1,000 Books Before Kindergarten

Did you know that the average picture book takes only five minutes to read? You might think that 1000 books sounds like a lot, but by reading just a couple of books a day with your child, you'll be finished in no time! You can even count books more than once, for those favorites your child wants to hear over and over. Every book read to or by your child counts!

How it works:

Keep track of how many books you are reading. You can either use Beanstack online (the same program we use for Summer Reading) or a paper log. Paper logs can be picked up in the Library or downloaded from our website. Visit us every time you've read 100 books for a small prize!
