Generations of Montrose women—Augusta, Victoria, Willow—have always lived together in their quaint California bungalow. They keep to themselves, never venture far from home, and their collection of tinctures and spells is an unspoken bond between them. But when young Nickie Montrose brings home a boy for the first time, their quiet lives are thrown into disarray. For the family has withheld a crucial secret from Nickie all these years: any person a Montrose woman falls in love with will die. Their surprise guest forces each woman to reckon with her own past choices and mistakes. And as new truths about the curse emerge, they're set on a collision course dating back to 1950s New Orleans's French Quarter—where a hidden story in a mysterious book may just hold the answers they seek in life and in love...

At Storybook Time, we sing a few songs, read one or two picture books and offer a take-home craft.

- **June 6** – Our theme for the summer is “All Together Now,” which is all about doing kind things for others. We’ll explore that theme with our storybooks. First up is *Flight School* by Lita Judge. What happens when penguin, a flightless bird, joins a school to learn how to fly? He’s going to need more than a little help.
- **June 13** – Little Bulldozer wants to help at the construction site, but he’s just too small for most tasks. However, when the other vehicles give him a simple job, Bulldozer discovers a purpose higher than clearing and flattening land in *Bulldozer Helps Out* by Candace Fleming and Eric Rohmann.
- **June 20** – A little girl finds a wish in her backyard. As she asks her friends how she should use her wish, she comes to realize that others could use it more than she does. What will turn out to be *The Perfectly Perfect Wish* by Lisa Mantchev and Jessica Courtney-Tickle?
- **June 27** – A baby dragon burns down some buildings in a nearby village. Did he mean to do something so terrible? One brave little girl will find out that he just needs some care in *Baby Dragon’s Big Sneeze* by Sheryl Bass and Remesh Ram.

Toddler Time – for age two and under – Wednesdays at 10 a.m.

Toddler Time allows our youngest patrons to forge their first connections with a library and provides a space for caregivers to connect with each other. Join us as we bounce, sing and read a short story and then hang around to get to know everyone.

The Way I Used to Be by Amber Smith

Eden was always good at being good. Starting high school didn't change who she was. But the night her brother's best friend attacks her, Eden's world capsizes. What was once simple, is now complex. What Eden once loved--who she once loved--she now hates. What she thought she knew to be true, is now lies. Nothing makes sense anymore, and she knows she's supposed to tell someone what happened but she can't. So she buries it instead. Told in four parts--freshman, sophomore, junior, and senior year--this provocative debut reveals the deep cuts of trauma. But it also demonstrates one young woman's strength as she navigates the disappointment and unbearable pains of adolescence, of first love and first heartbreak, of friendships broken and rebuilt, all while learning to embrace the power of survival she never knew she had hidden within her heart.

The Little Mermaid: Against the Tide by J. Elle

An original novel written by New York Times best-selling author J. Elle inspired by Disney live action reimagining of The Little Mermaid. After the death of Ariel's mother, the queen of the sea, the seven daughters of King Triton have grown estranged at best. It's been years since Ariel's older sisters have visited home. But this year's Coral Moon is fast approaching, and it's a special one for Ariel. Finally, fifteen, she will be dubbed the Protector of her very own ocean territory as is tradition, and her sisters have agreed to visit for the celebration. But the ceremony is halted when Mala, one of the most renowned daughters of Triton, is abducted. The only clue to where she might have been taken is a hastily scribbled seaweed note, which says, "What could have saved Mother could save me, too." To rescue Mala, Ariel must work together with her siblings, traveling to various seas, outsmarting dangerous ocean creatures, and delving into forbidden waters to find the truth of what happened to their mother. But as Ariel and her sisters begin uncovering new secrets about their family and their kingdom, Ariel will have to face the loss of a mother she never had a chance to know and discover what it means to be both a good sister and a strong leader. And the clock is ticking, because on the day of the festival, when the moon turns a true shade of coral, her sister will be lost, like her mother, forever.
