

# 2024 TOTAL SOLAR ECLIPSE

## MONDAY, APRIL 8, 2024

Eclipses happen when one object in space passes through the shadow of another object in space. During a solar eclipse, the Moon passes between the Sun and Earth, blocking all or part of the Sun for the viewer.

South Haven Memorial Library has **FREE** solar viewing glasses available with your library card (one pair per library card).

**First come, First serve basis.**
