

New Hampton Fire Department

26 Intervale Drive, New Hampton, NH 03256

Phone: (603) 744-2735 Fax: (603) 744-6520

This form is to be used in the event a pressure test is not witnessed by New Hampton Fire Department personnel, and/or a form by the installation company is not provided. NFPA 54 National Fuel Gas Code requires that pressure tests be conducted on all gas piping. In the event that piping is added as a result of repairs or additions, the piping involved shall be re-tested. Pressure testing methods, duration and procedures shall be conducted in compliance with applicable Codes and industry standards.
