

The Tattler

The Williamsburg High School Year Book
Published Annually

1923 - 1971

INDEX

The four bound volumes of *The Tattler* were kept in that epoch by the "Burgy High" administration and donated in 2003 to the Williamsburgh Historical Society by the Superintendent of the Hampshire Regional School District.

The Helen E. James School graduated the first Senior Class in 1915. Scant records have been found of the first class. In 1916 a yearbook, was published under the direction of class advisor, Anne T. Dunphy, then in her first year on staff. *The Unquomok* was only published that one year and without photos.

This index of *The Tattler* is an attempt to list each and every person ever to attend the Williamsburg High School in the James Building as has been found in the high school yearbook. It is as complete and accurate as practicality would allow. Those entries with an asterisk were listed as graduates for the year denoted. All those without an asterisk were listed as freshmen, sophomores, and/or juniors in the class, but did not appear on the roll of graduates. Photographs of these underclassmen would, of course, appear in one or more of the issues in the three years prior to the yearbook published in their class year. Although 1971 was the last issue of *The Tattler*, 1972 through 1974 underclassmen are also pictured therein.

The first section, pages 2 thru 29, all students are listed in alpha-betical order; pages 31 thru 59, classes are grouped in chronological order. An asterisk denotes individuals who were in the graduating class and numbers following a name denotes the years attended with that class whether or not the individual graduated.
