# Gale Forecast

NOVEMBER 2016

We are pleased to announce our new brand!

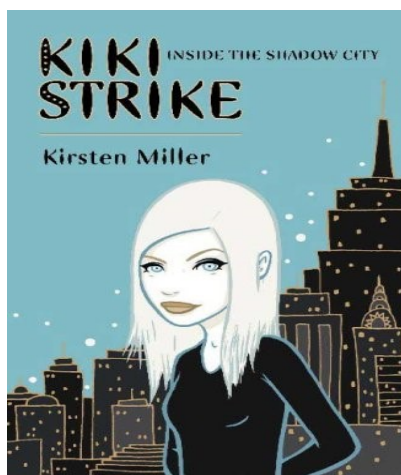

Following a comprehensive branding and design process over the summer, we recently launched our new brand, including a new logo and tagline representing the Library. The new brand was developed with Stirling Technologies, a design studio located in Winchester, MA. The new logo incorporates the front façade of the original Gale Library building facing Main Street which was built in 1895. The tagline, **Your Place To Connect**, reflects the Library as both a physical place where the community gathers to meet friends and neighbors for programs and meetings, to check out the newest books and materials, as well as an online portal and technology learning center that connects people to the world, providing library services 24/7 at the click of a mouse. Over the next few months, you will notice that our new brand is being used on all of our marketing and communications materials. We are excited to update our look and we look forward to presenting new promotional materials, both online and in print in the near future.
