#### *Back of Beyond* by C.J. Box

Synopsis: Cody Hoyt, while a brilliant cop, is an alcoholic struggling with two months of sobriety when his mentor and AA sponsor Hank Winters is found burned to death in a remote mountain cabin. At first it looks like the suicide of a man who's fallen off the wagon, but Cody knows Hank better than that. Sober for fourteen years, Hank took pride in his hard-won sobriety and never hesitated to drop whatever he was doing to talk Cody off a ledge. When Cody takes a closer look at the scene of his friend's death, it becomes apparent that foul play is at hand. After years of bad behavior with his department, he's in no position to be investigating a homicide, but this man was a friend and Cody's determined to find his killer.

When clues found at the scene link the murderer to an outfitter leading tourists on a multi-day wilderness horseback trip into the remote corners of Yellowstone National Park--a pack trip that includes his son Justin--Cody is desperate to get on their trail and stop the killer before the group heads into the wild. Among the tourists is fourteen-year-old Gracie Sullivan, an awkward but intelligent loner who begins to suspect that someone in their party is dangerous.

In a fatal cat and mouse game, where it becomes apparent the murderer is somehow aware of Cody's every move, Cody treks into the wilderness to stop a killer hell bent on ruining the only thing in his life he cares about.

Dear Teacher/Librarian,

The Montgomery City-County Public Library System has a subscription to these services that you can use for FREE! Bonus, it does not require a library card for your students to access. Books within these platforms can be directly linked to your remote learning platforms so students can click and read. You can even partner with us for additional features such as [MyAssignments](#), at one time called TumbleTracker.

MyAssignments is a feature which allows a teacher to set up their classrooms and then assign them homework, like books to read, and quizzes to complete within the TumbleBooks platform!

To sign up, simply email [rino@tumblebooks.com](mailto:rino@tumblebooks.com) with:

1. The name of your school!
2. The emails and names of other teachers in your school who want access to MyAssignments.

Once TumbleBooks sets everyone up, they will send out an email with login information for the feature.

Students can access the feature by clicking on the MyAssignments link in the blue nav bar, and then selecting their classroom from the dropdown menu (no password required). There, they will find their assignments, a brief message from the teacher, and the due date.

Note that MyAssignments is strictly an assignment function for the teacher and students. It does not track the work or progress of the student, and does not ask for any personal information.

Please let us know if you have any questions or concerns.
