Our annual Summer Reading Programs begin June 22 and end on August 14. We are so excited about this year's theme honoring and celebrating local heroes and superheroes! This newsletter is packed full of awesome programs for all ages; we hope that you can join us at many of these events this summer. We invite everyone, regardless of your age or superpower, to join one of our Summer Reading Programs this year. We've got many fabulous prizes you can win at the end of the summer as well as tons of weekly drawing prizes!

FOOD FOR FINES AND SUMMER READING TICKETS

During the month of July 2015 the Sutton Public Library and the Sutton Food Pantry invite you to pay off your library fines with food. For each non-perishable item that you bring in to the Library \$1.00 in fines will be taken off of your library card and you will receive a ticket for the summer reading raffle prizes! Fines must be Sutton Public Library fines, not fines from other libraries. Food for Fines cannot be used to pay for missing, lost or damaged items. All items will be donated to the Sutton Food Pantry.

Cemetery Presentation with the Gravestone Girls

July 23 at 6:30 pm

The Gravestone Girls will present a virtual tour, called "Welcome to The Graveyard", taking us from colonial burial grounds, through the rural cemetery movement of the 19th century and into 21st century locations. They examine why we have cemeteries and gravestones, why they look like they do and how styles and art have evolved over almost 400 years. The Girls will talk about the many cemeteries in Sutton. Q&A is welcome at the end of the show!

Early Childhood Education Seminar on the Benefits of Music and Movement

Tuesday, June 16 from 6 - 7:30 pm

Led by Jan Barlow, Apple Tree Arts' Education Director, parents and caregivers of young children will learn and participate in developmentally appropriate music activities that help children develop an array of skills including spatial awareness, body part identification, crossing the mid line, listening, and learning how to follow directions. These activities also support the development of language, pre-reading skills, pre-math skills, cultural literacy and expression. Attendees will receive songs and exercise activities that help children develop these skills. Best of all, children will experience joy while singing songs and moving their bodies when parents and caregivers learn how to incorporate music and movement into the children's daily activities. This seminar is free to the public and is ideal for parents and caregivers of children birth through age 5. Please register in advance; registration is currently open.

Summer Reading Program Kick-off Concert: A Song and Story Celebration with Davis Bates & Roger Tincknell

Tuesday, June 30 at 6 PM All ages

Outside on the Common; no registration required.

Join Parents' Choice Award winning performers Davis Bates and Roger Tincknell in a participatory program of songs and stories for all ages. This lively concert celebrates reading while exploring the diversity and wonder of the imagination and the natural world. Hear how the bear missed the train, how the coyote got his howl, and be prepared to sing, move, and dance.

This show is supported in part by a grant from the Sutton Cultural Council, a local agency which is supported by the Massachusetts Cultural Council, a state agency. It is also partially funded by a donation from UniBank.

Creating a Character Theater Workshop with the Hampstead Stage Company

Thursday, July 9 at 4 PM Ages 6-17

Outside on the Common; space is limited and advance registration is required.

Discover how to portray a wide range of characters from villains to heroes, young to old, tall to short, and more! By focusing on character physicality and gestures, students will make honest and bold choices to sculpt unique and effective characters.

Funded by a donation from UniBank.

Hercules and the Heroes: Greek Mythology for Kids Performance by the Hampstead Stage Company

Thursday, July 9 at 6 PM All ages

Outside on the Common; no registration required.

Let Epictitus, the mask-maker, and Ovid, the poet, take you on a journey of the imagination, as you explore the ancient Greek heroes! Follow Greece's greatest hero, Hercules, on his many adventures, as he battles mythological creatures and warriors. Through mask work, poetry, and swordplay, audience members will discover the early stories of Greece. This play is designed to bring people closer to early civilizations by appreciating the similarities that we all share.

Funded by a donation from UniBank.

2:30 - 3 PM: Ages 3-5

3:30 - 5 PM: Ages 8-10

Presented by Green Bean Workshops, each fun-filled workshop will explore heroes through the magic of theater...designed to ignite the imagination, encourage creative expression and discover the hero within! The workshops will be held outside in the Gazebo on the Common if the weather is nice; otherwise they will take place in the library.

Funded by a donation from UniBank.

Super Heroes Sciencetellers Show

Tuesday, July 28 at 6 PM

Best suited for ages 5 and up but younger siblings are welcome

Outside on the Common; no registration required.

This summer, come along with us on an epic, laughter-filled journey that proves 'super' heroes really DO exist! Throughout the tale, volunteers from the audience help conduct exciting experiments that make the characters' super powers and heroic deeds come to life! See how science can make the ordinary... extraordinary!

Funded by an Early Childhood Reading Grant from Target.

Robots on the Run Workshop with the Rhode Island Computer Museum

Wednesday, August 5 from 2 - 4 PM

Ages 10-18

Come build a robot with the Rhode Island Computer Museum! This workshop aims to explain basic circuits and instructions on how to build a simple robot. You will learn programmable electronics, and instructions for making lights blink, motors run, sounds and a lot more. We'll take time to learn about interactive software titled "Arduino" and you can create your own sample "Robot." If you are a gadget geek, science nerd, budding engineer or other electronics-obsessed loved one, come build a robot with us. Bring your broken electronics and we'll take them apart with you to learn about circuits.
