sports 1 season

"It's unfortunate. Many of my friends have worked hard this off-season in hopes of having a good last year. In the end though, we can only control the controlled, so the team is going to make the best of it!"
- Vincent Colavitti

"I have made countless memories with my spring track team, and although the current situation is very unfortunate, I want to keep my head high and look back at those times. I really hope I can have one last chance to compete as a Hornet!"
- Krishna Rana

"I'm sad that the team didn't get a chance to bond or play together this season and that this is how I'm ending senior year. However, I'm honored to have gotten the chance to play alongside these girls in the last few seasons!"
- Stephanie Ortiz

Letter from the Editors

“Obstacles don't have to stop you. If you run into a wall, don't turn around and give up. Figure out how to climb it, go through it, or work around it.”

-Michael Jordan

From our wonderful staff and advisors to the students who helped fill this yearbook with amazing memories, thank you. We began our second year as Valley Green staff members with a vivid idea of how this year's book might turn out. Although we were met with bumps and curveballs along the way, we're satisfied and overwhelmingly appreciative of everyone's efforts in the final product.

We faced our most notable and unexpected hurdle during our final chapter due to the abrupt spread of COVID-19. For the safety of our staff and student body, we shifted our daily face-to-face interactions to digital communications. We are grateful PV was equipped with the necessary technology and resources to support learning efforts remotely and hope this becomes an option rather than a necessity in the future. This period away from our classrooms and familiar halls has been a time of growth, reflection and gratitude. The unpredictability of our final days together made finishing this book a unique and unforgettable experience.

This yearbook is more than a collection of names. This yearbook is more than an assortment of pictures. This year's Valley Green is the embodiment of the personal memories each student will carry with them into their next chapter. This PV through our eyes.

From late nights mulling over small details to caffeine-fueled morning meetings, we're beyond appreciative of the cooperation and contributions of students, staff, parents, and the community during the production of this book.

This has been an experience unlike any other. As we move on to the next chapter of our lives, we hope you remember your time at Passaic Valley with joy as you reminisce *Through Our Eyes*.

REVOLUTIONARY PILL

Scientists are developing a pill that can detect gut problems that lead to serious ailments like colon cancer and Crohn's disease. Once swallowed, the pill is designed to find symptoms using pictures that are seen by doctors in real time. The pill can also be halted to study areas, then pulled after the diagnosis is complete. This has significantly reduced the impact of diagnostic procedures that previously required invasive measures.
