

Moultonborough Public Library
March 2021 Literacy Month Challenge

This challenge is meant to encourage young children and their families to discover books and nurture a love of reading. Have fun selecting books about items pictured on the calendar! Check off the daily activities you do. Create your own bookmark and book cover!

Accept the reading rainbow challenge March 14th through the 20th. Books may be from the library or from your own home collection.

There is a display of books with rainbow and colors in the titles.

At the end of the month turn your sheet in to pick out a small prize.

Have fun discovering new subjects to read about!
