

Great Stone Face Book Award: The Committee

The Great Stone Face (GSF) Committee, sponsored by CLNH, is composed of children's librarians from public and school libraries who love to read children's literature, and who possess an understanding of children's interests, needs, and issues. Members form a cross-section of differing skills, knowledge, and life experience.

Committee members participate in the nomination process by reading and evaluating books and by taking part in the discussion of these books at monthly meetings.
