

Get Outside and Explore:

Try one of our Moby Science Activity Bags! These are a great way to explore the world around you for nature enthusiasts of all ages. We have 15 different bags, including camping and survival, insect exploring, and composting. Try one out and let us know which one you chose.

Check out our Library of Things:

The Mattapoissett Library has an ever growing collection of Library of Things. These items include metal detectors, Bocce Set, and a Play Ball Kit. Now is a great time to check out an item from our library of things and let us know what it was! Did you like it?

When you are done, please turn this in to a staff member at the circulation desk. The last day to submit is July 30th.

If you have any questions call the library (508-758-4171) or email Michelle Skaar at mkskaar@sailsinc.org.
