Old Business:
● Millage - Informational: former millage committee members were present at the meeting to share information about past millages that have passed in the community.
  ○ Mrs. Shirley Bruursema shared guidelines about running a millage campaign. Preferred date for millage is August. If the millage were to fail in August, it would then be put out again in November. TDL will need to decide if this is a renewal millage or a new millage? What else is involved in the millage? Renewals are easier to plan. May 2022 might be the only option for this to be on a ballot if the state votes to change election laws currently in place.
  ○ Core members consist of those interested from the library, Friends’ group, etc. The Vote Yes Committee usually consists of 6-8 people on the committee. Subcommittees are formed from that group. Nothing can be printed or stored at the library pertaining to the millage.
  ○ The Information committee can share information at the library.
  ○ What kind of campaign we want to do should be decided soon. A timeline should be set and committees established.
  ○ The Friends and local businesses who support the library would be a good place to start with fundraising.
Previous millage committee members shared information about good places to begin the campaign.

Approval of the consent July 2021 Agenda - Jane Poczatek moved to approve the agenda as amended. Debbie Gilbey seconded the motion. Take programming off the agenda as there was not a programming report. Motion was approved as amended and it passed.

Friends Report: (see attached): $928 was made at the large book clearance sale. August 7, 2021, will be the next book sale. $10,251.19 is the Friends' balance.

Director's Report: (see attached): Susan shared more details regarding her report. Annual audit will be the last week in July. Pop up libraries will continue at the Farmer's Market each month. Ancestry Library has been offering remote access for libraries. Summer reading has been going well with 116 children enrolled. Tween and teen programs are not as high, but going well. Programming schedule for the fall is very full including an evening book club. Pierce Houston, the new Teen Librarian, will be attending the MS and HS open houses to promote the library. History room is getting a make-over. Adrian Mechanical will be putting in the new unit that will supply heating and cooling to the history room to maintain an even temperature for the items in the room. This project should be completed in mid/late August. This is an item from the Strategic Plan that will be completed.
