

Ventress Memorial Library Programming & Performer Policy

The mission of the Ventress Memorial Library is to act as a community hub that inspires and empowers all to access knowledge, culture and social connections.

The staff of the Ventress Memorial Library offers programs intended to further the Library's mission. The library functions as an information, recreational, and cultural resource for the community. Programs are a means through which the public can share experiences, explore ideas, appreciate special interests, exchange information, connect with each other and with the VML.

Library sponsorship of a program does not constitute an endorsement of the content of the program or the views expressed by participants, and program topics, speakers and resources are not excluded from programs because of possible controversy. Library programming will reflect a wide range of diverse perspectives and opinions. In developing and delivering programs, the library staff utilizes staff expertise, collections, equipment, and facilities.

The following criteria are used in making decisions about program topics, speakers, and accompanying resources.

- Community needs and interests
- Budget and cost of program
- Space required for program
- Presenter background/qualifications in content area
- Relevance/appropriateness of program to library's mission
- Staff time

The Library is interested in opinions and suggestions for Library programs. These suggestions or opinions should be communicated to Library staff or the Library Director. The Library's philosophy of open access to information and ideas extends to Library programming, and the Library does not discriminate through its programming. Library staff who present programs do so as a part of their job. In addition, the Library draws upon community resources in developing programs and attempts to partner with other community organizations, educational and cultural institutions or individuals to present and/or co-sponsor programs.

cards for participants to pick up after the program for anyone interested in purchasing items or services from the presenter.

Reconsideration of Library Programs

The choice to attend library programs by users is an individual matter. While a person may reject a program for himself/herself, he/she cannot exercise censorship to restrict access by others.

Recognizing that a diversity of events may result in some requests for reconsideration, the following procedures have been developed to assure that objections or complaints are handled in an attentive and consistent manner.

Any resident of the Town of Marshfield that has a concern regarding the selection of a program is welcome to discuss the interpretation of these principles with the Library Director. A formal review of any event is initiated only upon the submittal of a request for reconsideration form at least two weeks prior to the program. Upon submittal of this form, professional program coordinators on the staff will read, review, and comparatively assess the event being reconsidered. A formal written response and assessment will be forthcoming from the Library Director.

In addition to the Request for Reconsideration form, the following documents will be provided should there be a challenge.
