**\*\*\*\* FEES DOUBLED for all work done without required building permit \*\*\*\***

\*\*\*\*\*

Permit for installation or reinstallation of fossil fuel, electrical, or interior wood-fired heating system, that is not part of a building permit for any alteration/renovation or new construction.

NOTE: Any fossil-fueled or interior wood-fired heating system also requires a separate application, which can be obtained from the New Hampton Fire Department.

Installation or re-installation of any heating source

Fee: \$100.00 \$ \_\_\_\_\_

**Fire Department Inspections:** The New Hampton Fire Department requires completion and submission of their appropriate form for all installations, or reinstallations, of any fossil fuel or wood-fired heating system. They will also perform an inspection to ensure they comply with Life-Safety Code.

Contractor's Name: \_\_\_\_\_ Contractor's phone #: \_\_\_\_\_

Estimated cost of the project: \$ \_\_\_\_\_ Estimated date of completion: \_\_\_\_\_

*I attest that I have provided complete, true, and accurate documentation to obtain this Permit.*

*As New Hampton does not have a Town adopted Building Code, I understand it is my responsibility to ensure that the construction performed is done in accordance with the NH State Building Life Safety Codes. I also understand that projects involving excavation are required by RSA 374:48 to contact Dig Safe at 1-888-344-7233. I will obtain all necessary state and federal permits prior to proceeding with any work.*
