There's still plenty of summer left, and we have a few reading suggestions to help you chase away those hot and sticky dog days of summer:

 ***Read-A-Romance Month***

Created by freelance writer, book reviewer and romance advocate Bobbi Dumas in 2013, this online celebration of the romance novel encourages conversations between romance readers and authors during the month of August. Visit Bobbi's blog [www.kirkusreviews.com/features/partners/bobbi-dumas-read-romance/](http://www.kirkusreviews.com/features/partners/bobbi-dumas-read-romance/) or ask a librarian to recommend a romance novel in this popular and diverse genre.

 ***What Will Be Your Legacy Month.***

Consider taking a few moments to reflect on your past and present actions and vow to make positive changes that will affect generations to come. Check out the variety of books and information at the library that may help you affect your personal, spiritual and financial legacy.

 ***The Diary of Anne Frank: Last Entry Anniversary***

Speaking of legacies, on August 1st, 1944 Anne Frank wrote the last entry in her diary. Translated into 30 languages, Anne Frank's diary has become a symbol of the indomitable strength of the human spirit. Find more inspiring biographies and memoirs at the library.

Our popular FALL FOR ART series returns this October where you can explore a variety of art expression: play the ukulele - art inspired writing workshop - bullet journaling - zentangle and pastel painting. Contact Adult Services for more information, or to sign up!
