## Bundle Coordinators – How to renew your membership

'Bundle Coordinator' is the designation for the person at the library who is the main contact for the renewal of all the memberships associated with that library. You can add additional members to your group, update contact information, archive people who are no longer part of your organization, and add new trustees by following the instructions below. You can also view and pay invoices. One of the benefits of this system is that you can renew your membership at any time, you don't have to wait to be invoiced, so you can renew after elections if you wish, and you can update your members as they change.

Once you have logged in: https://nhlta.wildapricot.org/

 Click on your name in the top right corner (you will see your libraries name if you are the bundle coordinator)

> You will see your membership details

To renew AT ANY TIME, click on 'Renew to July 1 2025'

The renewal screen will show you how many memberships are in your library, and how many have been assigned. From here you can update information on existing people, or add new people. In this example, there are three memberships, but only one has been assigned to a person. You can add your additional two people and renew.
