**WELCOME TO THE “NEW HAMPTON
CONNECTION”**

E-mail notices will be sent from this office with dates, locations and times of Town Meetings, special meetings, special events, and other important town events or information. We hope you will find these notices helpful. These e-mails will not provide notice of regular scheduled meetings, deadlines, holiday hours, general information, etc. For such scheduled information, please check the town web site www.new-hampton.nh.us or call the Town Office at 744-3559. All public meeting notices are posted at the Town Office and Fire Station. All town newspaper notices are placed in the Laconia Citizen.

Please talk with other New Hampton residents who may not have been contacted to see if they are interested in receiving these e-mails. I also would encourage you to get the “word out” about important information to those who may not have e-mail.

If at some future time you change your e-mail address or you wish to be removed from the list please send an e-mail to blucas@new-hampton.nh.us.

Northern Pass Project
Extended Scoping Comments will be accepted until
Tuesday, June 14, 2011

The US Department of Energy (DOE) is reopening the public scoping period for the Northern Pass Transmission Line Project Environmental Impact Statement (EIS) (DOE/EIS-0463). The scoping period will end on June 14, 2011.

DOE announced on February 11, 2011 (76 FR 7828), its intention to prepare an EIS to assess the potential environmental impacts from its proposal to grant a Presidential

permit to Northern Pass Transmission, LLC, to construct, operate, maintain, and connect a new electric transmission line across the U.S.-Canada border in northern New Hampshire. The EIS will address potential environmental impacts from the proposed action and the range of reasonable alternatives. The U.S. Forest Service, White Mountain National Forest, and the Army Corps of Engineers, New England District, are cooperating agencies.

Comments on the scope of the EIS and requests to be added to the document mailing list should be addressed to: Brian Mills, Office of Electricity Delivery and Energy Reliability (OE-20), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585; by electronic mail to **Brian.Mills@hq.doe.gov**; or by facsimile to (202) 586-8008. Also can be submitted online:
