Q1 **Satisfied.**

How satisfied are you with the Southborough Library building currently?

Q2 **Yes.**

Does the library parking lot need more parking spaces?

Q3 **The Southborough does not have adequate space and needs to be expanded.**

Based on your assessment of the Southborough Library building, please select the statement(s) that best describes your view:

Q4 **I would not be in favor of ever moving the library. I like the library where it is.**

If the current site of the library building cannot be renovated and/or expanded to meet emerging user needs, would you be in favor of relocating the library to another site in town? Please select the option that best describes your opinion.

Q5 **This decision should ultimately be up to the library administration.**

If you agree that the library needs additional space, what would you like to see more of at the library if the library is expanded? Please check all that you agree with.

Q6 **I need more information before I can answer.**

The Southborough Library circulates nontraditional items in the 'More Than Books' collection, including library telescopes, gardening kits, ukuleles, and more. Do you support the library continuing to expand the 'More Than Books' collection?

Q7

I would be in support of adding the following to the Southborough Library:

Study spaces.,

Larger Children's Room, including a space for juvenile programs.

,

Larger Teen Room, including a space for young adult programs.

,

Separate Idea Lab space.,

A full kitchen for use in cooking programs.,

Additional electric outlets to plug in devices.

Q8

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

It depends on what function.

Please use this space to provide any additional feedback about the Southborough Library building:

I love our library and the folks who run it! I trust them to know what the community needs. As someone without kids who uses the library regularly, it's important (for me) to see any expansion of space not solely be kids/family focused. I think a cooking space would be an incredible feature of a library! Anything that supports the library in developing interactive, vibrant, and engaging programming is something I would love to see investment in. I am very attentive to New England library programming due to my work (not library related) so I am keenly aware of the kinds of programs that help a library come alive and draw people in. I would love to see the Southborough Library get resources that would allow them to stand out in this way too. Separately, with respect to ever moving library location, I very much appreciate a commitment to keeping the library in the downtown area. It does feel important to have the library right downtown so both south and north sides of town can access easily. (I could imagine my engagement with the library dropping off significantly if the location was moved further away... I'd prob end up going to Ashland)

The library staff is amazing but they need more space to provide services. The location is central so staying out would be ideal but May not be possible. The Southborough library structure is becoming the most out of date in the area-should be an embarrassment to the town. Cheers to the staff that keep the library desirable despite all the challenges!

I would be in support of adding the following to the Southborough Library:

Larger Children's Room, including a space for juvenile programs.

,

Larger Teen Room, including a space for young adult programs.

,

Separate Idea Lab space.

Q8

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

It depends on what function.

I am disappointed that the library is closed on the weekends during the summer. The library could use more space where community groups could meet. The rooms in the basement used for this purpose are old and smell musty—not ideal.

Q7

I would be in support of adding the following to the Southborough Library:

Local History Room.,

Additional electric outlets to plug in devices.

Q8

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

I need more information before I can answer.

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

The library needs rooms for meetings. The only one you have is the Eaton room which is actually a small, stuffy storage room. It is not adequate for meetings or presentations.

We primarily use the library with our young kids. The staff and programming are wonderful, but the building definitely needs more space for children. We frequently go to programs in other towns (Shrewsbury, Northborough) that have more space for them to play.

I'm a library supporter. My kids and I support every effort there is to expand and make this library a state of the art resource to the community. The library is more than books, it's a knowledge center, a place where people who are new to the community can come and ask questions, and a free place for people with low resources to find entertainment and knowledge. The library is the place in which I learned English when I first moved to the country. That's just how incredibly important the library is to people. Please continue to make the library a hub for the town to build knowledge, skills, and a sense a community.

As a taxpayer, I cannot support the options that I indicated above as the library is used by non-residents. While this may be a rather one-sided view of the value of a library, if residents don't like the library in their town, then they should raise the issue locally.

I do not frequent the library as often as I would like, however in saying that, at this point in time with all the "on-goings" in Southborough, spending large sums of money for a service that appears to be working is not the right way to go. For any major capital improvements at the library, I would postpone until we substantially reduce our current debt.

The library is a historic landmark in Southborough and should be maintained. It's unfortunate that so much of the town is constrained by the land owned by the private schools, but it's the reality. For adding to services, combining with the school re-assessment initiative and the expansion / relocation of the senior center with a community center would yield shared opportunity. Some of the suggested add-on services in the survey would more naturally fit in that type of plan (like cooking classes) than with the library.

I will not vote for expanding the current library building and will fight against ANY increase in taxes to do so. We should use buildings currently owned by the town for community interests beyond the library, such as teen programs and a cafe. Enough with the short-sighted use of our infrastructure currently in place around town!

The library's children's programs are a strength and asset to the town. The staff knows it's patrons and offers a wide range of programs to the town. Additional or renovated space to support it's programs as well as community programs should be considered a key benefit of the library. The southborough library is much more than just a place to store books.

I truly love what does Southborough Library offers our community. I am fully supportive of expanding its services. But I do love its current location and think it adds a lot to our town center. I would be sad if it moved. Therefore, if some of it services could be "offsite", that would be the best of both worlds. Keep up the great work Ryan and the rest of the Southborough Library staff. I feel fortunate to have such an amazing library administration that really listens to his customers and offers so many programs

Sadly the Sboro Library has gone downhill in the last 5-10 yrs. The "new" furniture is hideous. It does not go with the vibe of the building. Things have been randomly put in around the desk that just clutter the area. It has lost its warm, cozy + inviting space. The outside needs more than a chess set. The new sign is poorly designed. Take care of the brick + beautiful building before putting in crap.

Southborough is most fortunate to have such a fine library facility. Expansion need not compromise its historical character. An addition could go UP without destroying the character of the building. Its central location is ideal for the town.

- Q1** **Dissatisfied.**
How satisfied are you with the Southborough Library building currently?
-
- Q2** **No.**
Does the library parking lot need more parking spaces?
-
- Q3** **The Southborough does not have adequate space and needs to be expanded.**
Based on your assessment of the Southborough Library building, please select the statement(s) that best describes your view:
-
- Q4** **I would need more information before answering this question.**
If the current site of the library building cannot be renovated and/or expanded to meet emerging user needs, would you be in favor of relocating the library to another site in town? Please select the option that best describes your opinion.
-
- Q5** **A front lobby / welcome area.,
More space for books.,
More space for library programs.,
More space for studying.,
More space for library staff, including break room, work area, storage, etc.**
If you agree that the library needs additional space, what would you like to see more of at the library if the library is expanded? Please check all that you agree with.
-

Q6

Yes

The Southborough Library circulates nontraditional items in the 'More Than Books' collection, including library telescopes, gardening kits, ukuleles, and more. Do you support the library continuing to expand the 'More Than Books' collection?

Q7

I would be in support of adding the following to the Southborough Library:

Local History Room.,

Study spaces.,

Larger Children's Room, including a space for juvenile programs.

,

Larger Teen Room, including a space for young adult programs.

,

Separate Idea Lab space.,

A full kitchen for use in cooking programs.,

A cafe, with coffee and snacks.,

Additional electric outlets to plug in devices.,

EV charging stations in the parking lot.,

I would support all of these options.

Q8

No.

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

The library is very outdated compared to many libraries in the surrounding areas, especially compared to Framingham and shrewsbury. We need space for more programs, more books, more lighting, something that suits the Caliber of the town.

The library is a great place, but often I need a quiet place (like a library) to study and I choose to drive to The Morse Institute in Natick because of the study spaces and overall larger area / tables. Library's aren't exactly quiet places anymore, but with more space, noise wouldn't be an issue for those choosing to study there. Half the time I don't even want a study room, just an area where it's somewhat quiet with comfortable chairs and more space on a big table.

Also, unrelated, but the chairs aren't that comfortable for long term studying.

Page 1: The Southborough Library is of vital importance to our local community.

Q1 **Extremely Satisfied.**

How satisfied are you with the Southborough Library building currently?

Q2 **No.**

Does the library parking lot need more parking spaces?

Q3 **The Southborough Library has enough space.**

Based on your assessment of the Southborough Library building, please select the statement(s) that best describes your view:

Q4 **I would not be in favor of ever moving the library. I like the library where it is.**

If the current site of the library building cannot be renovated and/or expanded to meet emerging user needs, would you be in favor of relocating the library to another site in town? Please select the option that best describes your opinion.

Q5 **More space for books.**

If you agree that the library needs additional space, what would you like to see more of at the library if the library is expanded? Please check all that you agree with.

Q6 **No**

The Southborough Library circulates nontraditional items in the 'More Than Books' collection, including library telescopes, gardening kits, ukuleles, and more. Do you support the library continuing to expand the 'More Than Books' collection?

Q7

I would be in support of adding the following to the Southborough Library:

Larger Children's Room, including a space for juvenile programs.

,

Larger Teen Room, including a space for young adult programs.

Q8

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

No.

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

Please do not split the library in to multiple locations. If my family can't go together then we would likely not go.

Yes.

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

The library is kind of depressing. The Northborough library is bustling and there are lots of people. Ours is so...dead. I wish we had more life! Also, we need more community rooms where the community can have meetings. Northborough has a nice large one and we don't.

Please use this space to provide any additional feedback about the Southborough Library building:

The library is fantastic! And so cool to be in such an old building! We actually skip our library as it is in a boring modern building and intentionally drive to Southborough. One thing that could improve in the building, though, are the tables and chairs. Perhaps more comfortable seating like the couches in the middle.

Every effort should be made to enlarge the current building. It is an historic and iconic building in town, and with its current location characterizes historic nature of the the town. I am not aware of the Town owning any land where a new centrally located building could be placed. I am sure that with modern construction techniques the current building could be enlarged to meet the needs. The idea of having an "annex" to the library is absurd. The town certainly is not large enough to support the need for a branch library and except for Framingham, no other town around us has a branch library even though their populations may be much larger than ours. I suspect this idea came from a consultant who has no idea of how patrons use the library, but only looked at where space could be found in other buildings.

Would love to see more activities / toys in the children's room space. It would be great to have a couple meeting rooms. We definitely need more study space. Accessibility is important.

Also, I would like to see an expansion of the audiobook titles available on Libby. The waits are VERY long for many books. Thank you.

Question 5 is a joke and so skewed its ridiculous. A lot of options are missing from consideration. We've been frequenting all other libraries for years bc ours never changes anything up for children - same old programs, same routines, same times etc. So many towns next to us offer truly robust and incredible programming and education and soave and engagement formkids and families and are always bustling. Our library is within walking distance to 3 schools and is always dead. So much untapped potential...

Q8

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

Yes.

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

I would be supportive of the library moving locations or a split use with the current site being programs and book/extras moving or vice versa. More meeting space is a huge plus.

Please use this space to provide any additional feedback about the Southborough Library building:

As a lifelong lover of libraries, I would love to have our library be one that i frequent— but I find myself most often visiting libraries in surrounding towns (such as Sudbury and Hopkinton) because the spaces and programming— especially for children and teens— are so far superior. We need a large space for children to sit and read with caregivers, participate in interactive story times with adequate room for crafts, play spaces with large, low tables where kids can build and play. The library can and should be the heart of a community, and I'm happy to know that the town of Southborough is willing to consider how to upgrade ours.

The Southborough Library is a key, vital, essential, central town resource that serves a unique function. It is the best of Southborough! Library programs and resources are FREE FOR ALL and for EVERYONE, unlike schools and senior center which serve select populations. (Resources like Chestnut Farm are great but have you seen the cost to participate in its offerings? The Library should be funded and supported at a level that allows it to continue to grow with the community - both the physical space and the resources it provides.

Your survey listed that it was about "services" so note that this comment is not about spaces . The fact that you don't have more than a handful of books in Spanish in your children's collection is real problem. You need to order more or ask for donations. When I asked today after anything that was related to Hispanic heritage month I was directed to a half of a shelf with a few titles in Spanish, no books focusing on heritage. Learning about Hispanic heritage month is not just for Hispanic families.... The librarians were kind enough to order me something via ILL but I hope the library can consider how to make itself inclusive to a diverse community in more ways than just physical spaces .

I feel, we can estimate a town by its buildings supporting the local community like public library, Rec center etc. Southborough is a beautiful town however its library is not at par at the moment. With the taxes residents pay, we can definitely have an advanced library. It could be a place for both adults and kids to do constructive thinking and study. I am a big big fan of public libraries and would love to see my town library be advanced to current times and very well catering to broader demographic and age groups.

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

The library's primary function is to provide books to the community. That function should ALWAYS stay in the current library building, which is an historic asset and essential part of Southborough.

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

Library should focus on being a very good library not all things to all people and programs. Focus on books. We should never abandon the historic building in the downtown to do "more" unrelated activities. We have a rec department for other needs. Stick to the traditional uses in the same location.

Q7

I would be in support of adding the following to the Southborough Library:

A cafe, with coffee and snacks.,

I would support all of these options.

Q8

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

No.

Q9

Please use this space to provide any additional feedback about the Southborough Library building:

The Southboro library location is an integral part of the Town, and should not be moved. The whole flavor of the town would be lost without it being in it's long time location. Some things shouldn't be moved, it's an integral part of tradition. The Marlborough and Natick libraries both added on to their original historic locations- so should Southborough!!!!

This building could use a more central/formal entry area from the parking lot. The Idea Lab separated from Teen Room would be nice, with more space for the teens. A separate room for Children's Programs would also be great. Better temperature control in the building would also be beneficial.

Q6

Yes

The Southborough Library circulates nontraditional items in the 'More Than Books' collection, including library telescopes, gardening kits, ukuleles, and more. Do you support the library continuing to expand the 'More Than Books' collection?

Q7

I would be in support of adding the following to the Southborough Library:

Local History Room.,

Study spaces.,

Larger Children's Room, including a space for juvenile programs.

,

Larger Teen Room, including a space for young adult programs.

,

Separate Idea Lab space.,

A full kitchen for use in cooking programs.,

A cafe, with coffee and snacks.,

Additional electric outlets to plug in devices.,

EV charging stations in the parking lot.,

I would support all of these options.

Q8

No.

Would you support moving some library functions of the library to another location if the library couldn't be expanded on its current site?

Please use this space to provide any additional feedback about the Southborough Library building:

We mainly use the children's library and frequent the children's programs. The library would definitely benefit from having more space for the weekly children's programs. I would also love to see more space for play for the children. Currently, the children end up playing on the floor while others navigate around them trying to find books.
