Sign up online or in the Library starting June 17 and earn a ticket for every hour you read! Our Summer Reading Programs are for all ages; we encourage you to make participation an activity for the whole family. EVERYONE (no matter how old, how fast you read, what you like to read, whether you live in Sutton or not) is welcome to participate in our Summer Reading Programs. For every 60 minutes you read and log into the system you receive 1 ticket for our raffle prizes. To receive your tickets just come into the Library! Every visit to the Library is an opportunity to earn bonus tickets. Summer Reading is always full of surprises—there are weekly prizes you could win just by signing up; there's always an opportunity at the front desk for an extra ticket or two— you never know what will happen! This newsletter is packed full of out-of-this-world programs for all ages; we hope that you can join us at many of these events this summer.

Writing Seminar Series with Lisa Shea

Tuesdays, May 28, June 4, 11, and 25 at 6 pm
Author Lisa Shea has published over 350 fiction and non-
fiction works on Amazon ranging from history, romance,
mystery, sci-fi, fantasy, dystopian, to cookbooks and more.
She runs two writing groups and has years of experience
helping those interested in writing along every stage from
starting through getting it live in paperback and ebook
form.
You can attend just one seminar or several, whatever best
suits your interests and needs. All attendees receive free
copies of Lisa's books on these topics.
The first two sessions are on writing and publishing and are
geared toward writers. These workshops guide participants
through every step of the process. From overcoming writ-
er's block to creating that first-page hook to laying out the
book, Lisa explains each step. She will also explain the
differences between various types of publishing and how
to move forward to the book on the market.
The third and fourth seminars are on marketing and social
networking. On these evenings assistance will be offered
on projects of all types. Even if you're just starting out, now
is the time to begin the work in these areas. You want your
social networking going strong when you're ready to
launch your project. If you've already got a project out
there, you probably know how critical free marketing can
be!
*These seminars are sponsored by a grant from the Sutton
Cultural Council, a local agency which
is supported by the Massachusetts
Cultural Council, a state agency.*
