

3 Must-Have Library Apps

The CW MARS Libraries App

We've crammed the ENTIRE catalog into a free app you can download and use on the go. The app functions just like the catalog from the website. Here's what you can do:

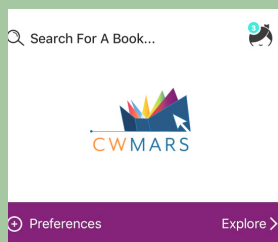

- *Search & Place Holds*
- *Your library card is now on your phone* – Now

you can still check out items even if you forget your library card! Pull out your phone, open the app, and select "Show card." There it is—your card number and that lovely black-and-white barcode. The librarian will take it from there.

The Libby App

We've crammed thousands of free e-books, e-audiobooks, and e-magazines into the CW MARS Digital Catalog. Borrow them with the *Libby app* (for smartphones and tablets) or the *OverDrive app* (for Kindle and Nook). Here's what you can do with these apps:

- *Download books*
- *Download audio*
- *Browse your favorite magazine*

PrinterOn App

No printer? No problem! You can send a document to the library and print it out when you arrive. Here's what you can do with PrinterOn:

- *Print anywhere*
- *Print anything*
- *Print anytime*
